

Senate Bill No. 1704

Passed the Senate August 29, 2006

Secretary of the Senate

Passed the Assembly August 23, 2006

Chief Clerk of the Assembly

This bill was received by the Governor this _____ day
of _____, 2006, at _____ o'clock ____M.

Private Secretary of the Governor

CHAPTER _____

An act to amend Sections 127660, 127662, 127664, and 127665 of the Health and Safety Code, relating to public health.

LEGISLATIVE COUNSEL'S DIGEST

SB 1704, Kuehl. Health care benefits.

Existing law requests the University of California to assess legislation proposing a mandated health benefit or service, as defined, to be provided by health care service plans and health insurers, and to prepare a written analysis in accordance with specified criteria.

This bill would, instead, request the University of California to establish the California Health Benefit Review Program to assess legislation proposing to mandate a benefit or service, as defined, and legislation proposing to repeal a mandated service or benefit, as defined, that, if enacted, would become effective on or after January 1, 2008, and to prepare a written analysis in accordance with specified criteria.

Existing law further requests the University of California to develop and implement conflict-of-interest provisions that would prohibit a person from participating in any analysis in which he or she knows or has reason to know he or she has a material financial interest.

Existing law requests the University of California to submit a report to the Governor and the Legislature no later than January 1, 2006, regarding the implementation of the aforementioned provisions.

This bill would request the University of California to submit another such report to the Governor and the Legislature by January 1, 2010.

Existing law provides funding for the University of California's implementation of these provisions from fees imposed upon health care service plans and health insurers, which would not exceed a total of \$2,000,000, and are to be deposited in the Health Care Benefits Fund.

This bill would extend to January 1, 2011, the repeal date of those provisions, and would authorize the continued imposition of that fee through the 2009–10 fiscal year.

The people of the State of California do enact as follows:

SECTION 1. Section 127660 of the Health and Safety Code is amended to read:

127660. (a) The Legislature hereby requests the University of California to establish the California Health Benefit Review Program to assess legislation proposing to mandate a benefit or service, as defined in subdivision (c), and legislation proposing to repeal a mandated benefit or service, as defined in subdivision (d), and to prepare a written analysis with relevant data on the following:

(1) Public health impacts, including, but not limited to, all of the following:

(A) The impact on the health of the community, including the reduction of communicable disease and the benefits of prevention such as those provided by childhood immunizations and prenatal care.

(B) The impact on the health of the community, including diseases and conditions where gender and racial disparities in outcomes are established in peer-reviewed scientific and medical literature.

(C) The extent to which the benefit or service reduces premature death and the economic loss associated with disease.

(2) Medical impacts, including, but not limited to, all of the following:

(A) The extent to which the benefit or service is generally recognized by the medical community as being effective in the screening, diagnosis, or treatment of a condition or disease, as demonstrated by a review of scientific and peer reviewed medical literature.

(B) The extent to which the benefit or service is generally available and utilized by treating physicians.

(C) The contribution of the benefit or service to the health status of the population, including the results of any research demonstrating the efficacy of the benefit or service compared to alternatives, including not providing the benefit or service.

(D) The extent to which mandating or repealing the benefits or services would not diminish or eliminate access to currently available health care benefits or services.

(3) Financial impacts, including, but not limited to, all of the following:

(A) The extent to which the coverage or repeal of coverage will increase or decrease the benefit or cost of the benefit or service.

(B) The extent to which the coverage or repeal of coverage will increase the utilization of the benefit or service, or will be a substitute for, or affect the cost of, alternative benefits or services.

(C) The extent to which the coverage or repeal of coverage will increase or decrease the administrative expenses of health care service plans and health insurers and the premium and expenses of subscribers, enrollees, and policyholders.

(D) The impact of this coverage or repeal of coverage on the total cost of health care.

(E) The potential cost or savings to the private sector, including the impact on small employers as defined in paragraph (1) of subdivision (l) of Section 1357, the Public Employees' Retirement System, other retirement systems funded by the state or by a local government, individuals purchasing individual health insurance, and publicly funded state health insurance programs, including the Medi-Cal program and the Healthy Families Program.

(F) The extent to which costs resulting from lack of coverage or repeal of coverage are or would be shifted to other payers, including both public and private entities.

(G) The extent to which mandating or repealing the proposed benefit or service would not diminish or eliminate access to currently available health care benefits or services.

(H) The extent to which the benefit or service is generally utilized by a significant portion of the population.

(I) The extent to which health care coverage for the benefit or service is already generally available.

(J) The level of public demand for health care coverage for the benefit or service, including the level of interest of collective bargaining agents in negotiating privately for inclusion of this coverage in group contracts, and the extent to which the

mandated benefit or service is covered by self-funded employer groups.

(K) In assessing and preparing a written analysis of the financial impact of legislation proposing to mandate a benefit or service and legislation proposing to repeal a mandated benefit or service pursuant to this paragraph, the Legislature requests the University of California to use a certified actuary or other person with relevant knowledge and expertise to determine the financial impact.

(b) The Legislature requests that the University of California provide every analysis to the appropriate policy and fiscal committees of the Legislature not later than 60 days after receiving a request made pursuant to Section 127661. In addition, the Legislature requests that the university post every analysis on the Internet and make every analysis available to the public upon request.

(c) As used in this section, “legislation proposing to mandate a benefit or service” means a proposed statute that requires a health care service plan or a health insurer, or both, to do any of the following:

(1) Permit a person insured or covered under the policy or contract to obtain health care treatment or services from a particular type of health care provider.

(2) Offer or provide coverage for the screening, diagnosis, or treatment of a particular disease or condition.

(3) Offer or provide coverage of a particular type of health care treatment or service, or of medical equipment, medical supplies, or drugs used in connection with a health care treatment or service.

(d) As used in this section, “legislation proposing to repeal a mandated benefit or service” means a proposed statute that, if enacted, would become operative on or after January 1, 2008, and would repeal an existing requirement that a health care service plan or a health insurer, or both, do any of the following:

(1) Permit a person insured or covered under the policy or contract to obtain health care treatment or services from a particular type of health care provider.

(2) Offer or provide coverage for the screening, diagnosis, or treatment of a particular disease or condition.

(3) Offer or provide coverage of a particular type of health care treatment or service, or of medical equipment, medical supplies, or drugs used in connection with a health care treatment or service.

SEC. 2. Section 127662 of the Health and Safety Code is amended to read:

127662. (a) In order to effectively support the University of California and its work in implementing this chapter, there is hereby established in the State Treasury, the Health Care Benefits Fund. The university's work in providing the bill analyses shall be supported from the fund.

(b) For fiscal years 2006–07 to 2009–10, inclusive, each health care service plan, except a specialized health care service plan, and each health insurer, as defined in Section 106 of the Insurance Code, shall be assessed an annual fee in an amount determined through regulation. The amount of the fee shall be determined by the Department of Managed Health Care and the Department of Insurance in consultation with the university and shall be limited to the amount necessary to fund the actual and necessary expenses of the university and its work in implementing this chapter. The total annual assessment on health care service plans and health insurers shall not exceed two million dollars (\$2,000,000).

(c) The Department of Managed Health Care and the Department of Insurance, in coordination with the university, shall assess the health care service plans and health insurers, respectively, for the costs required to fund the university's activities pursuant to subdivision (b).

(1) Health care service plans shall be notified of the assessment on or before June 15 of each year with the annual assessment notice issued pursuant to Section 1356. The assessment pursuant to this section is separate and independent of the assessments in Section 1356.

(2) Health insurers shall be noticed of the assessment in accordance with the notice for the annual assessment or quarterly premium tax revenues.

(3) The assessed fees required pursuant to subdivision (b) shall be paid on an annual basis no later than August 1 of each year. The Department of Managed Health Care and the Department of Insurance shall forward the assessed fees to the Controller for

deposit in the Health Care Benefits Fund immediately following their receipt.

(4) “Health insurance,” as used in this subdivision, does not include Medicare supplement, vision-only, dental-only, or CHAMPUS supplement insurance, or hospital indemnity, accident-only, or specified disease insurance that does not pay benefits on a fixed benefit, cash payment only basis.

SEC. 3. Section 127664 of the Health and Safety Code is amended to read:

127664. The Legislature requests the University of California to submit a report to the Governor and the Legislature by January 1, 2010, regarding the implementation of this chapter.

SEC. 4. Section 127665 of the Health and Safety Code is amended to read:

127665. This chapter shall remain in effect until January 1, 2011, and shall be repealed as of that date, unless a later enacted statute that becomes operative on or before January 1, 2011, deletes or extends that date.

Approved _____, 2006

Governor
