

AMENDED IN SENATE FEBRUARY 15, 2001

CALIFORNIA LEGISLATURE—2001–02 FIRST EXTRAORDINARY SESSION

SENATE BILL

No. 23

Introduced by Senator Soto

(Coauthors: Assembly Members Strom-Martin and Washington)

January 30, 2001

An act to amend Section 1245.250 of the Code of Civil Procedure, to amend Section 56036 of, to repeal Sections 56129, 56130, 56131, and 56875 of, the Government Code, to amend Sections 11531, 11652, and 15701 of, and to repeal Sections 11643.1 and 15762.1 of the Public Utilities Code, relating to public power districts.

LEGISLATIVE COUNSEL'S DIGEST

SB 23, as amended, Soto. Public power districts.

(1) Existing law, relating to the acquisition of property by the exercise of eminent domain by a public entity, provides that, if the taking is by a local public entity and the property is electric, gas, or water public utility property, the resolution of necessity of the governing body of the local public agency creates a rebuttable presumption that the required conditions for the exercise of eminent domain are true, and that the presumption is a presumption affecting the burden of proof.

This bill would delete *the application of that presumption as to the taking of electric or gas public utility property*.

(2) Existing law establishes the procedures and requirements for the organization and reorganization of special districts, generally, in the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000. Existing law also requires that, if a service area that is furnished

gas or electric service by a public utility becomes part of, or is formed into, a district authorized to furnish gas or electric service, the district may not furnish that service without approval of the local agency formation commission and the voters of an election. Existing law specifically provides for the formation of municipal utility districts and public utility districts.

This bill would specifically remove municipal utility districts and public utility districts from the application of the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000 and delete the local agency formation commission and voter approval requirements discussed above. The bill would provide that laws governing municipal utility districts and public utility districts, respectively, are the sole and exclusive authority and procedure for the initiation, conduct, and completion of the organization of changes to, and reorganization of municipal utility districts and public utility districts. The bill would make various conforming changes.

Vote: majority. Appropriation: no. Fiscal committee: no. State-mandated local program: no.

18 ~~sanitary district exercising the powers of a county water district~~
