

## Assembly Bill No. 1128

### CHAPTER 298

An act to amend Section 35700.5 of the Vehicle Code, relating to vehicles.

[Approved by Governor September 20, 2011. Filed with  
Secretary of State September 21, 2011.]

#### LEGISLATIVE COUNSEL'S DIGEST

AB 1128, Furutani. Vehicles: Terminal Island Freeway: special permits.

Existing law authorizes the Department of Transportation, upon adoption of an ordinance or resolution by both the City of Long Beach and the City of Los Angeles, to issue a special permit to the operator of a vehicle, combination of vehicles, or mobile equipment, permitting the operation and movement of the vehicle, combination, or equipment, and its load, on the 3.66-mile portion of State Route 47 and State Route 103 known as the Terminal Island Freeway, between Willow Street in the City of Long Beach and Terminal Island in the City of Long Beach and the City of Los Angeles, and on the 2.1-mile portion of State Highway Route 1 that is between Blinn Avenue in the City of Los Angeles and Harbor Avenue in the City of Long Beach if the vehicle, combination, or equipment meets specified criteria.

This bill would additionally authorize the Department of Transportation to issue such a special permit to the operator of a vehicle, combination of vehicles, or mobile equipment, permitting the operation and movement of the vehicle, combination, or equipment, and its load, on designated routes if the vehicle, combination, or equipment meets specified criteria, upon adoption of such an ordinance or resolution by the City of Carson covering designated routes. The bill would authorize the department to charge a fee to cover the cost of issuing the special permit. The bill would also state the intent of the Legislature that an ordinance or resolution of the City of Carson be adopted to conform with these provisions.

*The people of the State of California do enact as follows:*

SECTION 1. It is the intent of the Legislature that an ordinance or resolution of the City of Carson be adopted to conform with Section 35700.5 of the Vehicle Code, which for purposes of that section, would designate streets within the area bounded by the Carson city limit with Los Angeles on Alameda Street, going north to Sepulveda Boulevard, west on Sepulveda Boulevard, and north on Wilmington Avenue to 223rd Street, and the streets between Wilmington Avenue on the east, Sepulveda Boulevard on the south, and Avalon Boulevard on the west (excluding Sepulveda Boulevard west of Avalon Boulevard), including East-West Streets: Watson Center Road,

and 230th, 233rd, 236th, and 238th Streets, North-South Streets: Bonita and Lucerne Streets, Utility Way, and Banning Boulevard.

SEC. 2. Section 35700.5 of the Vehicle Code is amended to read:

35700.5. (a) The Department of Transportation, upon adoption of an ordinance or resolution that is in conformance with the provisions of this section by the City of Carson, the City of Long Beach, and the City of Los Angeles, covering designated routes, may issue a special permit to the operator of a vehicle, combination of vehicles, or mobile equipment, permitting the operation and movement of the vehicle, combination, or equipment, and its load, on the 3.66-mile portion of State Route 47 and State Route 103 known as the Terminal Island Freeway, between Willow Street in the City of Long Beach and Terminal Island in the City of Long Beach and the City of Los Angeles, and on the 2.4-mile portion of State Highway Route 1, that is between Sanford Avenue in the City of Los Angeles and Harbor Avenue in the City of Long Beach, if the vehicle, combination, or equipment meets all of the following criteria:

(1) The vehicle, combination of vehicles, or mobile equipment is used to transport intermodal cargo containers that are moving in international commerce.

(2) The vehicle, combination of vehicles, or mobile equipment, in combination with its load, has a maximum gross weight in excess of the maximum gross weight limit of vehicles and loads specified in this chapter, but does not exceed 95,000 pounds gross vehicle weight.

(3) (A) The vehicle, combination of vehicles, or mobile equipment conforms to the axle weight limits specified in Section 35550.

(B) The vehicle, combination of vehicles, or mobile equipment conforms to the axle weight limits in Section 35551, except as specified in subparagraph (C).

(C) Vehicles, combinations of vehicles, or mobile equipment that impose more than 80,000 pounds total gross weight on the highway by any group of two or more consecutive axles, exceed 60 feet in length between the extremes of any group of two or more consecutive axles, or have more than six axles shall conform to weight limits that shall be determined by the Department of Transportation.

(b) The permit issued by the Department of Transportation shall be required to authorize the operation or movement of a vehicle, combination of vehicles, or mobile equipment described in subdivision (a). The permit shall not authorize the movement of hazardous materials or hazardous wastes, as those terms are defined by local, state, and federal law. The following criteria shall be included in the application for the permit:

(1) A description of the loads and vehicles to be operated under the permit.

(2) An agreement wherein each applicant agrees to be responsible for all injuries to persons and for all damage to real or personal property of the state and others directly caused by or resulting from the operation of the applicant's vehicles or combination of vehicles under the conditions of the permit. The applicant shall agree to hold harmless and indemnify the state

and all its agents for all costs or claims arising out of or caused by the movement of vehicles or combination of vehicles under the conditions of the permit.

(3) The applicant shall provide proof of financial responsibility that covers the movement of the shipment as described in subdivision (a). The insurance shall meet the minimum requirements established by law.

(4) An agreement to carry a copy of the permit in the vehicle at all times and furnish the copy upon request of an employee of the Department of the California Highway Patrol or the Department of Transportation.

(5) An agreement to place an indicia, developed by the Department of Transportation, in consultation with the Department of the California Highway Patrol, upon the vehicle identifying it as a vehicle possibly operating under this section. The indicia shall be displayed in the lower right area of the front windshield of the power unit. The Department of Transportation may charge a fee to cover the cost of producing and issuing this indicia.

(c) The permit issued pursuant to subdivision (a) shall be valid for one year. The permit may be canceled by the Department of Transportation for any of the following reasons:

(1) The failure of the applicant to maintain any of the conditions required pursuant to subdivision (b).

(2) The failure of the applicant to maintain a satisfactory rating, as required by Section 34501.12.

(3) A determination by the Department of Transportation that there is sufficient cause to cancel the permit because the continued movement of the applicant's vehicles under the permit would jeopardize the safety of the motorists on the roadway or result in undue damage to the highways listed in this section.

(d) This section does not authorize an applicant or holder of a special permit under subdivision (a) to operate a vehicle or combination of vehicles in excess of the maximum gross weight limit of vehicles and loads specified in this chapter outside of the designated corridors identified in subdivision (a). A violation of this subdivision shall result in the revocation of the permit.

(e) The Department of Transportation may charge a fee to cover the cost of issuing a permit pursuant to subdivision (a).
