An act to amend Section 2891.1 of the Public Utilities Code, relating to telecommunications.

LEGISLATIVE COUNSEL'S DIGEST

AB 1733, as amended, Reyes. Telecommunications: selling or licensing lists of subscribers.

Under existing law, the Federal Communications Commission licenses and partially regulates providers of commercial mobile radio service, including providers of cellular radiotelephone service, broadband Personal Communications Services (PCS), and digital Specialized Mobile Radio (SMR) services (collectively, mobile telephony service providers). Under existing law, no state or local government may regulate the entry of, or the rates charged by, any commercial mobile radio service, but is generally not prohibited from

regulating the other terms and conditions of commercial mobile radio service.

Under existing law, the Public Utilities Commission has regulatory authority over public utilities, including telephone corporations. Existing law authorizes the commission to regulate telecommunications services and rates of telephone corporations, except to the extent regulation of commercial mobile radio service is preempted by federal regulation. Existing law prohibits a telephone corporation selling or licensing lists of residential subscribers, from including the telephone number of any subscriber assigned an unpublished or unlisted access number, as defined, without his or her written waiver of this protection.

This bill would *permit a subscriber to waive the above described prohibition upon including the telephone number of a subscriber assigned an unpublished or unlisted access number. The bill would prohibit a provider of mobile telephony services, as defined, ~~selling or licensing lists of subscribers or otherwise~~ providing the name and dialing number of a subscriber for inclusion in a directory, from including the dialing number of any subscriber without first obtaining the express consent of that subscriber. The bill would establish certain requirements for the provider’s form for obtaining the ~~subscriber’s~~ subscriber’s express consent. A subscriber would be permitted to revoke his or her consent to inclusion in a directory and would require that the mobile telephony services provider comply with the subscriber’s request to opt out within 30 days. The bill would prohibit a provider of mobile telephony services or an affiliate or agent, from publishing any directory database, or any portion or segment of a directory database. The bill would prohibit a provider of mobile telephony services or an affiliate or agent, from selling any directory database, or any portion or segment of a directory database, to a third party.*

Vote: majority. Appropriation: no. Fiscal committee: no. State-mandated local program: no.
