

## **Assembly Bill No. 2867**

### **CHAPTER 363**

An act to amend Section 65091 of the Government Code, relating to land use.

[Approved by Governor September 20, 2006. Filed with  
Secretary of State September 20, 2006.]

#### **LEGISLATIVE COUNSEL'S DIGEST**

AB 2867, Torrico. Land use: public hearings: notice.

(1) The Planning and Zoning Law and the Subdivision Map Act require local governments to hold public hearings regarding various land use actions contemplated by those governments. If public notice of the hearing is required, that notice is required to be given in specified ways, among which is the delivery or mailing, within 10 days before the hearing, of the notice to the owner of the subject real property or the owner's duly authorized agent.

This bill would require that the notice be mailed to the owner of the subject real property as shown on the latest equalized roll, but would authorize the use of records of the county assessor or tax collector if those records contain more recent information than the information contained on the assessment roll. The bill would provide that, for purposes of the Subdivision Map Act notice requirements, notice shall also be given to an owner of a mineral right pertaining to the subject real property who has given notice of intent to preserve a mineral right, as specified. By requiring local governments to give notice to these additional owners, the bill would impose a state-mandated local program.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

*The people of the State of California do enact as follows:*

SECTION 1. Section 65091 of the Government Code is amended to read:

65091. (a) When a provision of this title requires notice of a public hearing to be given pursuant to this section, notice shall be given in all of the following ways:

(1) Notice of the hearing shall be mailed or delivered at least 10 days prior to the hearing to the owner of the subject real property as shown on

the latest equalized assessment roll. Instead of using the assessment roll, the local agency may use records of the county assessor or tax collector if those records contain more recent information than the information contained on the assessment roll. Notice shall also be mailed to the owner's duly authorized agent, if any, and to the project applicant.

(2) When the Subdivision Map Act (Div. 2 (commencing with Section 66410)) requires notice of a public hearing to be given pursuant to this section, notice shall also be given to any owner of a mineral right pertaining to the subject real property who has recorded a notice of intent to preserve the mineral right pursuant to Section 883.230 of the Civil Code.

(3) Notice of the hearing shall be mailed or delivered at least 10 days prior to the hearing to each local agency expected to provide water, sewage, streets, roads, schools, or other essential facilities or services to the project, whose ability to provide those facilities and services may be significantly affected.

(4) Notice of the hearing shall be mailed or delivered at least 10 days prior to the hearing to all owners of real property as shown on the latest equalized assessment roll within 300 feet of the real property that is the subject of the hearing. In lieu of using the assessment roll, the local agency may use records of the county assessor or tax collector which contain more recent information than the assessment roll. If the number of owners to whom notice would be mailed or delivered pursuant to this paragraph or paragraph (1) is greater than 1,000, a local agency, in lieu of mailed or delivered notice, may provide notice by placing a display advertisement of at least one-eighth page in at least one newspaper of general circulation within the local agency in which the proceeding is conducted at least 10 days prior to the hearing.

(5) If the notice is mailed or delivered pursuant to paragraph (3), the notice shall also either be:

(A) Published pursuant to Section 6061 in at least one newspaper of general circulation within the local agency which is conducting the proceeding at least 10 days prior to the hearing.

(B) Posted at least 10 days prior to the hearing in at least three public places within the boundaries of the local agency, including one public place in the area directly affected by the proceeding.

(b) The notice shall include the information specified in Section 65094.

(c) In addition to the notice required by this section, a local agency may give notice of the hearing in any other manner it deems necessary or desirable.

(d) Whenever a hearing is held regarding a permit for a drive-through facility, or modification of an existing drive-through facility permit, the local agency shall incorporate, where necessary, notice procedures to the blind, aged, and disabled communities in order to facilitate their participation in any hearing on, or appeal of the denial of, a drive-through facility permit. The Legislature finds that access restrictions to commercial

establishments affecting the blind, aged, or disabled, is a critical statewide problem; therefore, this subdivision shall be applicable to charter cities.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.
