AMENDED IN SENATE JULY 16, 2003

CALIFORNIA LEGISLATURE—2003–04 REGULAR SESSION

ASSEMBLY BILL

No. 1647

Introduced by Assembly Member Wiggins

February 21, 2003

~~An act to add Section 17357.5 to the Education Code, relating to public schools.~~ *An act to add Section 1229 to the Water Code, relating to water.*

LEGISLATIVE COUNSEL'S DIGEST

AB 1647, as amended, Wiggins. ~~School building construction; prefabricated materials~~ *Appropriations of water: livestock stockponds.*

The Water Rights Permitting Reform Act of 1988 authorizes any person to obtain a right to appropriate water for a small domestic or livestock stockpond use, as defined, upon registering the use with the State Water Resources Control Board, as prescribed, payment of a registration fee, and application of the water to reasonable and beneficial use with due diligence. The act authorizes any registrant to change the point of diversion or place of use by delivering to the board an amended registration form, including payment of the registration fee, but prohibits a change in the purpose of the use.

This bill would provide that, for the purposes of the act, the use of a livestock stockpond for irrigation purposes does not constitute a change in the purpose of the use of the water involved.

~~Existing law establishes various school construction health and safety requirements, including, but not limited to, certain requirements~~

that the Department of General Services approve construction plans for compliance with prescribed seismic safety and fitness for use requirements.

Existing law authorizes the department to adopt regulations for safety and design of factory-built buildings for use as school buildings, and to approve or reject plans and specifications submitted by manufacturers of factory-built buildings.

This bill would require the Department of General Services to develop an inventory of prefabricated buildings and modular units in use immediately preceding January 1, 2004, by school districts in San Bernardino and Riverside Counties and a list of all new prefabricated and modular buildings and units authorized commencing January 1, 2004, through January 1, 2005, and to report to specified committees of the Legislature by July 1, 2005.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: no.
