CHAPTER _____

An act to amend Sections 1170, 1203.016, 1203.018, 2900.5, and 4019 of the Penal Code, relating to offenders.

LEGISLATIVE COUNSEL'S DIGEST

AB 2499, Bonilla. Offenders: home detention programs.

Existing law, subject to exceptions, generally makes persons convicted of a felony subject to incarceration in a county jail.

Existing law requires, unless the court finds it is not in the interest of justice, that a period of the concluding portion of a county jail term be served on mandatory supervision, which is a period of suspended execution of the term supervised by county probation. Existing law provides that mandatory supervision commences upon release from custody.

This bill would instead provide that unless otherwise ordered by the court, mandatory supervision would commence upon release from physical custody or an alternative custody program, whichever is later.

Existing law provides that the board of supervisors of any county may authorize the correctional administrator to offer a program under which inmates committed to a county jail or other county correctional facility or granted probation, or inmates participating in a work furlough program, may voluntarily participate or involuntarily be placed in a home detention program during their sentence in lieu of confinement in the county jail or other county correctional facility or program. Existing law requires the correctional administrator to provide specified information about a participant upon request of the police department of a city where an office is located to which persons on an electronic monitoring program report. Existing law requires any information received by a police department pursuant to that request to be used only for the purpose of monitoring the impact of home electronic monitoring programs in the community.

This bill would add to the information subject to those requests, at the discretion of the corrections administrator and solely for investigatory purposes, current and historic GPS location data, if available. The bill would recast the provisions restricting the use

of that information to prohibit a law enforcement department that does not have the primary responsibility to supervise participants in the electronic monitoring program that receives the requested information from using the information to conduct enforcement actions based on administrative violations of the home detention program. The bill would require a law enforcement department that has knowledge that the subject in a criminal investigation is a participant in an electronic monitoring program to make reasonable efforts to notify the supervising agency prior to serving a warrant or taking any law enforcement action against a participant in an electronic monitoring program.

By imposing additional requirements on local agencies, this bill would impose a state-mandated local program.

Existing law provides that the county board of supervisors may authorize the correctional administrator to offer a program under which inmates being held in lieu of bail in a county jail or other county correctional facility may participate in an electronic monitoring program if certain conditions are met. Existing law requires the correctional administrator to provide specified information about a participant upon request of a local law enforcement agency with jurisdiction over the location where a participant in an electronic monitoring program is placed. Existing law requires any information received by a law enforcement agency pursuant to that request to be used only for the purpose of monitoring the impact of home electronic monitoring programs in the community.

This bill would add to the information subject to those requests, at the discretion of the corrections administrator and solely for investigatory purposes, current and historic GPS location data, if available. The bill would recast the provisions restricting the use of that information to prohibit a law enforcement agency that does not have the primary responsibility to supervise participants in the electronic monitoring program that receives the requested information from using the information to conduct enforcement actions based on administrative violations of the home detention program. The bill would require that an agency that has knowledge that the subject in a criminal investigation is a participant in an electronic monitoring program to make reasonable efforts to notify the supervising agency prior to serving a warrant or taking any

law enforcement action against a participant in an electronic monitoring program.

By imposing additional requirements on local agencies, this bill would impose a state-mandated local program.

Existing law requires that when a defendant has been in custody, including, but not limited to, any time spent in a jail, camp, work furlough facility, and other specified facilities, all days of custody of the defendant, including, home detention for inmates who otherwise would be in jail in lieu of bail, are credited toward the term of imprisonment or toward any fine. Existing law also provides that the time spent in these facilities or programs qualifies as mandatory time in jail if the statute under which the defendant is sentenced requires a mandatory minimum period of time in jail.

This bill would include other home detention programs for the purpose of crediting days in custody for those purposes. The bill would remove the requirement that the statute under which the defendant is sentenced requires a mandatory minimum period of time in jail in order for the time spent in those facilities or programs to qualify as mandatory time in jail.

By increasing the administrative responsibilities of local agencies, this bill would impose a state-mandated local program.

Existing law provides that a prisoner, who, for specified reasons, is confined in or committed to a county jail, industrial farm, or road camp, or any city jail, industrial farm, or road camp, shall, for each 4-day period of custody, have one day deducted from the prisoner's period of confinement, unless it appears by the record that the prisoner has refused to satisfactorily perform labor as assigned by the sheriff, chief of police, or superintendent of an industrial farm or road camp. Existing law additionally requires for those prisoners, that for every 4 days of confinement, one day to be deducted from the prisoner's period of confinement, unless it appears by the record that the prisoner has not satisfactorily complied with the reasonable rules and regulations established by the sheriff, chief of police, or superintendent of an industrial farm or road camp.

This bill would apply those provisions to persons who are participants in specified home detention programs.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the

state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

The people of the State of California do enact as follows:

SECTION 1. Section 1170 of the Penal Code, as amended by Section 16 of Chapter 26 of the Statutes of 2014, is amended to read:

1170. (a) (1) The Legislature finds and declares that the purpose of imprisonment for crime is punishment. This purpose is best served by terms proportionate to the seriousness of the offense with provision for uniformity in the sentences of offenders committing the same offense under similar circumstances. The Legislature further finds and declares that the elimination of disparity and the provision of uniformity of sentences can best be achieved by determinate sentences fixed by statute in proportion to the seriousness of the offense as determined by the Legislature to be imposed by the court with specified discretion.

(2) Notwithstanding paragraph (1), the Legislature further finds and declares that programs should be available for inmates, including, but not limited to, educational programs, that are designed to prepare nonviolent felony offenders for successful reentry into the community. The Legislature encourages the development of policies and programs designed to educate and rehabilitate nonviolent felony offenders. In implementing this section, the Department of Corrections and Rehabilitation is encouraged to give priority enrollment in programs to promote successful return to the community to an inmate with a short remaining term of commitment and a release date that would allow him or her adequate time to complete the program.

(3) In any case in which the punishment prescribed by statute for a person convicted of a public offense is a term of imprisonment in the state prison of any specification of three time periods, the court shall sentence the defendant to one of the terms of imprisonment specified unless the convicted person is given any other disposition provided by law, including a fine, jail, probation,

or the suspension of imposition or execution of sentence or is sentenced pursuant to subdivision (b) of Section 1168 because he or she had committed his or her crime prior to July 1, 1977. In sentencing the convicted person, the court shall apply the sentencing rules of the Judicial Council. The court, unless it determines that there are circumstances in mitigation of the punishment prescribed, shall also impose any other term that it is required by law to impose as an additional term. Nothing in this article shall affect any provision of law that imposes the death penalty, that authorizes or restricts the granting of probation or suspending the execution or imposition of sentence, or expressly provides for imprisonment in the state prison for life, except as provided in paragraph (2) of subdivision (d). In any case in which the amount of preimprisonment credit under Section 2900.5 or any other provision of law is equal to or exceeds any sentence imposed pursuant to this chapter, the entire sentence shall be deemed to have been served and the defendant shall not be actually delivered to the custody of the secretary. The court shall advise the defendant that he or she shall serve a period of parole and order the defendant to report to the parole office closest to the defendant's last legal residence, unless the in-custody credits equal the total sentence, including both confinement time and the period of parole. The sentence shall be deemed a separate prior prison term under Section 667.5, and a copy of the judgment and other necessary documentation shall be forwarded to the secretary.

(b) When a judgment of imprisonment is to be imposed and the statute specifies three possible terms, the choice of the appropriate term shall rest within the sound discretion of the court. At least four days prior to the time set for imposition of judgment, either party or the victim, or the family of the victim if the victim is deceased, may submit a statement in aggravation or mitigation. In determining the appropriate term, the court may consider the record in the case, the probation officer's report, other reports, including reports received pursuant to Section 1203.03, and statements in aggravation or mitigation submitted by the prosecution, the defendant, or the victim, or the family of the victim if the victim is deceased, and any further evidence introduced at the sentencing hearing. The court shall select the term which, in the court's discretion, best serves the interests of justice. The court shall set forth on the record the reasons for imposing the term selected and

the court may not impose an upper term by using the fact of any enhancement upon which sentence is imposed under any provision of law. A term of imprisonment shall not be specified if imposition of sentence is suspended.

(c) The court shall state the reasons for its sentence choice on the record at the time of sentencing. The court shall also inform the defendant that as part of the sentence after expiration of the term he or she may be on parole for a period as provided in Section 3000.

(d) (1) When a defendant subject to this section or subdivision (b) of Section 1168 has been sentenced to be imprisoned in the state prison and has been committed to the custody of the secretary, the court may, within 120 days of the date of commitment on its own motion, or at any time upon the recommendation of the secretary or the Board of Parole Hearings, recall the sentence and commitment previously ordered and resentence the defendant in the same manner as if he or she had not previously been sentenced, provided the new sentence, if any, is no greater than the initial sentence. The court resentencing under this subdivision shall apply the sentencing rules of the Judicial Council so as to eliminate disparity of sentences and to promote uniformity of sentencing. Credit shall be given for time served.

(2) (A) (i) When a defendant who was under 18 years of age at the time of the commission of the offense for which the defendant was sentenced to imprisonment for life without the possibility of parole has served at least 15 years of that sentence, the defendant may submit to the sentencing court a petition for recall and resentencing.

(ii) Notwithstanding clause (i), this paragraph shall not apply to defendants sentenced to life without parole for an offense where the defendant tortured, as described in Section 206, his or her victim or the victim was a public safety official, including any law enforcement personnel mentioned in Chapter 4.5 (commencing with Section 830) of Title 3, or any firefighter as described in Section 245.1, as well as any other officer in any segment of law enforcement who is employed by the federal government, the state, or any of its political subdivisions.

(B) The defendant shall file the original petition with the sentencing court. A copy of the petition shall be served on the agency that prosecuted the case. The petition shall include the

defendant's statement that he or she was under 18 years of age at the time of the crime and was sentenced to life in prison without the possibility of parole, the defendant's statement describing his or her remorse and work towards rehabilitation, and the defendant's statement that one of the following is true:

(i) The defendant was convicted pursuant to felony murder or aiding and abetting murder provisions of law.

(ii) The defendant does not have juvenile felony adjudications for assault or other felony crimes with a significant potential for personal harm to victims prior to the offense for which the sentence is being considered for recall.

(iii) The defendant committed the offense with at least one adult codefendant.

(iv) The defendant has performed acts that tend to indicate rehabilitation or the potential for rehabilitation, including, but not limited to, availing himself or herself of rehabilitative, educational, or vocational programs, if those programs have been available at his or her classification level and facility, using self-study for self-improvement, or showing evidence of remorse.

(C) If any of the information required in subparagraph (B) is missing from the petition, or if proof of service on the prosecuting agency is not provided, the court shall return the petition to the defendant and advise the defendant that the matter cannot be considered without the missing information.

(D) A reply to the petition, if any, shall be filed with the court within 60 days of the date on which the prosecuting agency was served with the petition, unless a continuance is granted for good cause.

(E) If the court finds by a preponderance of the evidence that the statements in the petition are true, the court shall hold a hearing to consider whether to recall the sentence and commitment previously ordered and to resentence the defendant in the same manner as if the defendant had not previously been sentenced, provided that the new sentence, if any, is not greater than the initial sentence. Victims, or victim family members if the victim is deceased, shall retain the rights to participate in the hearing.

(F) The factors that the court may consider when determining whether to recall and resentence include, but are not limited to, the following:

(i) The defendant was convicted pursuant to felony murder or aiding and abetting murder provisions of law.

(ii) The defendant does not have juvenile felony adjudications for assault or other felony crimes with a significant potential for personal harm to victims prior to the offense for which the sentence is being considered for recall.

(iii) The defendant committed the offense with at least one adult codefendant.

(iv) Prior to the offense for which the sentence is being considered for recall, the defendant had insufficient adult support or supervision and had suffered from psychological or physical trauma, or significant stress.

(v) The defendant suffers from cognitive limitations due to mental illness, developmental disabilities, or other factors that did not constitute a defense, but influenced the defendant's involvement in the offense.

(vi) The defendant has performed acts that tend to indicate rehabilitation or the potential for rehabilitation, including, but not limited to, availing himself or herself of rehabilitative, educational, or vocational programs, if those programs have been available at his or her classification level and facility, using self-study for self-improvement, or showing evidence of remorse.

(vii) The defendant has maintained family ties or connections with others through letter writing, calls, or visits, or has eliminated contact with individuals outside of prison who are currently involved with crime.

(viii) The defendant has had no disciplinary actions for violent activities in the last five years in which the defendant was determined to be the aggressor.

(G) The court shall have the discretion to recall the sentence and commitment previously ordered and to resentence the defendant in the same manner as if the defendant had not previously been sentenced, provided that the new sentence, if any, is not greater than the initial sentence. The discretion of the court shall be exercised in consideration of the criteria in subparagraph (B). Victims, or victim family members if the victim is deceased, shall be notified of the resentencing hearing and shall retain their rights to participate in the hearing.

(H) If the sentence is not recalled, the defendant may submit another petition for recall and resentencing to the sentencing court

when the defendant has been committed to the custody of the department for at least 20 years. If recall and resentencing is not granted under that petition, the defendant may file another petition after having served 24 years. The final petition may be submitted, and the response to that petition shall be determined, during the 25th year of the defendant's sentence.

(I) In addition to the criteria in subparagraph (F), the court may consider any other criteria that the court deems relevant to its decision, so long as the court identifies them on the record, provides a statement of reasons for adopting them, and states why the defendant does or does not satisfy the criteria.

(J) This subdivision shall have retroactive application.

(e) (1) Notwithstanding any other law and consistent with paragraph (1) of subdivision (a), if the secretary or the Board of Parole Hearings or both determine that a prisoner satisfies the criteria set forth in paragraph (2), the secretary or the board may recommend to the court that the prisoner's sentence be recalled.

(2) The court shall have the discretion to resentence or recall if the court finds that the facts described in subparagraphs (A) and (B) or subparagraphs (B) and (C) exist:

(A) The prisoner is terminally ill with an incurable condition caused by an illness or disease that would produce death within six months, as determined by a physician employed by the department.

(B) The conditions under which the prisoner would be released or receive treatment do not pose a threat to public safety.

(C) The prisoner is permanently medically incapacitated with a medical condition that renders him or her permanently unable to perform activities of basic daily living, and results in the prisoner requiring 24-hour total care, including, but not limited to, coma, persistent vegetative state, brain death, ventilator-dependency, loss of control of muscular or neurological function, and that incapacitation did not exist at the time of the original sentencing.

The Board of Parole Hearings shall make findings pursuant to this subdivision before making a recommendation for resentence or recall to the court. This subdivision does not apply to a prisoner sentenced to death or a term of life without the possibility of parole.

(3) Within 10 days of receipt of a positive recommendation by the secretary or the board, the court shall hold a hearing to consider whether the prisoner's sentence should be recalled.

(4) Any physician employed by the department who determines that a prisoner has six months or less to live shall notify the chief medical officer of the prognosis. If the chief medical officer concurs with the prognosis, he or she shall notify the warden. Within 48 hours of receiving notification, the warden or the warden's representative shall notify the prisoner of the recall and resentencing procedures, and shall arrange for the prisoner to designate a family member or other outside agent to be notified as to the prisoner's medical condition and prognosis, and as to the recall and resentencing procedures. If the inmate is deemed mentally unfit, the warden or the warden's representative shall contact the inmate's emergency contact and provide the information described in paragraph (2).

(5) The warden or the warden's representative shall provide the prisoner and his or her family member, agent, or emergency contact, as described in paragraph (4), updated information throughout the recall and resentencing process with regard to the prisoner's medical condition and the status of the prisoner's recall and resentencing proceedings.

(6) Notwithstanding any other provisions of this section, the prisoner or his or her family member or designee may independently request consideration for recall and resentencing by contacting the chief medical officer at the prison or the secretary. Upon receipt of the request, the chief medical officer and the warden or the warden's representative shall follow the procedures described in paragraph (4). If the secretary determines that the prisoner satisfies the criteria set forth in paragraph (2), the secretary or board may recommend to the court that the prisoner's sentence be recalled. The secretary shall submit a recommendation for release within 30 days in the case of inmates sentenced to determinate terms and, in the case of inmates sentenced to indeterminate terms, the secretary shall make a recommendation to the Board of Parole Hearings with respect to the inmates who have applied under this section. The board shall consider this information and make an independent judgment pursuant to paragraph (2) and make findings related thereto before rejecting the request or making a recommendation to the court. This action shall be taken at the next lawfully noticed board meeting.

(7) Any recommendation for recall submitted to the court by the secretary or the Board of Parole Hearings shall include one or

more medical evaluations, a postrelease plan, and findings pursuant to paragraph (2).

(8) If possible, the matter shall be heard before the same judge of the court who sentenced the prisoner.

(9) If the court grants the recall and resentencing application, the prisoner shall be released by the department within 48 hours of receipt of the court's order, unless a longer time period is agreed to by the inmate. At the time of release, the warden or the warden's representative shall ensure that the prisoner has each of the following in his or her possession: a discharge medical summary, full medical records, state identification, parole medications, and all property belonging to the prisoner. After discharge, any additional records shall be sent to the prisoner's forwarding address.

(10) The secretary shall issue a directive to medical and correctional staff employed by the department that details the guidelines and procedures for initiating a recall and resentencing procedure. The directive shall clearly state that any prisoner who is given a prognosis of six months or less to live is eligible for recall and resentencing consideration, and that recall and resentencing procedures shall be initiated upon that prognosis.

(f) Notwithstanding any other provision of this section, for purposes of paragraph (3) of subdivision (h), any allegation that a defendant is eligible for state prison due to a prior or current conviction, sentence enhancement, or because he or she is required to register as a sex offender shall not be subject to dismissal pursuant to Section 1385.

(g) A sentence to state prison for a determinate term for which only one term is specified, is a sentence to state prison under this section.

(h) (1) Except as provided in paragraph (3), a felony punishable pursuant to this subdivision where the term is not specified in the underlying offense shall be punishable by a term of imprisonment in a county jail for 16 months, or two or three years.

(2) Except as provided in paragraph (3), a felony punishable pursuant to this subdivision shall be punishable by imprisonment in a county jail for the term described in the underlying offense.

(3) Notwithstanding paragraphs (1) and (2), where the defendant (A) has a prior or current felony conviction for a serious felony described in subdivision (c) of Section 1192.7 or a prior or current

conviction for a violent felony described in subdivision (c) of Section 667.5, (B) has a prior felony conviction in another jurisdiction for an offense that has all the elements of a serious felony described in subdivision (c) of Section 1192.7 or a violent felony described in subdivision (c) of Section 667.5, (C) is required to register as a sex offender pursuant to Chapter 5.5 (commencing with Section 290) of Title 9 of Part 1, or (D) is convicted of a crime and as part of the sentence an enhancement pursuant to Section 186.11 is imposed, an executed sentence for a felony punishable pursuant to this subdivision shall be served in state prison.

(4) Nothing in this subdivision shall be construed to prevent other dispositions authorized by law, including pretrial diversion, deferred entry of judgment, or an order granting probation pursuant to Section 1203.1.

(5) (A) Unless the court finds that, in the interests of justice, it is not appropriate in a particular case, the court, when imposing a sentence pursuant to paragraph (1) or (2), shall suspend execution of a concluding portion of the term for a period selected at the court's discretion.

(B) The portion of a defendant's sentenced term that is suspended pursuant to this paragraph shall be known as mandatory supervision, and, unless otherwise ordered by the court, shall commence upon release from physical custody or an alternative custody program, whichever is later. During the period of mandatory supervision, the defendant shall be supervised by the county probation officer in accordance with the terms, conditions, and procedures generally applicable to persons placed on probation, for the remaining unserved portion of the sentence imposed by the court. The period of supervision shall be mandatory, and may not be earlier terminated except by court order. Any proceeding to revoke or modify mandatory supervision under this subparagraph shall be conducted pursuant to either subdivisions (a) and (b) of Section 1203.2 or Section 1203.3. During the period when the defendant is under such supervision, unless in actual custody related to the sentence imposed by the court, the defendant shall be entitled to only actual time credit against the term of imprisonment imposed by the court. Any time period which is suspended because a person has absconded shall not be credited toward the period of supervision.

(6) The sentencing changes made by the act that added this subdivision shall be applied prospectively to any person sentenced on or after October 1, 2011.

(7) The sentencing changes made to paragraph (5) by the act that added this paragraph shall become effective and operative on January 1, 2015, and shall be applied prospectively to any person sentenced on or after January 1, 2015.

(i) This section shall remain in effect only until January 1, 2017, and as of that date is repealed, unless a later enacted statute, that is enacted before that date, deletes or extends that date.

SEC. 2. Section 1170 of the Penal Code, as amended by Section 17 of Chapter 26 of the Statutes of 2014, is amended to read:

1170. (a) (1) The Legislature finds and declares that the purpose of imprisonment for crime is punishment. This purpose is best served by terms proportionate to the seriousness of the offense with provision for uniformity in the sentences of offenders committing the same offense under similar circumstances. The Legislature further finds and declares that the elimination of disparity and the provision of uniformity of sentences can best be achieved by determinate sentences fixed by statute in proportion to the seriousness of the offense as determined by the Legislature to be imposed by the court with specified discretion.

(2) Notwithstanding paragraph (1), the Legislature further finds and declares that programs should be available for inmates, including, but not limited to, educational programs, that are designed to prepare nonviolent felony offenders for successful reentry into the community. The Legislature encourages the development of policies and programs designed to educate and rehabilitate nonviolent felony offenders. In implementing this section, the Department of Corrections and Rehabilitation is encouraged to give priority enrollment in programs to promote successful return to the community to an inmate with a short remaining term of commitment and a release date that would allow him or her adequate time to complete the program.

(3) In any case in which the punishment prescribed by statute for a person convicted of a public offense is a term of imprisonment in the state prison of any specification of three time periods, the court shall sentence the defendant to one of the terms of imprisonment specified unless the convicted person is given any other disposition provided by law, including a fine, jail, probation,

or the suspension of imposition or execution of sentence or is sentenced pursuant to subdivision (b) of Section 1168 because he or she had committed his or her crime prior to July 1, 1977. In sentencing the convicted person, the court shall apply the sentencing rules of the Judicial Council. The court, unless it determines that there are circumstances in mitigation of the punishment prescribed, shall also impose any other term that it is required by law to impose as an additional term. Nothing in this article shall affect any provision of law that imposes the death penalty, that authorizes or restricts the granting of probation or suspending the execution or imposition of sentence, or expressly provides for imprisonment in the state prison for life, except as provided in paragraph (2) of subdivision (d). In any case in which the amount of preimprisonment credit under Section 2900.5 or any other provision of law is equal to or exceeds any sentence imposed pursuant to this chapter, the entire sentence shall be deemed to have been served and the defendant shall not be actually delivered to the custody of the secretary. The court shall advise the defendant that he or she shall serve a period of parole and order the defendant to report to the parole office closest to the defendant's last legal residence, unless the in-custody credits equal the total sentence, including both confinement time and the period of parole. The sentence shall be deemed a separate prior prison term under Section 667.5, and a copy of the judgment and other necessary documentation shall be forwarded to the secretary.

(b) When a judgment of imprisonment is to be imposed and the statute specifies three possible terms, the court shall order imposition of the middle term, unless there are circumstances in aggravation or mitigation of the crime. At least four days prior to the time set for imposition of judgment, either party or the victim, or the family of the victim if the victim is deceased, may submit a statement in aggravation or mitigation to dispute facts in the record or the probation officer's report, or to present additional facts. In determining whether there are circumstances that justify imposition of the upper or lower term, the court may consider the record in the case, the probation officer's report, other reports, including reports received pursuant to Section 1203.03, and statements in aggravation or mitigation submitted by the prosecution, the defendant, or the victim, or the family of the victim if the victim is deceased, and any further evidence introduced at

the sentencing hearing. The court shall set forth on the record the facts and reasons for imposing the upper or lower term. The court may not impose an upper term by using the fact of any enhancement upon which sentence is imposed under any provision of law. A term of imprisonment shall not be specified if imposition of sentence is suspended.

(c) The court shall state the reasons for its sentence choice on the record at the time of sentencing. The court shall also inform the defendant that as part of the sentence after expiration of the term he or she may be on parole for a period as provided in Section 3000.

(d) (1) When a defendant subject to this section or subdivision (b) of Section 1168 has been sentenced to be imprisoned in the state prison and has been committed to the custody of the secretary, the court may, within 120 days of the date of commitment on its own motion, or at any time upon the recommendation of the secretary or the Board of Parole Hearings, recall the sentence and commitment previously ordered and resentence the defendant in the same manner as if he or she had not previously been sentenced, provided the new sentence, if any, is no greater than the initial sentence. The court resentencing under this subdivision shall apply the sentencing rules of the Judicial Council so as to eliminate disparity of sentences and to promote uniformity of sentencing. Credit shall be given for time served.

(2) (A) (i) When a defendant who was under 18 years of age at the time of the commission of the offense for which the defendant was sentenced to imprisonment for life without the possibility of parole has served at least 15 years of that sentence, the defendant may submit to the sentencing court a petition for recall and resentencing.

(ii) Notwithstanding clause (i), this paragraph shall not apply to defendants sentenced to life without parole for an offense where the defendant tortured, as described in Section 206, his or her victim or the victim was a public safety official, including any law enforcement personnel mentioned in Chapter 4.5 (commencing with Section 830) of Title 3, or any firefighter as described in Section 245.1, as well as any other officer in any segment of law enforcement who is employed by the federal government, the state, or any of its political subdivisions.

(B) The defendant shall file the original petition with the sentencing court. A copy of the petition shall be served on the agency that prosecuted the case. The petition shall include the defendant's statement that he or she was under 18 years of age at the time of the crime and was sentenced to life in prison without the possibility of parole, the defendant's statement describing his or her remorse and work towards rehabilitation, and the defendant's statement that one of the following is true:

(i) The defendant was convicted pursuant to felony murder or aiding and abetting murder provisions of law.

(ii) The defendant does not have juvenile felony adjudications for assault or other felony crimes with a significant potential for personal harm to victims prior to the offense for which the sentence is being considered for recall.

(iii) The defendant committed the offense with at least one adult codefendant.

(iv) The defendant has performed acts that tend to indicate rehabilitation or the potential for rehabilitation, including, but not limited to, availing himself or herself of rehabilitative, educational, or vocational programs, if those programs have been available at his or her classification level and facility, using self-study for self-improvement, or showing evidence of remorse.

(C) If any of the information required in subparagraph (B) is missing from the petition, or if proof of service on the prosecuting agency is not provided, the court shall return the petition to the defendant and advise the defendant that the matter cannot be considered without the missing information.

(D) A reply to the petition, if any, shall be filed with the court within 60 days of the date on which the prosecuting agency was served with the petition, unless a continuance is granted for good cause.

(E) If the court finds by a preponderance of the evidence that the statements in the petition are true, the court shall hold a hearing to consider whether to recall the sentence and commitment previously ordered and to resentence the defendant in the same manner as if the defendant had not previously been sentenced, provided that the new sentence, if any, is not greater than the initial sentence. Victims, or victim family members if the victim is deceased, shall retain the rights to participate in the hearing.

(F) The factors that the court may consider when determining whether to recall and resentence include, but are not limited to, the following:

(i) The defendant was convicted pursuant to felony murder or aiding and abetting murder provisions of law.

(ii) The defendant does not have juvenile felony adjudications for assault or other felony crimes with a significant potential for personal harm to victims prior to the offense for which the sentence is being considered for recall.

(iii) The defendant committed the offense with at least one adult codefendant.

(iv) Prior to the offense for which the sentence is being considered for recall, the defendant had insufficient adult support or supervision and had suffered from psychological or physical trauma, or significant stress.

(v) The defendant suffers from cognitive limitations due to mental illness, developmental disabilities, or other factors that did not constitute a defense, but influenced the defendant's involvement in the offense.

(vi) The defendant has performed acts that tend to indicate rehabilitation or the potential for rehabilitation, including, but not limited to, availing himself or herself of rehabilitative, educational, or vocational programs, if those programs have been available at his or her classification level and facility, using self-study for self-improvement, or showing evidence of remorse.

(vii) The defendant has maintained family ties or connections with others through letter writing, calls, or visits, or has eliminated contact with individuals outside of prison who are currently involved with crime.

(viii) The defendant has had no disciplinary actions for violent activities in the last five years in which the defendant was determined to be the aggressor.

(G) The court shall have the discretion to recall the sentence and commitment previously ordered and to resentence the defendant in the same manner as if the defendant had not previously been sentenced, provided that the new sentence, if any, is not greater than the initial sentence. The discretion of the court shall be exercised in consideration of the criteria in subparagraph (B). Victims, or victim family members if the victim is deceased,

shall be notified of the resentencing hearing and shall retain their rights to participate in the hearing.

(H) If the sentence is not recalled, the defendant may submit another petition for recall and resentencing to the sentencing court when the defendant has been committed to the custody of the department for at least 20 years. If recall and resentencing is not granted under that petition, the defendant may file another petition after having served 24 years. The final petition may be submitted, and the response to that petition shall be determined, during the 25th year of the defendant's sentence.

(I) In addition to the criteria in subparagraph (F), the court may consider any other criteria that the court deems relevant to its decision, so long as the court identifies them on the record, provides a statement of reasons for adopting them, and states why the defendant does or does not satisfy the criteria.

(J) This subdivision shall have retroactive application.

(e) (1) Notwithstanding any other law and consistent with paragraph (1) of subdivision (a), if the secretary or the Board of Parole Hearings or both determine that a prisoner satisfies the criteria set forth in paragraph (2), the secretary or the board may recommend to the court that the prisoner's sentence be recalled.

(2) The court shall have the discretion to resentence or recall if the court finds that the facts described in subparagraphs (A) and (B) or subparagraphs (B) and (C) exist:

(A) The prisoner is terminally ill with an incurable condition caused by an illness or disease that would produce death within six months, as determined by a physician employed by the department.

(B) The conditions under which the prisoner would be released or receive treatment do not pose a threat to public safety.

(C) The prisoner is permanently medically incapacitated with a medical condition that renders him or her permanently unable to perform activities of basic daily living, and results in the prisoner requiring 24-hour total care, including, but not limited to, coma, persistent vegetative state, brain death, ventilator-dependency, loss of control of muscular or neurological function, and that incapacitation did not exist at the time of the original sentencing.

The Board of Parole Hearings shall make findings pursuant to this subdivision before making a recommendation for resentence

or recall to the court. This subdivision does not apply to a prisoner sentenced to death or a term of life without the possibility of parole.

(3) Within 10 days of receipt of a positive recommendation by the secretary or the board, the court shall hold a hearing to consider whether the prisoner's sentence should be recalled.

(4) Any physician employed by the department who determines that a prisoner has six months or less to live shall notify the chief medical officer of the prognosis. If the chief medical officer concurs with the prognosis, he or she shall notify the warden. Within 48 hours of receiving notification, the warden or the warden's representative shall notify the prisoner of the recall and resentencing procedures, and shall arrange for the prisoner to designate a family member or other outside agent to be notified as to the prisoner's medical condition and prognosis, and as to the recall and resentencing procedures. If the inmate is deemed mentally unfit, the warden or the warden's representative shall contact the inmate's emergency contact and provide the information described in paragraph (2).

(5) The warden or the warden's representative shall provide the prisoner and his or her family member, agent, or emergency contact, as described in paragraph (4), updated information throughout the recall and resentencing process with regard to the prisoner's medical condition and the status of the prisoner's recall and resentencing proceedings.

(6) Notwithstanding any other provisions of this section, the prisoner or his or her family member or designee may independently request consideration for recall and resentencing by contacting the chief medical officer at the prison or the secretary. Upon receipt of the request, the chief medical officer and the warden or the warden's representative shall follow the procedures described in paragraph (4). If the secretary determines that the prisoner satisfies the criteria set forth in paragraph (2), the secretary or board may recommend to the court that the prisoner's sentence be recalled. The secretary shall submit a recommendation for release within 30 days in the case of inmates sentenced to determinate terms and, in the case of inmates sentenced to indeterminate terms, the secretary shall make a recommendation to the Board of Parole Hearings with respect to the inmates who have applied under this section. The board shall consider this information and make an independent judgment pursuant to

paragraph (2) and make findings related thereto before rejecting the request or making a recommendation to the court. This action shall be taken at the next lawfully noticed board meeting.

(7) Any recommendation for recall submitted to the court by the secretary or the Board of Parole Hearings shall include one or more medical evaluations, a postrelease plan, and findings pursuant to paragraph (2).

(8) If possible, the matter shall be heard before the same judge of the court who sentenced the prisoner.

(9) If the court grants the recall and resentencing application, the prisoner shall be released by the department within 48 hours of receipt of the court's order, unless a longer time period is agreed to by the inmate. At the time of release, the warden or the warden's representative shall ensure that the prisoner has each of the following in his or her possession: a discharge medical summary, full medical records, state identification, parole medications, and all property belonging to the prisoner. After discharge, any additional records shall be sent to the prisoner's forwarding address.

(10) The secretary shall issue a directive to medical and correctional staff employed by the department that details the guidelines and procedures for initiating a recall and resentencing procedure. The directive shall clearly state that any prisoner who is given a prognosis of six months or less to live is eligible for recall and resentencing consideration, and that recall and resentencing procedures shall be initiated upon that prognosis.

(f) Notwithstanding any other provision of this section, for purposes of paragraph (3) of subdivision (h), any allegation that a defendant is eligible for state prison due to a prior or current conviction, sentence enhancement, or because he or she is required to register as a sex offender shall not be subject to dismissal pursuant to Section 1385.

(g) A sentence to state prison for a determinate term for which only one term is specified, is a sentence to state prison under this section.

(h) (1) Except as provided in paragraph (3), a felony punishable pursuant to this subdivision where the term is not specified in the underlying offense shall be punishable by a term of imprisonment in a county jail for 16 months, or two or three years.

(2) Except as provided in paragraph (3), a felony punishable pursuant to this subdivision shall be punishable by imprisonment in a county jail for the term described in the underlying offense.

(3) Notwithstanding paragraphs (1) and (2), where the defendant (A) has a prior or current felony conviction for a serious felony described in subdivision (c) of Section 1192.7 or a prior or current conviction for a violent felony described in subdivision (c) of Section 667.5, (B) has a prior felony conviction in another jurisdiction for an offense that has all the elements of a serious felony described in subdivision (c) of Section 1192.7 or a violent felony described in subdivision (c) of Section 667.5, (C) is required to register as a sex offender pursuant to Chapter 5.5 (commencing with Section 290) of Title 9 of Part 1, or (D) is convicted of a crime and as part of the sentence an enhancement pursuant to Section 186.11 is imposed, an executed sentence for a felony punishable pursuant to this subdivision shall be served in state prison.

(4) Nothing in this subdivision shall be construed to prevent other dispositions authorized by law, including pretrial diversion, deferred entry of judgment, or an order granting probation pursuant to Section 1203.1.

(5) (A) Unless the court finds, in the interest of justice, that it is not appropriate in a particular case, the court, when imposing a sentence pursuant to paragraph (1) or (2), shall suspend execution of a concluding portion of the term for a period selected at the court's discretion.

(B) The portion of a defendant's sentenced term that is suspended pursuant to this paragraph shall be known as mandatory supervision, and, unless otherwise ordered by the court, shall commence upon release from physical custody or an alternative custody program, whichever is later. During the period of mandatory supervision, the defendant shall be supervised by the county probation officer in accordance with the terms, conditions, and procedures generally applicable to persons placed on probation, for the remaining unserved portion of the sentence imposed by the court. The period of supervision shall be mandatory, and may not be earlier terminated except by court order. Any proceeding to revoke or modify mandatory supervision under this subparagraph shall be conducted pursuant to either subdivisions (a) and (b) of Section 1203.2 or Section 1203.3. During the period when the defendant is under such supervision, unless in actual custody

related to the sentence imposed by the court, the defendant shall be entitled to only actual time credit against the term of imprisonment imposed by the court. Any time period which is suspended because a person has absconded shall not be credited toward the period of supervision.

(6) The sentencing changes made by the act that added this subdivision shall be applied prospectively to any person sentenced on or after October 1, 2011.

(7) The sentencing changes made to paragraph (5) by the act that added this paragraph shall become effective and operative on January 1, 2015, and shall be applied prospectively to any person sentenced on or after January 1, 2015.

(i) This section shall become operative on January 1, 2017.

SEC. 3. Section 1203.016 of the Penal Code is amended to read:

1203.016. (a) Notwithstanding any other law, the board of supervisors of any county may authorize the correctional administrator, as defined in subdivision (h), to offer a program under which inmates committed to a county jail or other county correctional facility or granted probation, or inmates participating in a work furlough program, may voluntarily participate or involuntarily be placed in a home detention program during their sentence in lieu of confinement in the county jail or other county correctional facility or program under the auspices of the probation officer.

(b) The board of supervisors, in consultation with the correctional administrator, may prescribe reasonable rules and regulations under which a home detention program may operate. As a condition of participation in the home detention program, the inmate shall give his or her consent in writing to participate in the home detention program and shall in writing agree to comply or, for involuntary participation, the inmate shall be informed in writing that he or she shall comply, with the rules and regulations of the program, including, but not limited to, the following rules:

(1) The participant shall remain within the interior premises of his or her residence during the hours designated by the correctional administrator.

(2) The participant shall admit any person or agent designated by the correctional administrator into his or her residence at any

time for purposes of verifying the participant's compliance with the conditions of his or her detention.

(3) The participant shall agree to the use of electronic monitoring, which may include global positioning system devices or other supervising devices for the purpose of helping to verify his or her compliance with the rules and regulations of the home detention program. The devices shall not be used to eavesdrop or record any conversation, except a conversation between the participant and the person supervising the participant which is to be used solely for the purposes of voice identification.

(4) The participant shall agree that the correctional administrator in charge of the county correctional facility from which the participant was released may, without further order of the court, immediately retake the person into custody to serve the balance of his or her sentence if the electronic monitoring or supervising devices are unable for any reason to properly perform their function at the designated place of home detention, if the person fails to remain within the place of home detention as stipulated in the agreement, if the person willfully fails to pay fees to the provider of electronic home detention services, as stipulated in the agreement, subsequent to the written notification of the participant that the payment has not been received and that return to custody may result, or if the person for any other reason no longer meets the established criteria under this section. A copy of the agreement shall be delivered to the participant and a copy retained by the correctional administrator.

(c) Whenever the peace officer supervising a participant has reasonable cause to believe that the participant is not complying with the rules or conditions of the program, or that the electronic monitoring devices are unable to function properly in the designated place of confinement, the peace officer may, under general or specific authorization of the correctional administrator, and without a warrant of arrest, retake the person into custody to complete the remainder of the original sentence.

(d) Nothing in this section shall be construed to require the correctional administrator to allow a person to participate in this program if it appears from the record that the person has not satisfactorily complied with reasonable rules and regulations while in custody. A person shall be eligible for participation in a home detention program only if the correctional administrator concludes

that the person meets the criteria for release established under this section and that the person's participation is consistent with any reasonable rules and regulations prescribed by the board of supervisors or the administrative policy of the correctional administrator.

(1) The rules and regulations and administrative policy of the program shall be written and reviewed on an annual basis by the county board of supervisors and the correctional administrator. The rules and regulations shall be given to or made available to any participant upon request.

(2) The correctional administrator, or his or her designee, shall have the sole discretionary authority to permit program participation as an alternative to physical custody. All persons referred or recommended by the court to participate in the home detention program pursuant to subdivision (e) who are denied participation or all persons removed from program participation shall be notified in writing of the specific reasons for the denial or removal. The notice of denial or removal shall include the participant's appeal rights, as established by program administrative policy.

(e) The court may recommend or refer a person to the correctional administrator for consideration for placement in the home detention program. The recommendation or referral of the court shall be given great weight in the determination of acceptance or denial. At the time of sentencing or at any time that the court deems it necessary, the court may restrict or deny the defendant's participation in a home detention program.

(f) The correctional administrator may permit home detention program participants to seek and retain employment in the community, attend psychological counseling sessions or educational or vocational training classes, or seek medical and dental assistance. Willful failure of the program participant to return to the place of home detention not later than the expiration of any period of time during which he or she is authorized to be away from the place of home detention pursuant to this section and unauthorized departures from the place of home detention are punishable as provided in Section 4532.

(g) The board of supervisors may prescribe a program administrative fee to be paid by each home detention participant that shall be determined according to his or her ability to pay.

Inability to pay all or a portion of the program fees shall not preclude participation in the program, and eligibility shall not be enhanced by reason of ability to pay. All program administration and supervision fees shall be administered in compliance with Section 1208.2.

(h) As used in this section, “Correctional administrator” means the sheriff, probation officer, or director of the county department of corrections.

(i) Notwithstanding any other law, the police department of a city where an office is located to which persons on an electronic monitoring program report may request the county correctional administrator to provide information concerning those persons. This information shall be limited to the name, address, date of birth, offense committed by the home detainee, and if available, at the discretion of the supervising agency and solely for investigatory purposes, current and historical GPS coordinates of the home detainee. A law enforcement department that does not have the primary responsibility to supervise participants in the electronic monitoring program that receives information pursuant to this subdivision shall not use the information to conduct enforcement actions based on administrative violations of the home detention program. A law enforcement department that has knowledge that the subject in a criminal investigation is a participant in an electronic monitoring program shall make reasonable efforts to notify the supervising agency prior to serving a warrant or taking any law enforcement action against a participant in an electronic monitoring program.

(j) It is the intent of the Legislature that home detention programs established under this section maintain the highest public confidence, credibility, and public safety. In the furtherance of these standards, the following shall apply:

(1) The correctional administrator, with the approval of the board of supervisors, may administer a home detention program pursuant to written contracts with appropriate public or private agencies or entities to provide specified program services. No public or private agency or entity may operate a home detention program in any county without a written contract with that county’s correctional administrator. However, this does not apply to the use of electronic monitoring by the Department of Corrections and Rehabilitation. No public or private agency or entity entering into

a contract may itself employ any person who is in the home detention program.

(2) Program acceptance shall not circumvent the normal booking process for sentenced offenders. All home detention program participants shall be supervised.

(3) (A) All privately operated home detention programs shall be under the jurisdiction of, and subject to the terms and conditions of the contract entered into with, the correctional administrator.

(B) Each contract shall include, but not be limited to, all of the following:

(i) A provision whereby the private agency or entity agrees to operate in compliance with any available standards promulgated by state correctional agencies and bodies, including the Corrections Standards Authority, and all statutory provisions and mandates, state and county, as appropriate and applicable to the operation of home detention programs and the supervision of sentenced offenders in a home detention program.

(ii) A provision that clearly defines areas of respective responsibility and liability of the county and the private agency or entity.

(iii) A provision that requires the private agency or entity to demonstrate evidence of financial responsibility, submitted and approved by the board of supervisors, in amounts and under conditions sufficient to fully indemnify the county for reasonably foreseeable public liability, including legal defense costs, that may arise from, or be proximately caused by, acts or omissions of the contractor. The contract shall provide for annual review by the correctional administrator to ensure compliance with requirements set by the board of supervisors and for adjustment of the financial responsibility requirements if warranted by caseload changes or other factors.

(iv) A provision that requires the private agency or entity to provide evidence of financial responsibility, such as certificates of insurance or copies of insurance policies, prior to commencing any operations pursuant to the contract or at any time requested by the board of supervisors or correctional administrator.

(v) A provision that permits the correctional administrator to immediately terminate the contract with a private agency or entity at any time that the contractor fails to demonstrate evidence of financial responsibility.

(C) All privately operated home detention programs shall comply with all appropriate, applicable ordinances and regulations specified in subdivision (a) of Section 1208.

(D) The board of supervisors, the correctional administrator, and the designee of the correctional administrator shall comply with Section 1090 of the Government Code in the consideration, making, and execution of contracts pursuant to this section.

(E) The failure of the private agency or entity to comply with statutory provisions and requirements or with the standards established by the contract and with the correctional administrator may be sufficient cause to terminate the contract.

(F) Upon the discovery that a private agency or entity with whom there is a contract is not in compliance pursuant to this paragraph, the correctional administrator shall give 60 days' notice to the director of the private agency or entity that the contract may be canceled if the specified deficiencies are not corrected.

(G) Shorter notice may be given or the contract may be canceled without notice whenever a serious threat to public safety is present because the private agency or entity has failed to comply with this section.

(k) For purposes of this section, "evidence of financial responsibility" may include, but is not limited to, certified copies of any of the following:

- (1) A current liability insurance policy.
- (2) A current errors and omissions insurance policy.
- (3) A surety bond.

(b) Notwithstanding any other law, the board of supervisors of any county may authorize the correctional administrator, as defined in paragraph (1) of subdivision (k), to offer a program under which inmates being held in lieu of bail in a county jail or other county correctional facility may participate in an electronic monitoring program if the conditions specified in subdivision (c) are met.

(c) (1) In order to qualify for participation in an electronic monitoring program pursuant to this section, the inmate shall be

an inmate with no holds or outstanding warrants to whom one of the following circumstances applies:

(A) The inmate has been held in custody for at least 30 calendar days from the date of arraignment pending disposition of only misdemeanor charges.

(B) The inmate has been held in custody pending disposition of charges for at least 60 calendar days from the date of arraignment.

(C) The inmate is appropriate for the program based on a determination by the correctional administrator that the inmate's participation would be consistent with the public safety interests of the community.

(2) All participants shall be subject to discretionary review for eligibility and compliance by the correctional administrator consistent with this section.

(d) The board of supervisors, after consulting with the sheriff and district attorney, may prescribe reasonable rules and regulations under which an electronic monitoring program pursuant to this section may operate. As a condition of participation in the electronic monitoring program, the participant shall give his or her consent in writing to participate and shall agree in writing to comply with the rules and regulations of the program, including, but not limited to, all of the following:

(1) The participant shall remain within the interior premises of his or her residence during the hours designated by the correctional administrator.

(2) The participant shall admit any person or agent designated by the correctional administrator into his or her residence at any time for purposes of verifying the participant's compliance with the conditions of his or her detention.

(3) The electronic monitoring may include global positioning system devices or other supervising devices for the purpose of helping to verify the participant's compliance with the rules and regulations of the electronic monitoring program. The electronic devices shall not be used to eavesdrop or record any conversation, except a conversation between the participant and the person supervising the participant to be used solely for the purposes of voice identification.

(4) The correctional administrator in charge of the county correctional facility from which the participant was released may,

without further order of the court, immediately retake the person into custody if the electronic monitoring or supervising devices are unable for any reason to properly perform their function at the designated place of home detention, if the person fails to remain within the place of home detention as stipulated in the agreement, if the person willfully fails to pay fees to the provider of electronic home detention services, as stipulated in the agreement, subsequent to the written notification of the participant that the payment has not been received and that return to custody may result, or if the person for any other reason no longer meets the established criteria under this section.

(5) A copy of the signed consent to participate and a copy of the agreement to comply with the rules and regulations shall be provided to the participant and a copy shall be retained by the correctional administrator.

(e) The rules and regulations and administrative policy of the program shall be reviewed on an annual basis by the county board of supervisors and the correctional administrator. The rules and regulations shall be given to every participant.

(f) Whenever the peace officer supervising a participant has reasonable cause to believe that the participant is not complying with the rules or conditions of the program, or that the electronic monitoring devices are unable to function properly in the designated place of confinement, the peace officer may, under general or specific authorization of the correctional administrator, and without a warrant of arrest, retake the person into custody.

(g) (1) Nothing in this section shall be construed to require the correctional administrator to allow a person to participate in this program if it appears from the record that the person has not satisfactorily complied with reasonable rules and regulations while in custody. A person shall be eligible for participation in an electronic monitoring program only if the correctional administrator concludes that the person meets the criteria for release established under this section and that the person's participation is consistent with any reasonable rules and regulations prescribed by the board of supervisors or the administrative policy of the correctional administrator.

(2) The correctional administrator, or his or her designee, shall have discretionary authority consistent with this section to permit program participation as an alternative to physical custody. All

persons approved by the correctional administrator to participate in the electronic monitoring program pursuant to subdivision (c) who are denied participation and all persons removed from program participation shall be notified in writing of the specific reasons for the denial or removal. The notice of denial or removal shall include the participant's appeal rights, as established by program administrative policy.

(h) The correctional administrator may permit electronic monitoring program participants to seek and retain employment in the community, attend psychological counseling sessions or educational or vocational training classes, or seek medical and dental assistance.

(i) Willful failure of the program participant to return to the place of home detention prior to the expiration of any period of time during which he or she is authorized to be away from the place of home detention pursuant to this section and unauthorized departures from the place of home detention is punishable pursuant to Section 4532.

(j) The board of supervisors may prescribe a program administrative fee to be paid by each electronic monitoring participant.

(k) For purposes of this section, the following terms have the following meanings:

(1) "Correctional administrator" means the sheriff, probation officer, or director of the county department of corrections.

(2) "Electronic monitoring program" includes, but is not limited to, home detention programs, work furlough programs, and work release programs.

SEC. 5. Section 2900.5 of the Penal Code is amended to read:

2900.5. (a) In all felony and misdemeanor convictions, either by plea or by verdict, when the defendant has been in custody, including, but not limited to, any time spent in a jail, camp, work furlough facility, halfway house, rehabilitation facility, hospital, prison, juvenile detention facility, or similar residential institution, all days of custody of the defendant, including days served as a condition of probation in compliance with a court order, credited to the period of confinement pursuant to Section 4019, and days served in home detention pursuant to Section 1203.016 or 1203.018, shall be credited upon his or her term of imprisonment, or credited to any fine, including, but not limited to, base fines, on a proportional basis, that may be imposed, at the rate of not less than thirty dollars (\$30) per day, or more, in the discretion of the court imposing the sentence. If the total number of days in custody exceeds the number of days of the term of imprisonment to be imposed, the entire term of imprisonment shall be deemed to have been served. In any case where the court has imposed both a prison or jail term of imprisonment and a fine, any days to be credited to the defendant shall first be applied to the term of imprisonment imposed, and thereafter the remaining days, if any, shall be applied to the fine, including, but not limited to, base fines, on a proportional basis.

(b) For the purposes of this section, credit shall be given only where the custody to be credited is attributable to proceedings related to the same conduct for which the defendant has been convicted. Credit shall be given only once for a single period of custody attributable to multiple offenses for which a consecutive sentence is imposed.

(c) For the purposes of this section, “term of imprisonment” includes any period of imprisonment imposed as a condition of probation or otherwise ordered by a court in imposing or suspending the imposition of any sentence, and also includes any term of imprisonment, including any period of imprisonment prior to release on parole and any period of imprisonment and parole, prior to discharge, whether established or fixed by statute, by any court, or by any duly authorized administrative agency.

(d) It is the duty of the court imposing the sentence to determine the date or dates of any admission to, and release from, custody prior to sentencing and the total number of days to be credited pursuant to this section. The total number of days to be credited shall be contained in the abstract of judgment provided for in Section 1213.

(e) It is the duty of any agency to which a person is committed to apply the credit provided for in this section for the period between the date of sentencing and the date the person is delivered to the agency.

(f) If a defendant serves time in a camp, work furlough facility, halfway house, rehabilitation facility, hospital, juvenile detention facility, similar residential facility, or home detention program pursuant to Section 1203.016, 1203.017, or 1203.018, in lieu of imprisonment in a county jail, the time spent in these facilities or programs shall qualify as mandatory time in jail.

(g) Notwithstanding any other provision of this code as it pertains to the sentencing of convicted offenders, this section does not authorize the sentencing of convicted offenders to any of the facilities or programs mentioned herein.

SEC. 6. Section 4019 of the Penal Code is amended to read:

4019. (a) The provisions of this section shall apply in all of the following cases:

(1) When a prisoner is confined in or committed to a county jail, industrial farm, or road camp, or any city jail, industrial farm, or road camp, including all days of custody from the date of arrest

to the date on which the serving of the sentence commences, under a judgment of imprisonment, or a fine and imprisonment until the fine is paid in a criminal action or proceeding.

(2) When a prisoner is confined in or committed to the county jail, industrial farm, or road camp or any city jail, industrial farm, or road camp as a condition of probation after suspension of imposition of a sentence or suspension of execution of sentence, in a criminal action or proceeding.

(3) When a prisoner is confined in or committed to the county jail, industrial farm, or road camp or any city jail, industrial farm, or road camp for a definite period of time for contempt pursuant to a proceeding, other than a criminal action or proceeding.

(4) When a prisoner is confined in a county jail, industrial farm, or road camp, or a city jail, industrial farm, or road camp following arrest and prior to the imposition of sentence for a felony conviction.

(5) When a prisoner is confined in a county jail, industrial farm, or road camp, or a city jail, industrial farm, or road camp as part of custodial sanction imposed following a violation of postrelease community supervision or parole.
