Assembly Bill No. 1584

CHAPTER 800

An act to add Section 49073.1 to the Education Code, relating to pupil records.

[Approved by Governor September 29, 2014. Filed with Secretary of State September 29, 2014.]

LEGISLATIVE COUNSEL'S DIGEST

AB 1584, Buchanan. Pupil records: privacy: 3rd-party contracts: digital storage services and digital educational software.

Existing law prohibits a school district from permitting access to pupil records to any person without parental consent or without a judicial order, except to specified persons under certain circumstances, including to a contractor or consultant with a legitimate educational interest who has a formal written agreement or contract with the school district regarding the provision of outsourced institutional services or functions by the contractor or consultant.

This bill would authorize a local educational agency, as defined, pursuant to a policy adopted by its governing board or governing body, as appropriate, to enter into a contract with a third party, as defined, to provide services for the digital storage, management, and retrieval of pupil records, as defined, or to provide digital educational software, or both. The bill would require the contract to include specified provisions, including a statement that the pupil records continue to be the property of and under the control of the local educational agency, a description of the actions the third party will take to ensure the security and confidentiality of pupil records, and a description of how the local educational agency and the third party will jointly ensure compliance with the federal Family Educational Rights and Privacy Act. The bill would require that a contract that fails to comply with the requirements of this bill be rendered void if certain conditions are satisfied.

The bill would provide that, if these provisions are in conflict with the terms of a contract in effect before January 1, 2015, the provisions shall not apply to the local educational agency or the third party subject to that agreement until the expiration, amendment, or renewal of the agreement.

The people of the State of California do enact as follows:

SECTION 1. Section 49073.1 is added to the Education Code, to read:

49073.1. (a) A local educational agency may, pursuant to a policy adopted by its governing board or, in the case of a charter school, its
governing body, enter into a contract with a third party for either or both of the following purposes:

1. To provide services, including cloud-based services, for the digital storage, management, and retrieval of pupil records.

2. To provide digital educational software that authorizes a third-party provider of digital educational software to access, store, and use pupil records in accordance with the contractual provisions listed in subdivision (b).

(b) A local educational agency that enters into a contract with a third party for purposes of subdivision (a) shall ensure the contract contains all of the following:

1. A statement that pupil records continue to be the property of and under the control of the local educational agency.

2. Notwithstanding paragraph (1), a description of the means by which pupils may retain possession and control of their own pupil-generated content, if applicable, including options by which a pupil may transfer pupil-generated content to a personal account.

3. A prohibition against the third party using any information in the pupil record for any purpose other than those required or specifically permitted by the contract.

4. A description of the procedures by which a parent, legal guardian, or eligible pupil may review personally identifiable information in the pupil’s records and correct erroneous information.

5. A description of the actions the third party will take, including the designation and training of responsible individuals, to ensure the security and confidentiality of pupil records. Compliance with this requirement shall not, in itself, absolve the third party of liability in the event of an unauthorized disclosure of pupil records.

6. A description of the procedures for notifying the affected parent, legal guardian, or eligible pupil in the event of an unauthorized disclosure of the pupil’s records.

7. (A) A certification that a pupil’s records shall not be retained or available to the third party upon completion of the terms of the contract and a description of how that certification will be enforced.

(B) The requirements provided in subparagraph (A) shall not apply to pupil-generated content if the pupil chooses to establish or maintain an account with the third party for the purpose of storing that content pursuant to paragraph (2).

8. A description of how the local educational agency and the third party will jointly ensure compliance with the federal Family Educational Rights and Privacy Act (20 U.S.C. Sec. 1232g).

9. A prohibition against the third party using personally identifiable information in pupil records to engage in targeted advertising.

(c) In addition to any other penalties, a contract that fails to comply with the requirements of this section shall be rendered void if, upon notice and a reasonable opportunity to cure, the noncompliant party fails to come into compliance and cure any defect. Written notice of noncompliance may be provided by any party to the contract. All parties subject to a contract voided
under this subdivision shall return all pupil records in their possession to
the local educational agency.

(d) For purposes of this section, the following terms have the following
meanings:

(1) “Deidentified information” means information that cannot be used
to identify an individual pupil.

(2) “Eligible pupil” means a pupil who has reached 18 years of age.

(3) “Local educational agency” includes school districts, county offices
of education, and charter schools.

(4) “Pupil-generated content” means materials created by a pupil,
including, but not limited to, essays, research reports, portfolios, creative
writing, music or other audio files, photographs, and account information
that enables ongoing ownership of pupil content. “Pupil-generated content”
does not include pupil responses to a standardized assessment where pupil
possession and control would jeopardize the validity and reliability of that
assessment.

(5) (A) “Pupil records” means both of the following:
(i) Any information directly related to a pupil that is maintained by the
local educational agency.

(ii) Any information acquired directly from the pupil through the use of
instructional software or applications assigned to the pupil by a teacher or
other local educational agency employee.

(B) “Pupil records” does not mean any of the following:
(i) Deidentified information, including aggregated deidentified
information, used by the third party to improve educational products for
adaptive learning purposes and for customizing pupil learning.

(ii) Deidentified information, including aggregated deidentified
information, used to demonstrate the effectiveness of the operator’s products
in the marketing of those products.

(iii) Deidentified information, including aggregated deidentified
information, used for the development and improvement of educational
sites, services, or applications.

(6) “Third party” refers to a provider of digital educational software or
services, including cloud-based services, for the digital storage, management,
and retrieval of pupil records.

(e) If the provisions of this section are in conflict with the terms of a
contract in effect before January 1, 2015, the provisions of this section shall
not apply to the local educational agency or the third party subject to that
agreement until the expiration, amendment, or renewal of the agreement.

(f) Nothing in this section shall be construed to impose liability on a third
party for content provided by any other third party.
