LEGISLATIVE COUNSEL’S DIGEST

AB 1648, Jeffries. Vehicles: firefighter’s operation of firefighting equipment: driver records.

(1) Existing law prohibits a person from operating firefighting equipment unless that person has in his or her possession a valid driver’s license for the appropriate class of vehicle operated.

Existing law requires an applicant for a driver’s license to submit to an examination appropriate to the class of vehicle the applicant desires to drive. Class B vehicles include, among others, a vehicle with a gross vehicle weight rating (GVWR) of more than 26,000 pounds. Successful completion of the examination to drive a class B vehicle qualifies the person to operate all vehicles covered under class C. Class C vehicles include, among others, a vehicle with a GVWR of 26,000 pounds or less.

This bill would revise and recast the provisions regulating the operation of firefighting equipment, as defined, to permit certain persons employed as a firefighter or registered as a volunteer firefighter to operate firefighting equipment only if the person holds a class A, class B, or class C license, with certain exceptions, and a firefighter endorsement issued by the Department of Motor Vehicles, after providing to the department proof of current employment or registration as a volunteer firefighter with a fire department and evidence of fire equipment operation training, as specified, passing the written firefighter examination developed by the department with the cooperation of the Office of the State Fire Marshal, and submitting a report of medical examination on a department-approved form.

(2) Existing law requires an employer of a driver who drives a specified vehicle, including a vehicle for which the driver is required to have a class A or B license, to participate in a pull-notice system, for the purpose of providing the employer with a report that shows, among other things, the driver’s current public record as recorded by the department. Existing law requires a fee to accompany a request to participate in the pull-notice system.

This bill would exempt a fire department, as described, from paying the requisite fee to participate in the pull-notice system.

The bill would make related changes.
(3) This bill would incorporate additional changes in Section 1808.1 of the Vehicle Code proposed by AB 2777 to be operative only if AB 2777 and this bill are both chaptered and become effective on or before January 1, 2011, and this bill is chaptered last.

(4) This bill would incorporate additional changes in Section 12804.9 of the Vehicle Code proposed by SB 1475 to be operative only if SB 1475 and this bill are both chaptered and become effective on or before January 1, 2011, and this bill is chaptered last.

The people of the State of California do enact as follows:

SECTION 1. Section 1808.1 of the Vehicle Code is amended to read:

1808.1. (a) The prospective employer of a driver who drives a vehicle specified in subdivision (k) shall obtain a report showing the driver’s current public record as recorded by the department. For purposes of this subdivision, a report is current if it was issued less than 30 days prior to the date the employer employs the driver. The report shall be reviewed, signed, and dated by the employer and maintained at the employer’s place of business until receipt of the pull-notice system report pursuant to subdivisions (b) and (c). These reports shall be presented upon request to an authorized representative of the Department of the California Highway Patrol during regular business hours.

(b) The employer of a driver who drives a vehicle specified in subdivision (k) shall participate in a pull-notice system, which is a process for the purpose of providing the employer with a report showing the driver’s current public record as recorded by the department, and any subsequent convictions, failures to appear, accidents, driver’s license suspensions, driver’s license revocations, or any other actions taken against the driving privilege or certificate, added to the driver’s record while the employer’s notification request remains valid and uncanceled. As used in this section, participation in the pull-notice system means obtaining a requester code and enrolling all employed drivers who drive a vehicle specified in subdivision (k) under that requester code.

(c) The employer of a driver of a vehicle specified in subdivision (k) shall, additionally, obtain a periodic report from the department at least every 12 months. The employer shall verify that each employee’s driver’s license has not been suspended or revoked, the employee’s traffic violation point count, and whether the employee has been convicted of a violation of Section 23152 or 23153. The report shall be signed and dated by the employer and maintained at the employer’s principal place of business. The report shall be presented upon demand to an authorized representative of the Department of the California Highway Patrol during regular business hours.

(d) Upon the termination of a driver’s employment, the employer shall notify the department to discontinue the driver’s enrollment in the pull-notice system.
(e) For the purposes of the pull-notice system and periodic report process required by subdivisions (b) and (c), an owner, other than an owner-operator as defined in Section 34624, and an employer who drives a vehicle described in subdivision (k) shall be enrolled as if he or she were an employee. A family member and a volunteer driver who drives a vehicle described in subdivision (k) shall also be enrolled as if he or she were an employee.

(f) An employer who, after receiving a driving record pursuant to this section, employs or continues to employ as a driver a person against whom a disqualifying action has been taken regarding his or her driving privilege or required driver’s certificate, is guilty of a public offense, and upon conviction thereof, shall be punished by confinement in a county jail for not more than six months, by a fine of not more than one thousand dollars ($1,000), or by both that confinement and fine.

(g) As part of its inspection of bus maintenance facilities and terminals required at least once every 13 months pursuant to subdivision (c) of Section 34501, the Department of the California Highway Patrol shall determine whether each transit operator, as defined in Section 99210 of the Public Utilities Code, is then in compliance with this section and Section 12804.6, and shall certify each operator found to be in compliance. Funds shall not be allocated pursuant to Chapter 4 (commencing with Section 99200) of Part 11 of Division 10 of the Public Utilities Code to a transit operator that the Department of the California Highway Patrol has not certified pursuant to this section.

(h) (1) A request to participate in the pull-notice system established by this section shall be accompanied by a fee determined by the department to be sufficient to defray the entire actual cost to the department for the notification service. For the receipt of subsequent reports, the employer shall also be charged a fee established by the department pursuant to Section 1811. An employer who qualifies pursuant to Section 1812 shall be exempt from any fee required pursuant to this section. Failure to pay the fee shall result in automatic cancellation of the employer’s participation in the notification services.

(2) A regularly organized fire department, having official recognition of the city, county, city and county, or district in which the department is located shall participate in the pull-notice program and shall not be subject to the fee established pursuant to this subdivision.

(i) The department, as soon as feasible, may establish an automatic procedure to provide the periodic reports to an employer by mail or via an electronic delivery method, as required by subdivision (c), on a regular basis without the need for individual requests.

(j) (1) The employer of a driver who is employed as a casual driver is not required to enter that driver’s name in the pull-notice system, as otherwise required by subdivision (a). However, the employer of a casual driver shall be in possession of a report of the driver’s current public record as recorded by the department, prior to allowing a casual driver to drive a vehicle specified in subdivision (k). A report is current if it was issued less than six months prior to the date the employer employs the driver.
(2) For the purposes of this subdivision, a driver is employed as a casual driver when the employer has employed the driver less than 30 days during the preceding six months. “Casual driver” does not include a driver who operates a vehicle that requires a passenger transportation endorsement.

(k) This section applies to a vehicle for the operation of which the driver is required to have a class A or class B driver’s license, a class C license with a hazardous materials endorsement, a class C license issued pursuant to Section 12814.7, or a certificate issued pursuant to Section 2512, 12517, 12519, 12520, 12523, or 12523.5, or a passenger vehicle having a seating capacity of not more than 10 persons, including the driver, operated for compensation by a charter-party carrier of passengers or passenger stage corporation pursuant to a certificate of public convenience and necessity or a permit issued by the Public Utilities Commission.

(l) This section shall not be construed to change the definition of “employer,” “employee,” or “independent contractor” for any purpose.

(m) A motor carrier who contracts with a person to drive a vehicle described in subdivision (k) that is owned by, or leased to, that motor carrier, shall be subject to subdivisions (a), (b), (c), (d), (f), (j), (k), and (l) and the employer obligations in those subdivisions.

The report shall be reviewed, signed, and dated by the employer and maintained at the employer’s place of business until receipt of the pull-notice system report pursuant to subdivisions (b) and (c). These reports shall be presented upon request to an authorized representative of the Department of the California Highway Patrol during regular business hours.

(b) The employer of a driver who drives a vehicle specified in subdivision (k) shall participate in a pull-notice system, which is a process for the purpose of providing the employer with a report showing the driver’s current public record as recorded by the department, and any subsequent convictions, failures to appear, accidents, driver’s license suspensions, driver’s license revocations, or any other actions taken against the driving privilege or certificate, added to the driver’s record while the employer’s notification request remains valid and uncanceled. As used in this section, participation in the pull-notice system means obtaining a requester code and enrolling all employed drivers who drive a vehicle specified in subdivision (k) under that requester code.

(c) The employer of a driver of a vehicle specified in subdivision (k) shall, additionally, obtain a periodic report from the department at least every 12 months. The employer shall verify that each employee’s driver’s license has not been suspended or revoked, the employee’s traffic violation point count, and whether the employee has been convicted of a violation of Section 23152 or 23153. The report shall be signed and dated by the
employer and maintained at the employer’s principal place of business. The report shall be presented upon demand to an authorized representative of the Department of the California Highway Patrol during regular business hours.

(d) Upon the termination of a driver’s employment, the employer shall notify the department to discontinue the driver’s enrollment in the pull-notice system.

(e) For the purposes of the pull-notice system and periodic report process required by subdivisions (b) and (c), an owner, other than an owner-operator as defined in Section 34624, and an employer who drives a vehicle described in subdivision (k) shall be enrolled as if he or she were an employee. A family member and a volunteer driver who drives a vehicle described in subdivision (k) shall also be enrolled as if he or she were an employee.

(f) An employer who, after receiving a driving record pursuant to this section, employs or continues to employ as a driver a person against whom a disqualifying action has been taken regarding his or her driving privilege or required driver’s certificate, is guilty of a public offense, and upon conviction thereof, shall be punished by confinement in a county jail for not more than six months, by a fine of not more than one thousand dollars ($1,000), or by both that confinement and fine.

(g) As part of its inspection of bus maintenance facilities and terminals required at least once every 13 months pursuant to subdivision (c) of Section 34501, the Department of the California Highway Patrol shall determine whether each transit operator, as defined in Section 99210 of the Public Utilities Code, is then in compliance with this section and Section 12804.6, and shall certify each operator found to be in compliance. Funds shall not be allocated pursuant to Chapter 4 (commencing with Section 99200) of Part 11 of Division 10 of the Public Utilities Code to a transit operator that the Department of the California Highway Patrol has not certified pursuant to this section.

(h) (1) A request to participate in the pull-notice system established by this section shall be accompanied by a fee determined by the department to be sufficient to defray the entire actual cost to the department for the notification service. For the receipt of subsequent reports, the employer shall also be charged a fee established by the department pursuant to Section 1811. An employer who qualifies pursuant to Section 1812 shall be exempt from any fee required pursuant to this section. Failure to pay the fee shall result in automatic cancellation of the employer’s participation in the notification services.

(2) A regularly organized fire department, having official recognition of the city, county, city and county, or district in which the department is located, shall participate in the pull-notice program and shall not be subject to the fee established pursuant to this subdivision.

(i) The department, as soon as feasible, may establish an automatic procedure to provide the periodic reports to an employer by mail or via an electronic delivery method, as required by subdivision (c), on a regular basis without the need for individual requests.
(j) (1) The employer of a driver who is employed as a casual driver is not required to enter that driver’s name in the pull-notice system, as otherwise required by subdivision (a). However, the employer of a casual driver shall be in possession of a report of the driver’s current public record as recorded by the department, prior to allowing a casual driver to drive a vehicle specified in subdivision (k). A report is current if it was issued less than six months prior to the date the employer employs the driver.

(2) For the purposes of this subdivision, a driver is employed as a casual driver when the employer has employed the driver less than 30 days during the preceding six months. “Casual driver” does not include a driver who operates a vehicle that requires a passenger transportation endorsement.

(k) This section applies to a vehicle for the operation of which the driver is required to have a class A or class B driver’s license, a class C license with a hazardous materials endorsement, a class C license issued pursuant to Section 12814.7, or a certificate issued pursuant to Section 12517, 12519, 12520, 12523, 12523.5, or 12527, or a passenger vehicle having a seating capacity of not more than 10 persons, including the driver, operated for compensation by a charter-party carrier of passengers or passenger stage corporation pursuant to a certificate of public convenience and necessity or a permit issued by the Public Utilities Commission.

(l) This section shall not be construed to change the definition of “employer,” “employee,” or “independent contractor” for any purpose.

(m) A motor carrier who contracts with a person to drive a vehicle described in subdivision (k) that is owned by, or leased to, that motor carrier, shall be subject to subdivisions (a), (b), (c), (d), (f), (j), (k), and (l) and the employer obligations in those subdivisions.

SEC. 2. Section 12804.9 of the Vehicle Code is amended to read:

12804.9. (a) (1) The examination shall include all of the following:

(A) A test of the applicant’s knowledge and understanding of the provisions of this code governing the operation of vehicles upon the highways.

(B) A test of the applicant’s ability to read and understand simple English used in highway traffic and directional signs.

(C) A test of the applicant’s understanding of traffic signs and signals, including the bikeway signs, markers, and traffic control devices established by the Department of Transportation.

(D) An actual demonstration of the applicant’s ability to exercise ordinary and reasonable control in operating a motor vehicle by driving it under the supervision of an examining officer. The applicant shall submit to an examination appropriate to the type of motor vehicle or combination of vehicles he or she desires a license to drive, except that the department may waive the driving test part of the examination for any applicant who submits a license issued by another state, territory, or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico if the department verifies through any acknowledged national driver record data source that there are no stops, holds, or other impediments to its issuance. The examining officer may request to see evidence of financial responsibility.
for the vehicle prior to supervising the demonstration of the applicant’s ability to operate the vehicle. The examining officer may refuse to examine an applicant who is unable to provide proof of financial responsibility for the vehicle, unless proof of financial responsibility is not required by this code.

(E) A test of the hearing and eyesight of the applicant, and of other matters that may be necessary to determine the applicant’s mental and physical fitness to operate a motor vehicle upon the highways, and whether any grounds exist for refusal of a license under this code.

(2) The examination for a class A or class B driver’s license under subdivision (b) shall also include a report of a medical examination of the applicant given not more than two years prior to the date of the application by a health care professional. As used in this paragraph, “health care professional” means a person who is licensed, certified, or registered in accordance with applicable state laws and regulations to practice medicine and perform physical examinations in the United States. Health care professionals are doctors of medicine, doctors of osteopathy, physician assistants, and registered advanced practice nurses, or doctors of chiropractic who are clinically competent to perform the medical examination presently required of motor carrier drivers by the federal Department of Transportation. The report shall be on a form approved by the department, the federal Department of Transportation, or the Federal Aviation Administration. In establishing the requirements, consideration may be given to the standards presently required of motor carrier drivers by the Federal Highway Administration.

(3) A physical defect of the applicant that, in the opinion of the department, is compensated for to ensure safe driving ability, shall not prevent the issuance of a license to the applicant.

Otherwise, the license is valid only for operating class C vehicles that are not commercial vehicles, as defined in subdivision (b) of Section 15210, and for operating class M1 or M2 vehicles, if so endorsed, that are not commercial vehicles, as defined in subdivision (b) of Section 15210.

The certificate may be submitted as evidence of the applicant’s skill in the operation of the types of equipment covered by the license for which he or she is applying.

(f) The department may accept a certificate of competence in lieu of a driving test on class M1 or M2 applications, when the certificate is issued by a law enforcement agency for its officers who operate class M1 or M2 vehicles in their duties, if the applicant has met the other examination requirements for the license for which he or she is applying.

(g) The department may accept a certificate of satisfactory completion of a novice motorcyclist training program approved by the commissioner
pursuant to Section 2932 in lieu of a driving test on class M1 or M2 applications, if the applicant has met the other examination requirements for the license for which he or she is applying. The department shall review and approve the written and driving test used by a program to determine whether the program may issue a certificate of completion.

(h) Notwithstanding subdivision (b), a person holding a valid California driver’s license of any class may operate a short-term rental motorized bicycle without taking any special examination for the operation of a motorized bicycle, and without having a class M2 endorsement on that license. As used in this subdivision, “short-term” means 48 hours or less.

(i) A person under the age of 21 years may not be issued a class M1 or M2 license or endorsement unless he or she provides evidence satisfactory to the department of completion of a motorcycle safety training program that is operated pursuant to Article 2 (commencing with Section 2930) of Chapter 5 of Division 2.

accordance with applicable state laws and regulations to practice medicine
and perform physical examinations in the United States. Health care

Persons holding a class M1 license or endorsement may operate vehicles included in class M2 without further examination.

   (c) A driver’s license or driver certificate is not valid for operating a commercial motor vehicle, as defined in subdivision (b) of Section 15210, any other motor vehicle defined in paragraph (1) or (2) of subdivision (b), or any other vehicle requiring a driver to hold any driver certificate or any driver’s license endorsement under Section 15275, unless a medical certificate approved by the department, the federal Department of Transportation, or the Federal Aviation Administration, that has been issued within two years of the date of the operation of that vehicle, is within the licensee’s immediate possession, and a copy of the medical examination report from which the certificate was issued is on file with the department. Otherwise, the license is valid only for operating class C vehicles that are not commercial vehicles, as defined in subdivision (b) of Section 15210, and for operating class M1 or M2 vehicles, if so endorsed, that are not commercial vehicles, as defined in subdivision (b) of Section 15210.

The certificate may be submitted as evidence of the applicant’s skill in the operation of the types of equipment covered by the license for which he or she is applying.

   (f) The department may accept a certificate of competence in lieu of a driving test on class M1 or M2 applications, when the certificate is issued by a law enforcement agency for its officers who operate class M1 or M2 vehicles in their duties, if the applicant has met the other examination requirements for the license for which he or she is applying.

   (g) The department may accept a certificate of satisfactory completion of a novice motorcyclist training program approved by the commissioner pursuant to Section 2932 in lieu of a driving test on class M1 or M2 applications, if the applicant has met the other examination requirements
for the license for which he or she is applying. The department shall review and approve the written and driving test used by a program to determine whether the program may issue a certificate of completion.

(h) Notwithstanding subdivision (b), a person holding a valid California driver’s license of any class may operate a short-term rental motorized bicycle without taking any special examination for the operation of a motorized bicycle, and without having a class M2 endorsement on that license.
