An act relating to electric power.

LEGISLATIVE COUNSEL'S DIGEST

SB 72, as introduced, Dunn. Independent System Operator.

Existing law requires the establishment and operation of an Independent System Operator to ensure efficient use and reliable operation of the state's electricity transmission grid consistent with certain criteria.

This bill would state the intent of the Legislature in subsequent amendments to remove control of this state's electricity transmission system from the Independent System Operator.

Vote: majority. Appropriation: no. Fiscal committee: no. State-mandated local program: no.

*The people of the State of California do enact as follows:*

- 1 SECTION 1. It is the intent of the Legislature in subsequent
- 2 amendments to remove control of this state's electricity
- 3 transmission system from the Independent System Operator.
