ASSEMBLY BILL

No. 425

Introduced by Assembly Member Campbell
(Principal coauthor: Senator Johnson)

February 14, 2003

An act to amend Section 2 of Chapter 317 of the Statutes of 1997, to add Sections 4.5 and 5.5 to Chapter 74 of the Statutes of 1978, and to add Sections 2 and 3 to Chapter 526 of the Statutes of 1919, relating to public trust lands.

LEGISLATIVE COUNSEL'S DIGEST

AB 425, as amended, Campbell. City of Newport Beach: public trust lands.

Existing law grants in trust to the City of Newport Beach all tide and submerged lands, whether filled or unfilled, bordering upon and under the Pacific Ocean or Newport Bay, as described, subject to specified conditions. Existing law specifies that, for purposes of provisions

related to the City of Newport Beach establishment of a Tideland Capital Fund, acquisition or improvement of real property by the city for purposes of enhancing the public trust lands administered by the Department of Fish and Game shall be deemed to be authorized by, and be in furtherance of, the trust created pursuant to existing law.

This bill would instead provide that, for purposes of those provisions acquisition or improvement of real property by the City of Newport Beach for purposes of enhancing the Upper Newport Bay Ecological Reserve shall be deemed to be authorized by, and in furtherance of, the trust created by those specified provisions.

The bill would authorize, upon formal concurrence of the State Lands Commission, that specified tide and submerged lands acquired by the City of Newport Beach and dedicated in trust to the city, be transferred and conveyed by the city to the County of Orange to be held in trust by the county pursuant to the terms of a specified statute. The bill would further permit the County of Orange, upon formal concurrence of the State Lands Commission, to transfer and convey to the City of Newport Beach specified tide and submerged lands to be held in trust by the city pursuant to the terms of a specified statute.

Vote: majority. Appropriation: no. Fiscal committee: no. State-mandated local program: no.

The people of the State of California do enact as follows:

1 SECTION 1. The Legislature finds and declares all of the
2 following:

3 (a) Subdivision (h) of Section 1 of Chapter 415 of the Statutes
4 of 1975 directed the County of Orange and the State Lands
5 Commission to provide certain described lands in Upper Newport
6 Bay to the Department of Fish and Game for the establishment,
7 improvement and conduct of an ecological reserve, or wildlife
8 refuge, or both, and other compatible uses.

9 (b) Subdivision (h) of Section 1 of Chapter 74 of the Statutes
10 of 1978 authorized the City of Newport Beach to transfer portions
11 of the lands conveyed to it by that act to the State Lands
12 Commission for lease to the Department of Fish and Game for an
13 ecological reserve or wildlife refuge, or both, and other compatible
14 uses to be undertaken by the department. Subdivision (c) of
15 Section 2 of Chapter 74 of the Statutes of 1978 further authorized
16 the City of Newport Beach to acquire real property for purposes

1 of enhancing lands administered by the Department of Fish and
2 Game pursuant to Chapter 415 of the Statutes of 1975.

3 (c) The Upper Newport Bay Ecological Reserve has been
4 established as an ecological reserve under the provisions of Article
5 4 (commencing with Section 1580) of Chapter 5 of Division 2 of
6 the Fish and Game Code.

7 (d) Chapter 715 of the Statutes of 1984 authorizes the County
8 of Orange and the City of Newport Beach to expend revenues from
9 leases of certain described tide and submerged lands surrounding
10 Harbor Island in Lower Newport Bay for purposes of enhancing
11 the Upper Newport Bay Ecological Reserve.

12 (e) Section 2 of Chapter 317 of the Statutes of 1997 directed the
13 City of Newport Beach to establish funds, including a Tideland
14 Capital Fund and an Upper Newport Bay Restoration Fund, and
15 authorizes the city to use the money in those funds on certain
16 described lands administered by the Department of Fish and Game
17 and other lands made subject to the public trust pursuant to that act
18 and located in Upper Newport Bay.

19 (f) In addition to the lands granted by the Legislature to the
20 County of Orange pursuant to Chapter 415 of the Statutes of 1975,
21 the county has acquired additional lands adjacent to the Upper
22 Newport Bay Ecological Reserve and desires to make these lands
23 assets of the public trust and the legislative trust created by Chapter
24 526 of the Statutes of 1919, as amended by Chapter 415 of the
25 Statutes of 1975. The State Lands Commission has approved the
26 inclusion of these lands to be held as assets of those trusts and
27 desires legislative adoption of the lands as trust assets.

28 (g) The lands described in Section 2 of Chapter 415 of the
29 Statutes of 1975 included lands, which were the subject of, and
30 affected by, the “Upper Newport Bay Settlement Agreement for
31 Transfer of Certain Real Property to the County of Orange and the
32 City of Newport Beach, Jointly, and the State of California by the
33 Irvine Company and for Settlement of Pending Litigation”
34 (hereafter “agreement”), which was recorded on April 14, 1975,
35 in Book 11376, Page 1514 of the Official Records of Orange
36 County. Pursuant to that agreement, by the Grant Deed recorded
37 on April 22, 1975, in Book 11382, Page 1876 of the Official
38 Records of Orange County, the Irvine Company granted to the
39 state, and the state acquired, by purchase from the Irvine Company
40 certain described lands in and adjacent to Upper Newport Bay. The

1 lands so acquired from the Irvine Company are included in the
2 Upper Newport Bay Ecological Reserve. Some of those lands are
3 subject to the public trust and others are not. The boundaries
4 separating trust lands from non-trust lands in some of the Upper
5 Newport Bay Ecological Reserve area have not been fixed.
6 However, all of the lands, including those lands that are not subject
7 to the public trust, are integral to the operation of the Upper
8 Newport Bay Ecological Reserve and provide ecological benefits
9 in the form of habitat that supports adjacent tide and submerged
10 lands.

11 (h) It is the Legislature's intent to authorize the trustees, the
12 County of Orange, and the City of Newport Beach to expend
13 revenues generated from public trust lands that the county and city
14 hold pursuant to Chapter 415 of the Statutes of 1975, Chapter 74
15 of the Statutes of 1978, and Chapter 317 of the Statutes of 1997,
16 on those lands described in subdivisions (c), (e), and (g) above.

21 made subject to the public trust pursuant to this act and located in
22 Upper Newport Bay, to do both of the following:

23 (1) Construct improvements to, or otherwise physically alter,
24 those lands if the construction or alteration directly benefits those
25 lands.

27 scientific analyses, or experiments directly related to the
28 improvement or enhancement of the habitat values of those lands
29 and the water quality of the overlying waters.

31 pursuant to subdivision (g) of Section 1 of this act shall be
32 deposited in the Tideland Capital Fund described in subdivision
