LEGISLATIVE COUNSEL'S DIGEST

SB 71, as amended, Committee on Budget and Fiscal Review. State government.

(1) Existing law, the California Private Postsecondary Education Act of 2009, provides, among other things, for student protections and regulatory oversight of private postsecondary institutions in the state. The act is enforced by the Bureau for Private Postsecondary Education within the Department of Consumer Affairs. The act exempts specified institutions, including institutions accredited by certain federally recognized accrediting agencies and institutions accredited by a regional accrediting agency, from its provisions, and is repealed on January 1, 2015.

This bill would authorize certain institutions, which are otherwise exempt from the requirement in the act that they obtain approval to operate from the bureau, to apply to the bureau for an approval to operate under the act. The bill would specify the authority of the bureau with regard to those institutions and would provide that, upon being issued an approval to operate, those institutions would be subject to the act and regulations adopted pursuant to the act. The bill would require these institutions to report certain placement and salary or wage data to the bureau and provide certain information to prospective students. This bill would provide that an institution that was approved to operate by the bureau before its effective date shall be deemed to have been approved pursuant to the bill's provisions. All of these provisions would be repealed on January 1, 2015, as part of the act.

(2) The California Constitution authorizes the Legislature, at any time after the approval by the voters of a law authorizing the issuance of bonded indebtedness, to reduce the amount of the indebtedness authorized by the law to an amount not less than the amount contracted at the time of the reduction.

This bill would reduce the amount of bonded indebtedness authorized by the Public Education Facilities Bond Act of 1996 by \$12,965,000.

~~(3) Existing law, the California Public Records Act (CPRA), requires state and local agencies to make public records available upon receipt of a request that reasonably describes an identifiable record not otherwise exempt from disclosure, upon the payment of fees to cover costs.~~

~~This bill would, commencing on the effective date of this bill, make compliance with certain provisions of the CPRA, which among other things relate to the delivery of electronic data, optional for local agencies. The bill would encourage local agencies to follow these provisions as “best practices” and would require a local agency that determines that it will not follow these best practices to so announce orally at its next regularly scheduled public meeting and annually thereafter. By requiring this announcement, this bill would impose a state-mandated local program.~~

~~Existing constitutional provisions require that a statute that limits the right of access to the meetings of public bodies or the writings of public officials and agencies be adopted with findings demonstrating the interest protected by the limitation and the need for protecting that interest.~~

~~This bill would make legislative findings to that effect.~~

~~The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.~~

~~This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions:~~

~~(4)~~

~~(3) Existing law authorizes the Director of General Services to purchase, exchange, or otherwise acquire real property and construct facilities, including any improvements, betterments, and related facilities, within the jurisdiction of the Capital Area Plan in the City of Sacramento and authorizes the State Public Works Board to issue up to \$391,000,000 in revenue bonds, negotiable notes, or negotiable bond anticipation notes to finance the costs associated with the acquisition, design, and construction of office and parking facilities in the Capital Area Plan.~~

This bill would repeal this authority given to the Director of General Services and the State Public Works Board.

(5)

(4) Existing law creates within state government the Commission on the Status of Women and Girls. Existing law requires the commission to act as an information center on the status of women and women's educational, employment, and other related needs.

This bill would create a fund in the State Treasury to carry out these provisions.

(6)

(5) Existing law, the California Disaster Assistance Act, establishes, until January 1, 2014, the Disaster Response-Emergency Operations Account in the Special Fund for Economic Uncertainties and continuously appropriates its revenue for allocation by the Director of Finance to state agencies for disaster response operation costs incurred as a result of a proclamation by the Governor of a state of emergency.

This bill would extend the termination date for these provisions until January 1, 2019, and would thereby make an appropriation by extending the time during which funds are continuously appropriated from the account.

(7)

(6) The California Victim Compensation and Government Claims Board administers a program to assist state residents to obtain compensation for their pecuniary losses suffered as a direct result of criminal acts. Payment is made under these provisions from the Restitution Fund, which is continuously appropriated to the board for these purposes.

This bill would authorize the board, as specified, to administer a program to award, upon appropriation by the Legislature, up to \$2,000,000 in grants, annually, to trauma recovery centers, as defined, funded from the Restitution Fund.

(8)

(7) Existing law authorizes a state agency to furnish services, materials, or equipment to, or perform work for, any other state agency upon terms and conditions and for such consideration as they may determine, and to enter into agreements for that purpose, subject to approval of the Director of General Services. Existing law requires a state agency that furnishes the services, materials, or equipment to, or performs the work for, the other state agency to compute charges in a manner approved by the Director of Finance.

This bill would authorize the Department of Finance to furnish services to, or provide work for, any other state agency, as requested by the state agency, the Governor, or the Legislature, or as otherwise needed or directed, which agreement would not require approval by the Director of General Services. The bill would require the department to charge the state agency an amount sufficient to recover the costs of furnishing services to, or the work performed for, the state agency, and would require the Controller to transfer to the department the amount of the charge for services rendered or the work performed from the state agency's support appropriation to the appropriation for the support of the department, as specified.

~~(9)~~

(8) Existing law governing the acquisition of information technology goods and services requires all contracts for the acquisition of information technology goods and services, whether by lease or purchase, to be made under the supervision of the Department of General Services. Existing law requires procedures developed by the Department of General Services to provide for, among other things, the expeditious and value-effective acquisition of information technology goods and services to satisfy state requirements and the acquisition of information technology goods and services within a competitive framework. Existing law requires the Department of General Services to maintain, in the State Administrative Manual, policies and procedures governing the acquisition and disposal of information technology goods and services. Existing law requires the acquisition of information technology goods and services to be conducted through competitive means, except when the Director of General Services makes specified determinations. Under existing law, the Regents of the University of California, the Trustees of the California State University, and the Board of Governors of the California Community Colleges are not subject to those provisions governing the acquisition of information technology goods and services, except that the board is required to adopt policies and procedures that further the legislative policies of those provisions.

This bill would establish the Golden State Financial Marketplace Program or GS \$Mart Program (program). The bill would authorize the Department of General Services to structure, administer, and maintain the program, the state's centralized financing program available for state agencies to finance certain goods and services, as described. The bill would make state agencies, defined to include every state office, officer, department, division, bureau, board, and commission and the

California State University and the Regents of the University of California, eligible to apply to the program in order to enter into agreements for financing those specified assets, including, but not limited to, energy efficiency measures, energy savings contracts, or technology goods or services, without further competitive bidding. The bill would also authorize state agencies to refinance any eligible asset through the program for various purposes. The bill would require the Department of General Services to develop a financing process for the program that requires, among other things, confirmation that the term of financing shall be limited to the average expected economic life of the asset or assets and the preparation and submission of payment schedules to the Controller for use by the Controller in transferring funds appropriated in the annual Budget Act to a state agency participating in the program for payments due under the financing program. The bill would authorize the Controller to direct the transfer of funds according to the schedule or schedules submitted by the Department of General Services pursuant to the program. This bill would require the Department of General Services to annually provide a report to the Joint Legislative Budget Committee, the State Treasurer's Office, and the Department of Finance to include specified information, including the total amount of outstanding GS \$Mart loans.

(10)

(9) Existing law authorizes the State Personnel Board to conduct an audit of an appointing authority's personnel practices to ensure compliance with the civil service laws and board regulations, including selection and examination procedures, appointments, promotions, the management of probationary periods, personal services contracts, discipline and adverse actions, or any other area related to the operation of merit principle in state civil service. Existing law requires the board to recover the cost of any audit or investigation from the audited department.

This bill would delete that cost recovery provision, and, instead, require the board to determine costs associated with the board's audit and special investigative authority and recover costs by billing appointing authorities in accordance with prescribed procedures. This bill would require the Controller to transfer to the board any moneys owed to the board by any appointing authority under these provisions. The bill would require the board to report annually on its audit and special investigation activities pursuant to the bill from the preceding fiscal year to the Chairperson of the Joint Legislative Budget Committee.

~~(11)~~

~~(10)~~ Existing law authorizes the board to hold hearings and make investigations concerning all matters relating to the enforcement and effect of the State Civil Service Act, as specified, and to determine and recover the attendant costs.

This bill would require the Controller to transfer to the board any moneys owed to the board by any state agency or department for charges determined by the board.

~~(12)~~

~~(11)~~ Existing law establishes the Department of Human Resources in state government to operate the state civil service system in accordance with Article VII of the California Constitution, the Government Code, the merit principle, and applicable rules duly adopted by the State Personnel Board. Existing law requires that civil service positions be filled by appointment, except as provided.

This bill would require the Department of Human Resources to submit reports to the Joint Legislative Budget Committee and certain fiscal committees of the Legislature, by November 30, 2013, and November 30, 2014, regarding additional appointments held by state employees, as specified. The bill would also require, by November 30, 2013, the State Personnel Board to submit a report to the Joint Legislative Budget Committee and certain fiscal committees of the Legislature regarding the policies and practices included in the Personnel Management Policy and Procedures Manual, as specified.

~~(13)~~

~~(12)~~ Existing law provides for the California Earthquake Authority (CEA) governed by a 3-member governing board consisting of the Governor, the Treasurer, and the Insurance Commissioner. The Speaker of the Assembly and the Chairperson of the Senate Committee on Rules serve as nonvoting, ex officio members of the board. The CEA is vested with certain powers and duties, including, but not limited to, the authorization to employ a maximum of 25 people subject to civil service provisions.

This bill would remove the limit on the number of people, subject to civil service provisions, that the CEA can employ.

~~(14)~~ Existing law provides for the establishment and operation of cities, counties, cities and counties, districts, and other local government agencies, the composition of their governing bodies, and the compensation of the members of those governing bodies.

~~Existing law, for certain of those local agencies, requires that the members be compensated for their services, be reimbursed for their expenses, or both.~~

~~This bill would recast those provisions to, instead, authorize the members of local agency governing boards to receive compensation or reimbursement. The bill would declare that, notwithstanding any other law, any statute that requires that a governing board member of a local agency receive compensation, or be reimbursed for expenses, for services as a board member, shall, instead be construed to confer upon the local agency the discretion to authorize, by ordinance or resolution, compensation or reimbursement as otherwise set forth in the statute.~~

~~(15)~~

~~(13) Existing law establishes a return-to-work program, administered by the Department of Industrial Relations, to make supplemental payments to workers whose permanent disability benefits are disproportionately low in comparison to their earnings loss. Existing law appropriates \$120,000,000 per year to fund this program.~~

~~This bill would specify that the moneys remain available for use by the program without respect to fiscal year and that the program applies only to injuries that occur on or after January 1, 2013.~~

~~(16)~~

~~(14) Existing law creates the Occupational Safety and Health Fund (OSHF) as a special account in the State Treasury, and authorizes the expenditure of moneys in the account by the Department of Industrial Relations, upon appropriation by the Legislature, for support of the Division of Occupational Safety and Health, the Occupational Safety and Health Standards Board, and the Occupational Safety and Health Appeals Board, and the activities these entities perform as set forth in existing law. Existing law creates the Labor Enforcement and Compliance Fund (LECF) as a special account in the State Treasury and authorizes the expenditure of moneys in the account by the department, upon appropriation by the Legislature, for the support of specified activities that the Division of Labor Standards Enforcement performs. Existing law requires the Director of Industrial Relations to impose separate surcharges on employers for purposes of deposit in the OSHF and LECF and establishes \$52,000,000 and \$37,000,000 revenue caps for those surcharges, respectively, to be adjusted as prescribed. The provisions for the LECF, and the OSHF revenue cap, become inoperative on July 1, 2013.~~

This bill would increase those revenue caps to \$57,000,000 for the OSHF, to be adjusted as prescribed, and \$46,000,000 for the LECF, to be adjusted as prescribed. The bill would delete that July 1, 2013, inoperative provision, thereby making the provisions for the LECF, and the OSHF revenue cap, operative indefinitely.

Existing law establishes the Cal-OSHA Targeted Inspection and Consultation Fund (TICF) as a special account in the State Treasury, and authorizes the expenditure of moneys in the account by the department, upon appropriation by the Legislature, for the costs of a Cal-OSHA targeted inspection program and a Cal-OSHA targeted consultation program. Existing law requires the director to levy and collect assessments as prescribed to produce revenue sufficient to fund those programs.

This bill would make the TICF inoperative on June 30, 2014, and repeal that fund as of January 1, 2015. The bill would require any moneys in the TICF on the effective date of the bill, less \$5,000,000, to be deposited in the OSHF, and, effective June 30, 2014, the remaining balance in that fund, to be transferred to, and become part of, the OSHF. The bill would require, for the 2013–14 fiscal year only, the OSHF revenue cap to be reduced by an amount equivalent to the balance transferred from the TICF, less any amount of that balance loaned to the State Public Works Enforcement Fund.

Existing law creates the State Public Works Enforcement Fund as a special fund in the State Treasury, and requires all moneys in the fund to be continuously appropriated to the Department of Industrial Relations, to monitor and enforce compliance with the applicable prevailing wage requirements on public works projects paid for in whole or part out of public funds that are derived from bonds issued by the state, and on other projects for which the department provides prevailing wage monitoring and enforcement activities and for which it is to be reimbursed by the awarding body, as provided.

This bill would appropriate for transfer by the State Controller upon order by the Department of Finance from the TICF a loan to the State Public Works Enforcement Fund. Because the State Public Works Enforcement Fund is a continuously appropriated fund, this transfer would make an appropriation. This bill would require the loan to be repaid to the OSHF by June 15, 2015, with interest, as calculated.

(17)

(15) Under existing law, a person without a valid state contractor's license who employs a worker to perform services for which such a

license is required is subject to a specified civil penalty. Civil penalties collected pursuant to these provisions are required to be deposited in the Industrial Relations Construction Industry Enforcement Fund to be used, upon appropriation by the Legislature, for the purpose of enforcing these provisions relating to prohibited employment by unlicensed contractors.

This bill would, as of July 1, 2013, eliminate the Industrial Relations Construction Industry Enforcement Fund, and direct the civil penalties to be deposited in the Labor Enforcement and Compliance Fund, a special fund used for, among others, the purpose of enforcing the provisions relating to prohibited employment by unlicensed contractors. The bill would also provide for the transfer of the remaining balance, assets, liabilities, revenue, and expenditures of the Industrial Relations Construction Industry Enforcement Fund to the Labor Enforcement and Compliance Fund.

~~(18)~~

(16) Existing law requires the Occupational Safety and Health Standards Board to, no later than July 1, 1992, adopt specified process safety management standards for prescribed petroleum refineries, chemical plants, and other manufacturing facilities. The law requires certain employers to establish and implement an emergency action plan unless a prescribed business plan for emergency response meets the standards established by the board.

Existing law, notwithstanding the availability of federal funds, authorizes the Division of Occupational Safety and Health to fix and collect reasonable fees for consultation, inspection, adoption of standards, and other duties conducted pursuant to these provisions and, upon appropriation by the Legislature, authorizes expenditure of those fees for these purposes.

This bill would, instead, require the board to adopt these regulations and fees by March 31, 2014. The bill would require that the annual fees be sufficient to support, at a minimum, 15 positions.

This bill would require that the fees be deposited into the Occupational Safety and Health Fund.

~~(19)~~

(17) Existing law, the Displaced Janitor Opportunity Act, requires contractors and subcontractors, as defined, that are awarded contracts or subcontracts to provide janitorial or building maintenance services at a particular job site or sites, to retain, for a period of 60 days, certain employees who were employed at that site by the previous contractor

or subcontractor. The act also requires that employees retained for that 60-day period be offered continued employment if their performance during that 60-day period is satisfactory. The act authorizes an employee who was not offered employment or who has been discharged in violation of these provisions by a successor contractor or successor subcontractor, or an agent of the employee, to bring an action against a successor contractor or successor subcontractor in any superior court of the state having jurisdiction over the successor contractor or successor subcontractor, as specified.

This bill would, until December 31, 2014, apply the provisions of the Displaced Janitor Opportunity Act to every contractor, as defined, that provides food and beverage services at a publicly owned entertainment venue, as defined.

(20)

(18) Existing law defines the term “public works” for purposes of requirements regarding the payment of prevailing wages, the regulation of working hours, and the securing of workers’ compensation for public works projects.

Existing law authorizes the awarding body for a public works project to not require the payment of the general prevailing rate of per diem wages on public works projects of specified sizes and types of work, if, among other things, the awarding body elects to reimburse the Department of Industrial Relations for the cost of monitoring and enforcing compliance with prevailing wage requirements for every public works project of the awarding body. Under existing law, the department is required to determine the rate of reimbursement the department will charge an awarding body for the costs of those monitoring and enforcement services, which may not exceed $\frac{1}{4}$ of 1% of the total public works project costs.

This bill would delete that limitation on the amount the department may charge an awarding body as reimbursement for those costs.

Under existing law, the Department of Industrial Relations is required to monitor and enforce compliance with applicable prevailing wage requirements for any public works project paid for in whole or in part out of public funds that are derived from bonds issued by the state. The department is required to charge the awarding body for the reasonable and directly related costs of monitoring and enforcing compliance with the prevailing wage requirements on each project. Under existing law, the department, with approval of the Director of Finance, is required to determine the rate of reimbursement the department will charge an

awarding body for the costs of those monitoring and enforcement services, which may not exceed $\frac{1}{4}$ of 1% of the state bond proceeds used for the public works project.

This bill would delete that limitation on the amount the department may charge an awarding body as reimbursement for those costs, and instead limit the amount of bond funds utilized by an awarding body to pay the department's fee to $\frac{1}{4}$ of 1% of the state bond proceeds used for the public works project. This bill would require the remaining costs of monitoring and enforcing compliance to be paid from other funds authorized to be used to finance the project.

This bill would require the department to annually provide specified information to assist an awarding body to reasonably estimate the annual cost of monitoring and enforcing compliance.

Money that is collected by the department for the cost of monitoring and enforcing compliance for those public works projects is deposited into the State Public Works Enforcement Fund, a continuously appropriated fund.

By increasing the amount of fees that would be deposited into the fund, this bill would make an appropriation.

~~(21)~~

(19) Existing law requires that a county that provides emergency services to provide deaf teletype equipment at a central location within the county to relay requests for the emergency services.

This bill would state that a county is encouraged to provide deaf teletype equipment in order to comply with the Americans with Disabilities Act and other applicable federal provisions.

~~(22)~~

(20) Existing law requires a court to require a probation officer to prepare a written probation report when a person is convicted of a felony and is eligible for probation. Existing law requires the probation officer to include a recommendation in the report of the amount the defendant may be required to pay as a restitution fine and whether the court shall require restitution to the victim or the Restitution Fund as a condition of probation.

This bill would instead provide that a probation officer may include these provisions in his or her probation report.

~~(23)~~

(21) Existing law requires every law enforcement agency that employs peace officers that are required to meet the training standards prescribed by the Emergency Medical Services Authority for the

administration of first aid and cardiopulmonary resuscitation to provide each of these peace officers an appropriate portable manual mask and airway assembly for use when applying cardiopulmonary resuscitation.

This bill would instead provide that a law enforcement agency may provide these masks and airway assemblies to the above-specified peace officers.

~~(24)~~

(22) Existing law requires every law enforcement agency in the state to adopt written policies and standards for officers' responses to domestic violence calls, and requires the policies to contain specified provisions, as provided. Existing law requires the policies to be available to the public upon request.

This bill would instead provide that these law enforcement agencies may adopt written policies as a best practice, and would provide that the policies may contain the specified provisions.

~~(25)~~

(23) Existing law requires law enforcement agencies to maintain a complete and systematic record of all protection orders with respect to domestic violence incidents, and requires that these be used to inform law enforcement officers responding to domestic violence calls of the existence, terms, and effective dates of protection orders in effect.

This bill would instead provide that law enforcement agencies may maintain these records as a best practice, and that they may be used to inform law enforcement officers responding to domestic violence calls of the existence, terms, and effective dates of protection orders in effect.

~~(26)~~

(24) Existing law requires each law enforcement agency to develop a system for recording all domestic violence-related calls for assistance made to the department, and requires these calls to be supported with a written incident report. Existing law requires that the total number of domestic violence calls be compiled by each law enforcement agency monthly and submitted to the Attorney General. Existing law requires each law enforcement agency to develop an incident report form, as specified.

This bill would instead provide that each law enforcement agency may develop the above system, and that the calls may be supported with a written incident report. The bill would provide that the total number of domestic calls may be compiled, and that each law enforcement agency may develop an incident report form.

~~(27)~~

(25) Existing law requires that a victim has the right to present a victim impact statement in all juvenile court hearings alleging the commission of any criminal offense. If the victim exercises the right to submit a victim impact statement to a probation officer, existing law requires the probation officer to include the statement in his or her social study.

This bill would instead provide that the probation officer is encouraged to include the statement in his or her social study.

~~(28)~~

(26) Existing law provides for Department of General Services approval of state agency contracts for services. However, contracts under \$75,000 are exempt if a state agency complies with certain requirements.

This bill would increase the exemption amount to apply to those contracts under \$150,000.

~~(29)~~

(27) Existing law authorizes the Department of General Services to maintain, develop, and prescribe procedures and policies for the procurement of information technology for the state, and requires the department to maintain in the State Administrative Manual policies and procedures governing the acquisition and disposal of information technology goods and services. Existing law also authorizes the Department of Technology to, among other duties related to technology services for the state, oversee information technology projects.

This bill would, as of July 1, 2013, realign and modify the duties relating to the procurement of information technology goods and services and information projects between the Department of General Services and the Department of Technology, and exempt the Department of Technology from the Administrative Procedure Act when promulgating rules relating to these duties.

~~(30)~~

(28) Existing law authorizes the Department of Motor Vehicles, in conjunction with the California Highway Patrol, to design and make available for issuance the California memorial license plate. Existing law requires the revenue from specified fees imposed in connection with the issuance, renewal, transfer, and substitution of California memorial license plates to be deposited in the Antiterrorism Fund within the General Fund, and provides that one half of the money, upon appropriation by the Legislature, be allocated solely for antiterrorism activities, as provided. Existing law provides that the administering

agency shall not use more than 5% of the money appropriated to it from the fund for administrative purposes.

This bill would revise those provisions to prohibit the administering agency, the Office of Emergency Services, from using more than 5% of the money appropriated from the fund for local antiterrorism efforts for administrative purposes. The bill would make additional technical conforming changes.

(31)

(29) The Governor's Reorganization Plan No. 2 of 2012 (GRP No. 2), operative July 1, 2013, generally requires the Office of Emergency Services, rather than the California Emergency Management Agency, to develop and implement the state's preparedness for emergencies and the Department of Technology, rather than the California Technology Agency or the State Chief Information Officer, to perform specified duties relating to communications technology.

This bill would, on July 1, 2013, enact statutory changes related to the responsibilities of the Office of Emergency Services under GRP No. 2 to perform specified duties related to emergency and public safety communications, and, in this regard, transfer certain duties from the California Emergency Management Agency, the Department of Technology, and the State Chief Information Officer to the Office of Emergency Services. This bill would also enact the Public Safety Communications Act of 2013, and establish the Public Safety Communications Division within the Office of Emergency Services to be under the supervision of a chief.

(32)

(30) Existing law creates the Strategic Growth Council, consisting of specified state officers and a public member appointed by the Governor, with specified duties relating to coordination of actions of state agencies relative to improvement of air and water quality, natural resource protection, transportation, and various other matters.

Existing law and the Governor's Reorganization Plan No. 2 of 2012, effective July 3, 2012, and operative July 1, 2013, assigns and reorganizes the various functions of state government among executive officers and agencies by, among other things, creating the Business, Consumer Services, and Housing Agency headed by a secretary.

This bill would add the Secretary of Business, Consumer Services, and Housing to the council.

(33)

(31) This bill would declare that it is to take effect immediately as a bill providing for appropriations related to the Budget Bill.

Vote: majority. Appropriation: yes. Fiscal committee: yes.
State-mandated local program: ~~yes~~-no.

The people of the State of California do enact as follows:

1 SECTION 1. Section 94874.8 is added to the Education Code,
2 to read:

3 94874.8. (a) An institution exempt from all or part of this
4 chapter pursuant to subdivision (i) or (j) of Section 94874 or
5 Section 94874.1 may apply to the bureau for an approval to operate
6 pursuant to this section, but only subject to all of the following
7 provisions:

8 (1) The bureau may approve the operation of an institution that
9 is exempt from all or part of this chapter as specified above in
10 accordance with the authority granted pursuant to Article 6
11 (commencing with Section 94885). Upon issuing an approval to
12 operate to an institution pursuant to this section, the bureau is
13 authorized to regulate that institution through the full set of powers
14 granted, and duties imposed, by this chapter, as those powers and
15 duties would apply to an institution that is not exempt from this
16 chapter.

15 *SEC. 32.* Section 10089.7 of the Insurance Code is amended
16 to read:

17 10089.7. (a) The authority shall be governed by a
18 three-member governing board consisting of the Governor, the
19 Treasurer, and the Insurance Commissioner, each of whom may
20 name designees to serve as board members in their place. The
21 Speaker of the Assembly and the Chairperson of the Senate
22 Committee on Rules shall serve as nonvoting, ex officio members
23 of the board, and may name designees to serve in their place.

24 (b) The board shall be advised by an advisory panel whose
25 members shall be appointed by the Governor, except as provided
26 in this subdivision. The advisory panel shall consist of four
27 members who represent insurance companies that are licensed to

37 convenience, and panel members may be reappointed. The
38 commissioner shall be a nonvoting, ex officio member of the panel
39 and shall be entitled to attend all panel meetings, either in person
40 or by representative.

1 (c) The board shall have the power to conduct the affairs of the
2 authority and may perform all acts necessary or convenient in the
3 exercise of that power. Without limitation, the board may: (1)

7 operation of the authority; (4) invest the moneys in the California
8 Earthquake Authority Fund; (5) obtain reinsurance and financing

10 participating insurers to service the policies of basic residential
11 earthquake insurance issued by the authority; (7) issue bonds
12 payable from and secured by a pledge of the authority of all or any
13 part of the revenues of the authority to finance the activities
14 authorized by this chapter and sell those bonds at public or private
15 sale in the form and on those terms and conditions as the Treasurer
16 shall approve; (8) pledge all or any part of the revenues of the
17 authority to secure bonds and any repayment or reimbursement
18 obligations of the authority to any provider of insurance or a
19 guarantee of liquidity or credit facility entered into to provide for
20 the payment of debt service on any bond of the authority; (9)
21 employ and compensate bond counsel, financial consultants, and
22 other advisers determined necessary by the Treasurer in connection
23 with the issuance and sale of any bonds; (10) issue or obtain from
24 any department or agency of the United States or of this state, or

29 authority; (12) issue bonds to refund or purchase or otherwise
30 acquire bonds on terms and conditions as the Treasurer shall
31 approve; and (13) perform all acts that relate to the function and
32 purpose of the authority, whether or not specifically designated in
33 this chapter.

34 (d) The authority shall reimburse board and panel members for
35 their reasonable expenses incurred in attending meetings and
36 conducting the business of the authority.

37 (e) (1) There shall be a limited civil immunity and no criminal
38 liability in a private capacity, on account of any act performed or
39 omitted or obligation entered into an official capacity, when done
40 or omitted in good faith and without intent to defraud, on the part

1 of the board, the panel, or any member of either, or on the part of
2 any officer, employee, or agent of the authority. This provision
3 shall not eliminate or reduce the responsibility of the authority
4 under the covenant of good faith and fair dealing.

5 (2) In any claim against the authority based upon an earthquake
6 policy issued by the authority, the authority shall be liable for any
7 damages, including damages under Section 3294 of the Civil Code,
8 for a breach of the covenant of good faith and fair dealing by the
9 authority or its agents.

10 (3) In any claim based upon an earthquake policy issued by the
11 authority, the participating carrier shall be liable for any damages
12 for a breach of a common law, regulatory, or statutory duty as if
13 it were a contracting insurer. The authority shall indemnify the
14 participating carrier from any liability resulting from the authority's
15 actions or directives. The board shall not indemnify a participating
16 carrier for any loss resulting from failure to comply with directives
17 of the authority or from violating statutory, regulatory, or common
18 law governing claims handling practices.

19 (4) A licensed insurer, its officers, directors, employees, or
20 agents, shall not have any antitrust civil or criminal liability under
21 the Cartwright Act (Part 2 (commencing with Section 16600) of
22 Division 7 of the Business and Professions Code) by reason of its
23 activities conducted in compliance with this chapter. Further, the
24 California Earthquake Authority shall be deemed a joint
25 arrangement established by statute to ensure the availability of
26 insurance pursuant to subdivision (b) of Section 1861.03.

27 (5) Subject to Section 10089.21, this chapter shall not be
28 construed to limit any exercise of the commissioner's power,
29 including enforcement and disciplinary actions, or the imposition
30 of fines and orders to ensure compliance with this chapter, the
31 rules and guidelines of the authority, or any other law or rule
32 applicable to the business of insurance.

33 (6) Except as provided in paragraph (3) and by any other
34 provision of this chapter, liability on the part of, and a cause of
35 action, shall not be permitted in law or equity against, any
36 participating insurer for any earthquake loss to property for which
37 the authority has issued a policy unless the loss is covered by an
38 insurance policy issued by the participating insurer. A policy issued
39 by the authority shall not be deemed to be a policy issued by a
40 participating insurer.

1 (f) The Attorney General, in his or her discretion, shall provide
2 a representative of his or her office to attend and act as antitrust
3 counsel at all meetings of the panel. The Attorney General shall
4 be compensated for legal service rendered in the manner specified
5 in Section 11044 of the Government Code.

6 (g) The authority may sue or be sued and may employ or
7 contract with that staff and those professionals the board deems
8 necessary for its efficient administration.

9 (h) (1) The authority may contract for the services of a chief
10 executive officer, a chief financial officer, a chief mitigation
11 officer, and an operations manager, and may contract for the
12 services of reinsurance intermediaries, financial market
13 underwriters, modeling firms, a computer firm, an actuary, an
14 insurance claims consultant, counsel, and private money managers.
15 These contracts shall not be subject to otherwise applicable
16 provisions of the Government Code and the Public Contract Code,
17 and for those purposes, the authority shall not be considered a state
18 agency or other public entity. Other employees of the authority
19 shall be subject to civil service provisions.

20 (2) When the authority hires multiple private money managers
21 to manage the assets of the California Earthquake Authority Fund,
22 other than the primary custodian of the securities, the authority
23 shall consider small California-based firms who are qualified to
24 manage the money in the fund. The purpose of this provision is to
25 prevent the exclusion of small qualified investment firms solely
26 because of their size.

27 (i) Members of the board and panel, and their designees, and
28 the chief executive officer, the chief financial officer, the chief
29 mitigation officer, and the operations manager of the authority
30 shall be required to file financial disclosure statements with the
31 Fair Political Practices Commission. The appointing authorities
32 for members and designees of the board and panel shall, when
33 making appointments, avoid appointing persons with conflicts of
34 interest. Section 87406 of the Government Code, the Milton Marks
35 Postgovernment Employment Restrictions Act of 1990, shall apply
36 to the authority. Members of the board, the chief financial officer,
37 the chief executive officer, the chief operations manager, the chief
38 counsel, and any other person designated by the authority shall be
39 deemed to be designated employees for the purpose of that act. In
40 addition, no member of the board, nor the chief financial officer,

1 the chief executive officer, the chief operations manager, and the
2 chief counsel, shall, upon leaving the employment of the authority,
3 seek, accept, or enter into employment or a consulting or other
4 contractual arrangement for the period of one year with any
5 employer or entity that entered into a participating agreement, or
6 a reinsurance, bonding, letter of credit, or private capital markets
7 contract with the authority during the time the employee was
8 employed by the authority, which that member or employee had
9 negotiated or approved, or participated in negotiating. A violation
10 of these provisions shall be subject to enforcement pursuant to
11 Chapter 11 (commencing with Section 91000) of Title 9 of the
12 Government Code.

13 (j) The board shall establish the duties of, and give direction to,
14 the chief mitigation officer, to support and enhance the authority's
15 appropriate efforts to create and maintain all of the following:

16 (1) Program activities that mitigate against seismic risks, for
17 the benefit of homeowners, other property owners, including
18 landlords with smaller holdings, and the general public of the state.

19 (2) Collaboration with academic institutions, nonprofit entities,
20 and commercial business entities in joint efforts to conduct
21 mitigation-related research and educational activities, and conduct
22 program activities to mitigate against seismic risk.

23 (3) Programs to provide financial assistance in the form of loans,
24 grants, credits, rebates, or other financial incentives to further
25 efforts to mitigate against seismic risk, including, but not limited
26 to, structural and contents retrofitting of residential structures.

27 (4) Collaborations and joint programs with subdivisions and
28 programs of local, state, and federal governments and with other
29 national programs that may further California's disaster
30 preparedness, protection, and mitigation goals.

31 (5) Other programs, support efforts, and activities deemed
32 appropriate by the board to further the authority's appropriate
33 mitigation and mitigation-related goals.

34 (k) The authority may accept grants and gifts of property, real
35 or personal, tangible and intangible, and services for the Earthquake
36 Loss Mitigation Fund, created pursuant to Section 10089.37, or
37 the related residential retrofit program from federal, state, and local
38 government sources and private sources.

39 (l) The Bagley-Keene Open Meeting Act (Article 9
40 (commencing with Section 11120) of Chapter 1 of Part 1 of

1 Division 3 of Title 2 of the Government Code) applies to meetings
2 of the board and the panel.

12 Moneys shall remain available for use by the return-to-work
13 program without respect to the fiscal year.

14 (b) Eligibility for payments and the amount of payments shall
15 be determined by regulations adopted by the director, based on
16 findings from studies conducted by the director in consultation
17 with the Commission on Health and Safety and Workers'
18 Compensation. Determinations of the director shall be subject to
19 review at the trial level of the appeals board upon the same grounds

2 specified in Section 1060, the following terms shall also have the
3 following meanings:

4 (1) “Awarding authority” means any person that awards or
5 otherwise enters into contracts for food and beverage services at
6 a publicly owned entertainment venue.

7 (2) “Contractor” means any person that employs an individual

19 continuous basis.

20 (c) This section shall remain in effect only until December 31,
21 2014, and as of that date is repealed.

22 ~~SEC. 49.~~

23 *SEC. 40.* Section 1771.3 of the Labor Code is amended to read:

24 1771.3. (a) (1) The Department of Industrial Relations shall
25 monitor and enforce compliance with applicable prevailing wage
26 requirements for any public works project paid for in whole or
27 part out of public funds, within the meaning of subdivision (b) of
28 Section 1720, that are derived from bonds issued by the state, and
29 shall charge each awarding body for the reasonable and directly
30 related costs of monitoring and enforcing compliance with the
31 prevailing wage requirements on each project.

32 (2) (A) The State Public Works Enforcement Fund is hereby
33 created as a special fund in the State Treasury. All moneys received
34 by the department pursuant to this section shall be deposited in
35 the fund. Notwithstanding Section 13340 of the Government Code,
36 all moneys in the fund shall be continuously appropriated to the
37 Department of Industrial Relations, to monitor and enforce
38 compliance with the applicable prevailing wage requirements on
39 public works projects paid for in whole or part out of public funds,
40 within the meaning of subdivision (b) of Section 1720, that are

1 derived from bonds issued by the state and other projects for which
2 the department provides prevailing wage monitoring and
3 enforcement activities and for which it is to be reimbursed by the
4 awarding body, and shall not be used or borrowed for any other
5 purpose.

6 (B) Notwithstanding any other law, upon order of the Director
7 of Finance, a loan in the amount of four million three hundred
8 thousand dollars (\$4,300,000) shall be provided from the Uninsured
9 Employers Benefit Trust Fund to the State Public Works
10 Enforcement Fund to meet the startup needs of the Labor
11 Compliance Monitoring Unit.

12 (3) The Director of Industrial Relations shall adopt regulations
13 implementing this section, specifying the activities, including, but
14 not limited to, monthly review, and audit if appropriate, of payroll
15 records, which the department will undertake to monitor and
16 enforce compliance with applicable prevailing wage requirements
17 on public works projects paid for in whole or part out of public
18 funds, within the meaning of subdivision (b) of Section 1720, that
19 are derived from bonds issued by the state. The department, with
20 the approval of the Director of Finance, shall determine the rate,
21 which the department may from time to time amend, that the
22 department will charge to recover the reasonable and directly
23 related costs of performing the monitoring and enforcement
24 services for public works projects. The amount of bond funds
25 utilized by an awarding body to pay the department's fee shall not
26 exceed one-fourth of 1 percent of the state bond proceeds used for
27 the public works projects, with any other remaining costs of
28 monitoring and enforcing compliance to be paid by the awarding
29 body from other funds authorized to be used to finance the project.

30 (4) The reasonable and directly related costs of monitoring and
31 enforcing compliance with the prevailing wage requirements on
32 a public works project incurred by the department in accordance
33 with this section are payable by the awarding body of the public
34 works project as a cost of construction. Notwithstanding any other
35 provision of law, but subject to any limitations or restrictions of
36 the bond act, the board, commission, department, agency, or official
37 responsible for the allocation of bond proceeds from the bond
38 funds shall consider and provide for amounts in support of the
39 costs when allocating or approving expenditures of bond proceeds
40 for the construction of the authorized project. The awarding body

1 may elect not to receive or expend amounts from bond proceeds
2 to pay the costs of the project; however, that election does not
3 relieve the awarding body from reimbursing the Department of
4 Industrial Relations from other funding sources for monitoring
5 and enforcing prevailing wage requirements on the project pursuant
6 to this section or any other applicable provision of law. The
7 department shall annually provide information, as specified in
8 regulations, to assist an awarding body to reasonably estimate the
9 annual cost of monitoring and enforcing compliance.

10 (b) Paragraph (1) of subdivision (a) shall not apply to any
11 contract for a public works project paid for in whole or part out of
12 public funds, within the meaning of subdivision (b) of Section
13 1720, that are derived from bonds issued by the state if the contract
14 was awarded under any of the following conditions:

15 (1) The contract was awarded prior to the effective date of
16 implementing regulations adopted by the department pursuant to
17 paragraph (3) of subdivision (a).

18 (2) The contract was awarded on or after the effective date of
19 the regulations described in paragraph (1), if the awarding body
20 had previously initiated a labor compliance program approved by
21 the department for some or all of its public works projects and had
22 not contracted with a third party to conduct such program, and
23 requests and receives approval from the department to continue
24 to operate its existing labor compliance program for its public
25 works projects paid for in whole or part out of public funds, within
26 the meaning of subdivision (b) of Section 1720, that are derived
27 from bonds issued by the state, in place of the department
28 monitoring and enforcing compliance on projects pursuant to
29 subdivision (a).

30 (3) The contract is awarded on or after the effective date of the
31 regulations described in paragraph (1), if the awarding body has
32 entered into a collective bargaining agreement that binds all of the
33 contractors performing work on the project and that includes a
34 mechanism for resolving disputes about the payment of wages.

35 (c) This section shall not apply to public works projects subject
36 to Section 75075 of the Public Resources Code.

37 ~~SEC. 50.~~

38 *SEC. 41.* Section 1771.5 of the Labor Code is amended to read:

39 1771.5. (a) Notwithstanding Section 1771, an awarding body
40 may choose not to require the payment of the general prevailing

1 rate of per diem wages or the general prevailing rate of per diem
2 wages for holiday and overtime work for any public works project
3 of twenty-five thousand dollars (\$25,000) or less when the project
4 is for construction work, or for any public works project of fifteen
5 thousand dollars (\$15,000) or less when the project is for alteration,
6 demolition, repair, or maintenance work, if the awarding body
7 elects to either:

8 (1) Initiate and enforce a labor compliance program pursuant
9 to subdivision (b) for every public works project under the authority
10 of the awarding body as described in subdivision (e).

11 (2) Reimburse the Department of Industrial Relations for the
12 cost of monitoring and enforcing compliance with prevailing wage
13 requirements for every public works project of the awarding body
14 as described in subdivision (f).

15 (b) For purposes of this section, a labor compliance program
16 shall include, but not be limited to, the following requirements:

17 (1) All bid invitations and public works contracts shall contain
18 appropriate language concerning the requirements of this chapter.

19 (2) A prejob conference shall be conducted with the contractor
20 and subcontractors to discuss federal and state labor law
21 requirements applicable to the contract.

22 (3) Project contractors and subcontractors shall maintain and
23 furnish, at a designated time, a certified copy of each weekly
24 payroll containing a statement of compliance signed under penalty
25 of perjury.

26 (4) The awarding body shall review, and, if appropriate, audit
27 payroll records to verify compliance with this chapter.

28 (5) The awarding body shall withhold contract payments when
29 payroll records are delinquent or inadequate.

30 (6) The awarding body shall withhold contract payments equal
31 to the amount of underpayment and applicable penalties when,
32 after investigation, it is established that underpayment has occurred.

33 (7) The awarding body shall comply with any other prevailing
34 wage monitoring and enforcement activities that are required to
35 be conducted by labor compliance programs by the Department
36 of Industrial Relations.

37 (c) For purposes of this chapter, “labor compliance program”
38 means a labor compliance program that is approved, as specified
39 in state regulations, by the Director of Industrial Relations.

1 (d) For purposes of this chapter, the Director of Industrial
2 Relations may revoke the approval of a labor compliance program
3 in the manner specified in state regulations.

4 (e) An awarding body that elects to use a labor compliance
5 program pursuant to subdivision (a) shall use the labor compliance
6 program for all contracts for public works projects awarded prior
7 to the effective date of the regulations adopted by the department
8 as specified in subdivision (g). For contracts for public works
9 projects awarded on or after the effective date of regulations
10 adopted by the department as specified in subdivision (g), the
11 awarding body may also elect to continue operating an existing
12 previously approved labor compliance program in lieu of
13 reimbursing the Department of Industrial Relations for the cost of
14 monitoring and enforcing compliance with prevailing wage
15 requirements on the awarding body's public works projects if it
16 has not contracted with a third party to conduct its labor compliance
17 program and if it requests and receives approval from the
18 department to continue its existing program.

19 (f) An awarding body that elects to reimburse the department
20 for the cost of monitoring and enforcing compliance with prevailing
21 wage requirements for public works projects of the awarding body,
22 pursuant to subdivision (a), shall, for all of its contracts for public
23 works projects awarded on or after the effective date of the
24 regulations adopted by the department as specified in subdivision
25 (g) do all of the following:

26 (1) Ensure that all bid invitations and public works contracts
27 contain appropriate language concerning the requirements of this
28 chapter.

29 (2) Conduct a prejob conference with the contractor and
30 subcontractor to discuss federal and state labor law requirements
31 applicable to the contract.

32 (3) Enter into an agreement with the department to reimburse
33 the department for its costs of performing the service of monitoring
34 and enforcing compliance with applicable prevailing wage
35 requirements on the awarding body's projects.

36 (g) The Department of Industrial Relations shall adopt
37 regulations implementing this section specifying the activities that
38 the department shall undertake to monitor and enforce compliance
39 with the prevailing wage requirements on the public works projects,

1 including, but not limited to, monthly review, and audit if
2 appropriate, of payroll records.

3 (h) (1) The Department of Industrial Relations shall, in
4 accordance with paragraphs (3) and (4) of subdivision (a) of
5 Section 1771.3, determine the rate, which the department may
6 from time to time amend, that the department will charge for
7 reimbursement from an awarding body for the reasonable and
8 directly related costs of performing the specified monitoring and
9 enforcement services for public works projects.

10 (2) Notwithstanding paragraph (1), for public works projects
11 paid for in whole or part out of public funds, within the meaning
12 of subdivision (b) of Section 1720, that are derived from bonds
13 issued by the state, the amount charged by the department shall
14 not exceed one-fourth of 1 percent of the state bond proceeds used
15 for the public works project, with any other remaining costs of
16 monitoring and enforcing compliance to be paid by the awarding
17 body from other funds authorized to be used to finance the project.

18 (i) All amounts collected by the Department of Industrial
19 Relations for its services pursuant to this section shall be deposited
20 in the State Public Works Enforcement Fund.

22 *SEC. 42.* Section 7852 of the Labor Code is amended to read:

23 7852. (a) It is the intent of the Legislature, in enacting this
24 part, that the Occupational Safety and Health Standards Board and
25 the Division of Occupational Health and Safety (OSHA) promote
26 worker safety through implementation of training and process
27 safety management practices in petroleum refineries and chemical
28 plants and other facilities deemed appropriate.

29 (b) To the maximum extent practicable, the board and the
30 division shall minimize duplications with other state statutory
31 programs and business reporting requirements when developing
32 standards pursuant to Chapter 2 (commencing with Section 7855).

33 (c) It is further the intent of the Legislature, in enacting this
34 part, that in the interest of promoting worker safety, standards be
35 adopted by March 31, 2014.

36 ~~SEC. 52.~~

37 *SEC. 43.* Section 7856 of the Labor Code is amended to read:

38 7856. By March 31, 2014, the board shall adopt process safety
39 management standards for refineries, chemical plants, and other
40 manufacturing facilities, as specified in Codes 28 (Chemical and

1 Allied Products) and 29 (Petroleum Refining and Related
2 Industries) of the Manual of Standard Industrial Classification
3 Codes, published by the United States Office of Management and
4 Budget, 1987 Edition, that handle acutely hazardous material as
5 defined in subdivision (a) of Section 25532 and subdivision (a) of
6 Section 25536 of the Health and Safety Code and pose a significant
7 likelihood of accident risk, as determined by the board. Alternately,
8 upon making a finding that there is a significant likelihood of risk
9 to employees at a facility not included in Codes 28 and 29 resulting
10 from the presence of acutely hazardous materials or explosives as
11 identified in Part 172 (commencing with Section 172.1) of Title
12 49 of the Code of Federal Regulations, the board may require that
13 these facilities be subject to the jurisdiction of the standards
14 provided for in this section. When adopting these standards, the
15 board shall give priority to facilities and areas of facilities where
16 the potential is greatest for preventing severe or catastrophic
17 accidents because of the size or nature of the process or business.
18 The standards adopted pursuant to this section shall require that
19 injury prevention programs of employers subject to this part and
20 implemented pursuant to Section 6401.7 include the requirements
21 of this part.

22 ~~SEC. 53.~~

23 *SEC. 44.* Section 7870 of the Labor Code is amended to read:

24 7870. Notwithstanding the availability of federal funds to carry
25 out the purposes of this part, the division shall annually fix and
26 collect reasonable fees for consultation, inspection, adoption of
27 standards, and other duties conducted pursuant to this part. The
28 fees shall be adopted by March 31, 2014. All revenue collected
29 from these fees shall be deposited into the Occupational Safety
30 and Health Fund. The fees shall be sufficient to support, at a
31 minimum, the annual cost of 15 positions. The expenditure of these
32 funds shall be subject to appropriation by the Legislature in the
33 annual Budget Act or other measure.

34 ~~SEC. 54.~~ ~~Section 1197 of the Military and Veterans Code is~~
35 ~~amended to read:~~

36 ~~1197. The board shall consist of five members who shall be~~
37 ~~registered electors residing within the district or proposed district~~
38 ~~at the time of their election and shall be elected by the qualified~~
39 ~~electors of the district. A majority of the seats on the board shall~~
40 ~~be designated for veterans, as defined in Section 940. Any board~~

1 seat that is so designated, but is not currently filled by a qualifying
2 individual, shall be filled by a qualified individual at the next
3 election at which that seat is to be filled. Members shall serve
4 without compensation, but may receive reimbursement for actual
5 and necessary expenses incurred in the performance of duties.
6 Reimbursement for these expenses is subject to Sections 53232.2
7 and 53232.3 of the Government Code.

8 ~~SEC. 55.~~

9 *SEC. 45.* Section 1203 of the Penal Code is amended to read:

10 1203. (a) As used in this code, “probation” means the
11 suspension of the imposition or execution of a sentence and the
12 order of conditional and revocable release in the community under
13 the supervision of a probation officer. As used in this code,
14 “conditional sentence” means the suspension of the imposition or
15 execution of a sentence and the order of revocable release in the
16 community subject to conditions established by the court without
17 the supervision of a probation officer. It is the intent of the
18 Legislature that both conditional sentence and probation are
19 authorized whenever probation is authorized in any code as a
20 sentencing option for infractions or misdemeanors.

21 (b) (1) Except as provided in subdivision (j), if a person is
22 convicted of a felony and is eligible for probation, before judgment
23 is pronounced, the court shall immediately refer the matter to a
24 probation officer to investigate and report to the court, at a specified
25 time, upon the circumstances surrounding the crime and the prior
26 history and record of the person, which may be considered either
27 in aggravation or mitigation of the punishment.

28 (2) (A) The probation officer shall immediately investigate and
29 make a written report to the court of his or her findings and
30 recommendations, including his or her recommendations as to the
31 granting or denying of probation and the conditions of probation,
32 if granted.

33 (B) Pursuant to Section 828 of the Welfare and Institutions
34 Code, the probation officer shall include in his or her report any
35 information gathered by a law enforcement agency relating to the
36 taking of the defendant into custody as a minor, which shall be
37 considered for purposes of determining whether adjudications of
38 commissions of crimes as a juvenile warrant a finding that there
39 are circumstances in aggravation pursuant to Section 1170 or to
40 deny probation.

1 (C) If the person was convicted of an offense that requires him
2 or her to register as a sex offender pursuant to Sections 290 to
3 290.023, inclusive, or if the probation report recommends that
4 registration be ordered at sentencing pursuant to Section 290.006,
5 the probation officer's report shall include the results of the
6 State-Authorized Risk Assessment Tool for Sex Offenders
7 (SARATSO) administered pursuant to Sections 290.04 to 290.06,
8 inclusive, if applicable.

9 (D) The probation officer may also include in the report his or
10 her recommendation of both of the following:

11 (i) The amount the defendant should be required to pay as a
12 restitution fine pursuant to subdivision (b) of Section 1202.4.

13 (ii) Whether the court shall require, as a condition of probation,
14 restitution to the victim or to the Restitution Fund and the amount
15 thereof.

16 (E) The report shall be made available to the court and the
17 prosecuting and defense attorneys at least five days, or upon request
18 of the defendant or prosecuting attorney nine days, prior to the
19 time fixed by the court for the hearing and determination of the
20 report, and shall be filed with the clerk of the court as a record in
21 the case at the time of the hearing. The time within which the report
22 shall be made available and filed may be waived by written
23 stipulation of the prosecuting and defense attorneys that is filed
24 with the court or an oral stipulation in open court that is made and
25 entered upon the minutes of the court.

26 (3) At a time fixed by the court, the court shall hear and
27 determine the application, if one has been made, or, in any case,
28 the suitability of probation in the particular case. At the hearing,
29 the court shall consider any report of the probation officer,
30 including the results of the SARATSO, if applicable, and shall
31 make a statement that it has considered the report, which shall be
32 filed with the clerk of the court as a record in the case. If the court
33 determines that there are circumstances in mitigation of the
34 punishment prescribed by law or that the ends of justice would be
35 served by granting probation to the person, it may place the person
36 on probation. If probation is denied, the clerk of the court shall
37 immediately send a copy of the report to the Department of
38 Corrections and Rehabilitation at the prison or other institution to
39 which the person is delivered.

1 (4) The preparation of the report or the consideration of the
2 report by the court may be waived only by a written stipulation of
3 the prosecuting and defense attorneys that is filed with the court
4 or an oral stipulation in open court that is made and entered upon
5 the minutes of the court, except that a waiver shall not be allowed
6 unless the court consents thereto. However, if the defendant is
7 ultimately sentenced and committed to the state prison, a probation
8 report shall be completed pursuant to Section 1203c.

9 (c) If a defendant is not represented by an attorney, the court
10 shall order the probation officer who makes the probation report
11 to discuss its contents with the defendant.

12 (d) If a person is convicted of a misdemeanor, the court may
13 either refer the matter to the probation officer for an investigation
14 and a report or summarily pronounce a conditional sentence. If
15 the person was convicted of an offense that requires him or her to
16 register as a sex offender pursuant to Sections 290 to 290.023,
17 inclusive, or if the probation officer recommends that the court,
18 at sentencing, order the offender to register as a sex offender
19 pursuant to Section 290.006, the court shall refer the matter to the
20 probation officer for the purpose of obtaining a report on the results
21 of the State-Authorized Risk Assessment Tool for Sex Offenders
22 administered pursuant to Sections 290.04 to 290.06, inclusive, if
23 applicable, which the court shall consider. If the case is not referred
24 to the probation officer, in sentencing the person, the court may
25 consider any information concerning the person that could have
26 been included in a probation report. The court shall inform the
27 person of the information to be considered and permit him or her
28 to answer or controvert the information. For this purpose, upon
29 the request of the person, the court shall grant a continuance before
30 the judgment is pronounced.

31 (e) Except in unusual cases where the interests of justice would
32 best be served if the person is granted probation, probation shall
33 not be granted to any of the following persons:

34 (1) Unless the person had a lawful right to carry a deadly
35 weapon, other than a firearm, at the time of the perpetration of the
36 crime or his or her arrest, any person who has been convicted of
37 arson, robbery, carjacking, burglary, burglary with explosives,
38 rape with force or violence, torture, aggravated mayhem, murder,
39 attempt to commit murder, trainwrecking, kidnapping, escape from
40 the state prison, or a conspiracy to commit one or more of those

1 crimes and who was armed with the weapon at either of those
2 times.

3 (2) Any person who used, or attempted to use, a deadly weapon
4 upon a human being in connection with the perpetration of the
5 crime of which he or she has been convicted.

6 (3) Any person who willfully inflicted great bodily injury or
7 torture in the perpetration of the crime of which he or she has been
8 convicted.

9 (4) Any person who has been previously convicted twice in this
10 state of a felony or in any other place of a public offense which,
11 if committed in this state, would have been punishable as a felony.

12 (5) Unless the person has never been previously convicted once
13 in this state of a felony or in any other place of a public offense
14 which, if committed in this state, would have been punishable as
15 a felony, any person who has been convicted of burglary with
16 explosives, rape with force or violence, torture, aggravated
17 mayhem, murder, attempt to commit murder, trainwrecking,
18 extortion, kidnapping, escape from the state prison, a violation of
19 Section 286, 288, 288a, or 288.5, or a conspiracy to commit one
20 or more of those crimes.

21 (6) Any person who has been previously convicted once in this
22 state of a felony or in any other place of a public offense which,
23 if committed in this state, would have been punishable as a felony,
24 if he or she committed any of the following acts:

25 (A) Unless the person had a lawful right to carry a deadly
26 weapon at the time of the perpetration of the previous crime or his
27 or her arrest for the previous crime, he or she was armed with a
28 weapon at either of those times.

29 (B) The person used, or attempted to use, a deadly weapon upon
30 a human being in connection with the perpetration of the previous
31 crime.

32 (C) The person willfully inflicted great bodily injury or torture
33 in the perpetration of the previous crime.

34 (7) Any public official or peace officer of this state or any city,
35 county, or other political subdivision who, in the discharge of the
36 duties of his or her public office or employment, accepted or gave

23 relevant to determination of the amount of a restitution fine
24 pursuant to subdivision (b) of Section 1202.4 in all cases where
25 the determination is applicable. The judge, in his or her discretion,
26 may direct the probation officer to investigate all facts relevant to

29 *SEC. 46.* Section 13518.1 of the Penal Code is amended to
30 read:

31 13518.1. In order to prevent the spread of communicable
32 disease, a law enforcement agency employing peace officers

34 of these peace officers an appropriate portable manual mask and
35 airway assembly for use when applying cardiopulmonary
36 resuscitation.

37 ~~SEC. 57.~~

38 *SEC. 47.* Section 13701 of the Penal Code is amended to read:

39 13701. (a) As a best practice, every law enforcement agency
40 in this state may develop, adopt, and implement written policies

1 and standards for officers' responses to domestic violence calls
2 by January 1, 1986. These policies may reflect that domestic
3 violence is alleged criminal conduct. Further, they may reflect
4 existing policy that a request for assistance in a situation involving
5 domestic violence is the same as any other request for assistance
6 where violence has occurred.

7 (b) As a best practice, the written policies may encourage the
8 arrest of domestic violence offenders if there is probable cause
9 that an offense has been committed. These policies also may
10 require the arrest of an offender, absent exigent circumstances, if
11 there is probable cause that a protective order issued under Chapter
12 4 (commencing with Section 2040) of Part 1 of Division 6, Division
13 10 (commencing with Section 6200), or Chapter 6 (commencing
14 with Section 7700) of Part 3 of Division 12, of the Family Code,
15 or Section 136.2 of this code, or by a court of any other state, a
16 commonwealth, territory, or insular possession subject to the
17 jurisdiction of the United States, a military tribunal, or a tribe has
18 been violated. These policies may discourage, when appropriate,
19 but not prohibit, dual arrests. Peace officers may make reasonable
20 efforts to identify the dominant aggressor in any incident. The
21 dominant aggressor is the person determined to be the most
22 significant, rather than the first, aggressor. In identifying the
23 dominant aggressor, an officer may consider the intent of the law
24 to protect victims of domestic violence from continuing abuse, the
25 threats creating fear of physical injury, the history of domestic
26 violence between the persons involved, and whether either person
27 acted in self-defense. These arrest policies may be developed,
28 adopted, and implemented by July 1, 1996. Notwithstanding
29 subdivision (d), law enforcement agencies may develop these
30 policies with the input of local domestic violence agencies.

31 (c) As a best practice, these existing local policies and those
32 developed may be in writing and, if developed, shall be available
33 to the public upon request and may include specific standards for
34 the following:

- 35 (1) Felony arrests.
- 36 (2) Misdemeanor arrests.
- 37 (3) Use of citizen arrests.
- 38 (4) Verification and enforcement of temporary restraining orders
39 when (A) the suspect is present and (B) the suspect has fled.
- 40 (5) Verification and enforcement of stay-away orders.

1 (6) Cite and release policies.

2 (7) Emergency assistance to victims, such as medical care,
3 transportation to a shelter, or a hospital for treatment when
4 necessary, and police standbys for removing personal property
5 and assistance in safe passage out of the victim's residence.

6 (8) Assisting victims in pursuing criminal options, such as giving
7 the victim the report number and directing the victim to the proper
8 investigation unit.

9 (9) Furnishing written notice to victims at the scene, including,
10 but not limited to, all of the following information:

11 (A) A statement informing the victim that despite official
12 restraint of the person alleged to have committed domestic
13 violence, the restrained person may be released at any time.

14 (B) A statement that, "For further information about a shelter
15 you may contact ____."

16 (C) A statement that, "For information about other services in
17 the community, where available, you may contact ____."

18 (D) A statement that, "For information about the California
19 victims' compensation program, you may contact 1-800-777-9229."

20 (E) A statement informing the victim of domestic violence that
21 he or she may ask the district attorney to file a criminal complaint.

22 (F) A statement informing the victim of the right to go to the
23 superior court and file a petition requesting any of the following
24 orders for relief:

25 (i) An order restraining the attacker from abusing the victim
26 and other family members.

27 (ii) An order directing the attacker to leave the household.

28 (iii) An order preventing the attacker from entering the
29 residence, school, business, or place of employment of the victim.

30 (iv) An order awarding the victim or the other parent custody
31 of or visitation with a minor child or children.

32 (v) An order restraining the attacker from molesting or
33 interfering with minor children in the custody of the victim.

34 (vi) An order directing the party not granted custody to pay
35 support of minor children, if that party has a legal obligation to do
36 so.

37 (vii) An order directing the defendant to make specified debit
38 payments coming due while the order is in effect.

39 (viii) An order directing that either or both parties participate
40 in counseling.

1 (G) A statement informing the victim of the right to file a civil
2 suit for losses suffered as a result of the abuse, including medical
3 expenses, loss of earnings, and other expenses for injuries sustained
4 and damage to property, and any other related expenses incurred
5 by the victim or any agency that shelters the victim.

6 (H) In the case of an alleged violation of subdivision (e) of
7 Section 243 or Section 261, 261.5, 262, 273.5, 286, 288a, or 289,
8 a “Victims of Domestic Violence” card which shall include, but
9 is not limited to, the following information:

10 (i) The names and phone numbers of or local county hotlines
11 for, or both the phone numbers of and local county hotlines for,
12 local shelters for battered women and rape victim counseling
13 centers within the county, including those centers specified in
14 Section 13837, and their 24-hour counseling service telephone
15 numbers.

16 (ii) A simple statement on the proper procedures for a victim
17 to follow after a sexual assault.

18 (iii) A statement that sexual assault by a person who is known
19 to the victim, including sexual assault by a person who is the
20 spouse of the victim, is a crime.

21 (iv) A statement that domestic violence or assault by a person
22 who is known to the victim, including domestic violence or assault
23 by a person who is the spouse of the victim, is a crime.

24 (10) Writing of reports.

25 (d) In the development of these policies and standards, each
26 local department is encouraged to consult with domestic violence
27 experts, such as the staff of the local shelter for battered women
28 and their children. Departments may utilize the response guidelines
29 developed by the commission in developing local policies.

30 ~~SEC. 58.~~

31 *SEC. 48.* Section 13710 of the Penal Code is amended to read:

32 13710. (a) (1) As a best practice, law enforcement agencies
33 may maintain a complete and systematic record of all protection
34 orders with respect to domestic violence incidents, including orders
35 which have not yet been served, issued pursuant to Section 136.2,
36 restraining orders, and proofs of service in effect. This may be
37 used to inform law enforcement officers responding to domestic
38 violence calls of the existence, terms, and effective dates of
39 protection orders in effect.

1 (2) The police department of a community college or school
2 district described in subdivision (a) or (b) of Section 830.32 shall
3 notify the sheriff or police chief of the city in whose jurisdiction
4 the department is located of any protection order served by the
5 department pursuant to this section.

6 (b) The terms and conditions of the protection order remain
7 enforceable, notwithstanding the acts of the parties, and may be
8 changed only by order of the court.

9 (c) Upon request, law enforcement agencies shall serve the party
10 to be restrained at the scene of a domestic violence incident or at
11 any time the party is in custody.

12 ~~SEC. 59.~~

13 *SEC. 49.* Section 13730 of the Penal Code is amended to read:

14 13730. (a) As a best practice, each law enforcement agency
15 may develop a system, by January 1, 1986, for recording all
16 domestic violence-related calls for assistance made to the
17 department including whether weapons are involved. All domestic
18 violence-related calls for assistance may be supported with a
19 written incident report, as described in subdivision (c), identifying
20 the domestic violence incident. Monthly, the total number of
21 domestic violence calls received and the numbers of those cases
22 involving weapons may be compiled by each law enforcement
23 agency and submitted to the Attorney General.

24 (b) The Attorney General shall report annually to the Governor,
25 the Legislature, and the public the total number of domestic
26 violence-related calls received by California law enforcement
27 agencies, the number of cases involving weapons, and a breakdown
28 of calls received by agency, city, and county.

29 (c) As a best practice, each law enforcement agency may
30 develop an incident report form that includes a domestic violence
31 identification code by January 1, 1986. In all incidents of domestic
32 violence, a report may be written and may be identified on the face
33 of the report as a domestic violence incident. The report may
34 include at least all of the following:

35 (1) A notation of whether the officer or officers who responded
36 to the domestic violence call observed any signs that the alleged
37 abuser was under the influence of alcohol or a controlled substance.

38 (2) A notation of whether the officer or officers who responded
39 to the domestic violence call determined if any law enforcement

1 agency had previously responded to a domestic violence call at
2 the same address involving the same alleged abuser or victim.

3 (3) A notation of whether the officer or officers who responded
4 to the domestic violence call found it necessary, for the protection
5 of the peace officer or other persons present, to inquire of the
6 victim, the alleged abuser, or both, whether a firearm or other
7 deadly weapon was present at the location, and, if there is an
8 inquiry, whether that inquiry disclosed the presence of a firearm
9 or other deadly weapon. Any firearm or other deadly weapon
10 discovered by an officer at the scene of a domestic violence
11 incident shall be subject to confiscation pursuant to Division 4
12 (commencing with Section 18250) of Title 2 of Part 6.

13 ~~SEC. 60.~~

14 *SEC. 50.* Section 10351 of the Public Contract Code is amended
15 to read:

16 10351. (a) The department shall exempt from its approval
17 contracts under one hundred fifty thousand dollars (\$150,000) that
18 any state agency awards if the state agency does all of the
19 following:

20 (1) Designates an agency officer as responsible and directly
21 accountable for the agency's contracting program.

22 (2) Establishes written policies and procedures and a
23 management system that will ensure the state agency's contracting
24 activities comply with applicable provisions of law and regulations
25 and that it has demonstrated the ability to carry out these policies
26 and procedures and to implement the management system.

27 (3) Establishes a plan for ensuring that contracting personnel

32 (5) Establishes procedures for reporting to the department and
33 the Legislature on such contracts as the Legislature may require
34 in the Budget Act.

35 (b) Any state agency may request the department to exempt
36 from its approval classes or types of contracts under this section.
37 When the department receives a request but refuses to grant the
38 exemption, it shall state in writing the reasons for the refusal. It is
39 the intent of the Legislature that the department shall actively
40 implement the provisions of this section and shall exempt from its

1 approval as wide a range of classes or types of contracts as is
2 consistent with proper administrative controls and the best interests
3 of the state.

4 ~~SEC. 61.~~

5 *SEC. 51.* Section 12100 of the Public Contract Code is amended
6 to read:

7 12100. (a) The Legislature finds that the unique aspects of
8 information technology projects, as defined in Chapter 4800 of
9 the State Administrative Manual and not delegated under
10 subdivision (e) of Section 12102.2, and their importance to state
11 programs warrant a separate acquisition authority. The Legislature
12 further finds that this separate authority should enable the timely
13 acquisition of information technology goods and services to meet
14 the state's needs in the most value-effective manner.

15 (b) (1) All contracts for the acquisition of information
16 technology projects, reportable under Chapter 4800 of the State
17 Administrative Manual and not delegated under subdivision (e)
18 of Section 12102.2, shall be made by or under the supervision of
19 the Department of Technology consistent with the requirements
20 of this chapter.

21 (2) The Department of Technology shall have the authority
22 necessary for the acquisition of information technology projects
23 as prescribed in this chapter.

25 in the determination of information technology procurement policy.

26 (d) The Department of Technology shall have the final authority
27 in the determination of information technology procurement
28 procedures applicable to acquisitions of information technology
29 projects reportable under Chapter 4800 of the State Administrative
30 Manual and not delegated under subdivision (e) of Section 12102.2
31 and telecommunications procurements made pursuant to Section
32 12120.

33 (e) The Department of Technology shall have the final authority
34 in the determination of procurement policy in telecommunications
35 procurements made pursuant to Section 12120.

36 (f) Unless otherwise expressly provided, all contracts for the
37 acquisition of information technology goods or services, whether
38 by lease or purchase, shall be made by or under the supervision of
39 the Department of General Services.

1 (g) Unless otherwise expressly provided, the Department of
2 General Services shall have the final authority in the determination
3 of information technology procurement procedures.

6 amended to read:

7 12100.5. The Regents of the University of California, the
8 Trustees of the California State University, and the Board of
9 Governors of the California Community Colleges shall not be
10 subject to this chapter except that the trustees shall develop policies
11 and procedures maintained in its state university administrative
12 manual and the board shall adopt policies and procedures
13 maintained in its administrative manual that further the legislative
14 policies for contracting expressed in this chapter but without the
15 involvement of the Director of Finance, the Director of General
16 Services, the Department of Finance, the Department of General
17 Services, the Director of Technology, or the Department of
18 Technology.

19 ~~SEC. 63.~~

20 *SEC. 53.* Section 12100.7 of the Public Contract Code is
21 amended to read:

22 12100.7. As used in this chapter:

23 (a) “Multiple award schedule” (MAS) is an agreement
24 established between the General Services Administration of the
25 United States and certain suppliers to do business under specific
26 prices, terms, and conditions for specified goods, information
27 technology, and services.

28 (b) “Multiple award” means a contract of indefinite quantity
29 for one or more similar goods, information technology, or services
30 to more than one supplier.

31 (c) “Procedures” means the rules, methods, and practices to be
32 followed in conducting information technology procurements.

33 (d) “Policies” means determining what information technology
34 goods or services are to be purchased and by whom.

35 (e) For purposes of this chapter, “value-effective acquisition”
36 may be defined to include, but not be limited to, the following:

37 (1) The operational cost that the state would incur if the bid or
38 proposal is accepted.

39 (2) Quality of the product or service, or its technical competency.

40 (3) Reliability of delivery and implementation schedules.

- 1 (4) The maximum facilitation of data exchange and systems

- 15 (14) Innovative use of current technologies and quality results.
- 16 ~~SEC. 64.~~
- 17 *SEC. 54.* Section 12101 of the Public Contract Code is amended
- 18 to read:
- 19 12101. It is the intent of the Legislature that policies and
- 20 procedures developed by the Department of Technology and the
- 21 Department of General Services in accordance with this chapter
- 22 provide for the following:
- 23 (a) The expeditious and value-effective acquisition of
- 24 information technology goods and services to satisfy state
- 25 requirements.
- 26 (b) The acquisition of information technology goods and services
- 27 within a competitive framework.
- 28 (c) The delegation of authority by the Department of General
- 29 Services to each state agency that has demonstrated to the
- 30 department's satisfaction the ability to conduct value-effective
- 31 information technology goods and services acquisitions.
- 32 (d) The exclusion from state bid processes, at the state's option,
- 33 of any supplier having failed to meet prior contractual requirements

- 38 ~~SEC. 65.~~
- 39 *SEC. 55.* Section 12101.2 of the Public Contract Code is
- 40 amended to read:

1 12101.2. The Department of General Services shall prenegotiate
2 the repetitively used terms and conditions in the state's model
3 contract with each interested vendor who bids or proposes on
4 electronic data processing or telecommunications procurements.
5 The contract language shall be kept on file, as a matter of public
6 record, and shall remain operational until either the state or the
7 vendor provides 30 days' notice to the other party that new
8 negotiations are deemed appropriate.

9 If, for a particular procurement, the state seeks to make any
10 further changes to either the negotiated or the standard contract
11 language, or both, it shall identify those changes to each bidder or
12 proposer prior to the due date for the bid or proposal. If for a
13 particular procurement, a bidder or proposer seeks to propose a
14 negotiated change or standard contract language change, it shall
15 make this identification within the timeframe identified in the
16 solicitation document.

17 ~~SEC. 66.~~

18 *SEC. 56.* Section 12101.5 of the Public Contract Code is
19 amended to read:

20 12101.5. (a) It is the intent of the Legislature that agencies of
21 the state use an acquisition method that is compatible with their
22 short- and long-term fiscal needs in contracts relating to
23 commodities and information technology goods and services. State
24 agencies should be able to specify their anticipated life cycle
25 requirements that would become one of the criteria for contractor
26 selection. These agencies should be given the choice of suppliers
27 to meet statewide standardization needs, unique service
28 requirements, application requirements, and long-term satisfaction
29 criteria. There is a need for the state to enter into long-term
30 contracts with annual cancellation and fund-out clauses, as
31 required, to protect the state's interests as well as provide the option
32 for multiyear renewals to encourage suppliers to develop higher
33 levels of service and support throughout the contracts.

34 (b) The state may utilize multiple awards, including federal
35 General Service Administration Multiple Awards Schedules and
36 master agreements or contracts for goods, information technology,
37 services, or consulting services. For purposes of this subdivision,
38 a multiple award is an award of an indefinite quantity contract for
39 one or more similar goods, information technology, or services to
40 more than one supplier. Except for possible multiple awards as

1 permitted by this subdivision, and except as described in
2 subdivision (d), all the requirements of this chapter pertaining to
3 other types of information technology acquisitions shall be
4 followed. The Department of General Services shall administer
5 this section and ensure that multiple award schedules are in
6 compliance with all other applicable statutes.

7 (c) Notwithstanding any other provision of law, state agencies,
8 in exercising their contracting authority delegated by the
9 Department of General Services, may contract with suppliers who
10 have multiple award schedules with the General Services
11 Administration of the United States on the same terms, conditions,
12 and prices if the supplier is willing to do so. The Department of
13 General Services may also develop multiple award schedules or
14 agreements for use by state agencies in the same manner. The
15 Department of General Services shall determine the delegation
16 contracting authority for agencies wishing to use multiple award
17 schedules.

18 (d) For contracts related to information technology integration
19 or development projects that generate revenues or achieve savings
20 over a quantifiable baseline of existing costs, state agencies shall
21 consider and may incorporate performance-based or
22 share-in-savings contract terms to manage risks and create
23 incentives for successful contract performance. Performance-based
24 or share-in-savings contracts may have the following
25 characteristics, among others:

26 (1) Contract terms that specify business outcomes to be
27 achieved, not the solution to be provided.

28 (2) Contract terms that structure the contract to maintain
29 maximum vendor commitment to project success and minimize
30 risk to the state by sharing risk with the private sector.

31 (3) Utilization of “best value” evaluation methods, which means
32 to select the solution that will achieve the best result based on
33 business performance measures, not necessarily the lowest price.

34 (4) Contract terms that base payments to the vendor primarily
35 on achieving predefined performance measures.

36 ~~SEC. 67.~~

37 *SEC. 57.* Section 12102 of the Public Contract Code is amended
38 to read:

39 12102. (a) The Department of General Services shall maintain,
40 in the State Administrative Manual, all policies and procedures

1 governing the acquisition and disposal of information technology
2 goods and services, including, but not limited to, the policies and
3 procedures that the Department of Technology is authorized to
4 establish for the acquisition of information technology projects.
5 The Department of Technology shall provide a link to information
6 technology policies and procedures in the State Administrative
7 Manual on the homepage of the Internet Web site.

8 (b) Except as specified in Section 12102.1, acquisition of
9 information technology goods and services shall be conducted
10 through competitive means, except when the Director of General
11 Services determines that (1) the goods and services proposed for
12 acquisition are the only goods and services which can meet the
13 state's need, or (2) the goods and services are needed in cases of
14 emergency where immediate acquisition is necessary for the
15 protection of the public health, welfare, or safety. The acquisition
16 mode to be used and the procedure to be followed shall be approved
17 by the Director of General Services. The Department of General
18 Services shall maintain, in the State Administrative Manual,
19 appropriate criteria and procedures to ensure compliance with the
20 intent of this chapter. These criteria and procedures shall include
21 acquisition and contracting guidelines to be followed by state
22 agencies with respect to the acquisition of information technology
23 goods and services. These guidelines may be in the form of
24 standard formats or model formats.

25 ~~SEC. 68.~~

26 *SEC. 58.* Section 12102.1 is added to the Public Contract Code,
27 to read:

28 12102.1. (a) The Department of Technology shall establish in
29 the State Administrative Manual all of the following:

30 (1) Policies governing the acquisition of information technology
31 projects.

32 (2) Procedures governing the acquisition of information
33 technology projects reportable under Chapter 4800 of the State
34 Administrative Manual and not delegated under subdivision (e)
35 of Section 12102.2.

36 (3) Policies and procedures governing the acquisition of
37 telecommunications goods and services, as authorized under
38 Section 12120.

39 (b) Acquisition of information technology goods and services
40 that are subject to subdivision (a) shall be conducted through

1 competitive means, except when the Director of Technology
2 determines that (1) the goods and services proposed for acquisition
3 are the only goods and services that can meet the state’s need, or
4 (2) the goods and services are needed for an emergency and
5 immediate acquisition and are necessary for the protection of the
6 public health, welfare, or safety. The acquisition mode to be used
7 and the procedure to be followed shall be approved by the Director
8 of Technology. The Department of Technology shall establish, in
9 the State Administrative Manual, appropriate criteria and
10 procedures to ensure compliance with the intent of this chapter.
11 These criteria and procedures shall include acquisition and
12 contracting guidelines to be followed by state agencies with respect
13 to the acquisition of information technology projects that are
14 reportable under State Administrative Manual Section 4800 et seq.
15 These guidelines may be in the form of standard formats or model
16 formats.

17 ~~SEC. 69.~~

18 *SEC. 59.* Section 12102.2 is added to the Public Contract Code,
19 to read:

20 12102.2. (a) Contract awards for all large-scale systems
21 integration projects shall be based on the proposal that provides
22 the most value-effective solution to the state’s requirements, as
23 determined by the evaluation criteria contained in the solicitation
24 document. Evaluation criteria for the acquisition of information
25 technology goods and services, including systems integration, shall
26 provide for the selection of a contractor on an objective basis not
27 limited to cost alone.

28 (1) The Department of Technology shall invite active
29 participation, review, advice, comment, and assistance from the
30 private sector and state agencies in developing procedures to
31 streamline and to make the acquisition process more efficient,
32 including, but not limited to, consideration of comprehensive
33 statements in the request for proposals of the business needs and
34 governmental functions, access to studies, planning documents,
35 feasibility study reports and draft requests for proposals applicable
36 to solicitations, minimizing the time and cost of the proposal
37 submittal and selection process, and development of a procedure
38 for submission and evaluation of a single proposal rather than
39 multiple proposals.

1 (2) Solicitations for acquisitions based on evaluation criteria
2 other than cost alone shall provide that sealed cost proposals shall
3 be submitted and that they shall be opened at a time and place
4 designated in the solicitation for bids and proposals. Evaluation
5 of all criteria, other than cost, shall be completed prior to the time
6 designated for public opening of cost proposals, and the results of
7 the completed evaluation shall be published immediately before
8 the opening of cost proposals. The state's contact person for
9 administration of the solicitation shall be identified in the
10 solicitation for bids and proposals, and that person shall execute
11 a certificate under penalty of perjury, which shall be made a
12 permanent part of the official contract file, that all cost proposals
13 received by the state have been maintained sealed and under lock
14 and key until the time cost proposals are opened.

15 (b) The acquisition of hardware acquired independently of a
16 system integration project may be made on the basis of lowest cost
17 meeting all other specifications.

18 (c) The 5 percent small business preference provided for in
19 Chapter 6.5 (commencing with Section 14835) of Part 5.5 of
20 Division 3 of Title 2 of the Government Code and the regulations
21 implementing that chapter shall be accorded to all qualifying small
22 businesses.

23 (d) For all transactions formally advertised, evaluation of
24 bidders' proposals for the purpose of determining contract award
25 for information technology goods shall provide for consideration
26 of a bidder's best financing alternatives, including lease or purchase
27 alternatives, if any bidder so requests, not less than 30 days prior
28 to the date of final bid submission, unless the acquiring agency
29 can prove to the satisfaction of the Department of General Services
30 that a particular financing alternative should not be so considered.

31 (e) Acquisition authority may be delegated by the Director of
32 General Services to any state agency that has been determined by
33 the Department of General Services to be capable of effective use
34 of that authority. This authority may be limited by the Department
35 of General Services. Acquisitions conducted under delegated
36 authority shall be reviewed by the Department of General Services
37 on a selective basis.

38 (f) To the extent practical, the solicitation documents shall
39 provide for a contract to be written to enable acquisition of
40 additional items to avoid essentially redundant acquisition

1 processes when it can be determined that it is economical to do
2 so.

3 (g) Protest procedures shall be developed to provide bidders an
4 opportunity to protest any formal, competitive acquisition
5 conducted in accordance with this chapter. The procedures shall
6 provide that protests must be filed no later than five working days
7 after the issuance of an intent to award. Authority to protest may
8 be limited to participating bidders. The Director of Technology,
9 or a person designated by the director, may consider and decide
10 on initial protests of bids for information technology projects
11 conducted by the Department of Technology and
12 telecommunications procurement made pursuant to Section 12120.
13 The Director of the Department of General Services, or a person
14 designated by the director, may consider and decide on initial
15 protests of all other information technology acquisitions. A decision
16 regarding an initial protest shall be final. If prior to the last day to
17 protest, any bidder who has submitted an offer files a protest with
18 the department against the awarding of the contract on the ground
19 that his or her bid or proposal should have been selected in
20 accordance with the selection criteria in the solicitation document,
21 the contract shall not be awarded until either the protest has been
22 withdrawn or the California Victim Compensation and Government
23 Claims Board has made a final decision as to the action to be taken
24 relating to the protest. Within 10 calendar days after filing a protest,
25 the protesting bidder shall file with the Victims Compensation and
26 Government Claims Board a full and complete written statement
27 specifying in detail the grounds of the protest and the facts in
28 support thereof.

29 (h) Consistent with the procedures established and administered
30 by the Department of General Services, information technology
31 goods that have been determined to be surplus to state needs shall
32 be disposed of in a manner that will best serve the interests of the
33 state. Procedures governing the disposal of surplus goods may
34 include auction or transfer to local governmental entities.

35 (i) A supplier may be excluded from bid processes if the
36 supplier's performance with respect to a previously awarded
37 contract has been unsatisfactory, as determined by the state in
38 accordance with established procedures that shall be maintained
39 in the State Administrative Manual. This exclusion may not exceed
40 36 months for any one determination of unsatisfactory

1 performance. Any supplier excluded in accordance with this section
2 shall be reinstated as a qualified supplier at any time during this
3 36-month period, upon demonstrating to the Department of General
4 Services' satisfaction that the problems that resulted in the
5 supplier's exclusion have been corrected.

6 ~~SEC. 70.~~

7 *SEC. 60.* Section 12103 of the Public Contract Code is amended
8 to read:

9 12103. In addition to the mandatory requirements enumerated
10 in Sections 12102, 12102.1, and 12102.2, the acquisition policies
11 and procedures developed by the Department of Technology and
12 the Department of General Services in accordance with this chapter
13 may provide for the following:

14 (a) Price negotiation with respect to contracts entered into in
15 accordance with this chapter.

16 (b) System or equipment component performance, or availability
17 standards, including an assessment of the added cost to the state
18 to receive contractual guarantee of a level of performance.

19 (c) Requirement of a bond or assessment of a cost penalty with
20 respect to a contract or consideration of a contract offered by a
21 supplier whose performance has been determined unsatisfactory
22 in accordance with established procedures maintained in the State
23 Administrative Manual as required by Section 12102.

25 *SEC. 61.* Section 12103.5 of the Public Contract Code is
26 amended to read:

27 12103.5. For those information technology purchases for which
28 the Department of General Services or the Department of
29 Technology determines that a request for proposal (RFP) is
30 appropriate, the controlling department, as specified under Section
31 12100, shall identify and document the following, with respect to
32 information technology procurements, prior to releasing the RFP:

33 (a) Identify the legislative mandate, state business, or operational
34 reason for the information technology procurement.

35 (b) Identify the existing business processes currently used to
36 accomplish the legislative mandate, state business, or operational
37 reason.

38 (c) Identify the most important priorities for the information
39 technology project to accomplish.

1 (d) Identify what current technology is being used and how it
2 is being used.

3 (e) If the data used in a proposed information technology system
4 comes from multiple sources, identify the existing business
5 processes or technical systems that produce and maintain the source
6 data to ensure interoperability.

7 (f) Identify how the new information technology project
8 leverages existing technology investments while accomplishing
9 its business objectives.

19 of Technology shall provide a link to the State Contracting Manual
20 on its Internet Web site homepage.

21 (b) The Department of General Services and the Department of
22 Technology in accordance with this chapter shall develop,
23 implement, and maintain standardized methods for the development

30 amended to read:

31 12104.5. (a) All rules and requirements governing an
32 information technology acquisition, for which the Department of
33 General Services or the Department of Technology determines
34 that a request for proposal (RFP) is appropriate, shall be
35 communicated in writing to all vendors that have expressed an
36 intent to bid and shall be posted in a public location. Any changes
37 to the rules and requirements governing that RFP shall be
38 communicated in writing to all vendors that have expressed an
39 intent to bid and shall be posted in a public location. Requirements

1 other than those provided by law or outside of the published RFP

4 statement:

5 “It is unlawful for any person engaged in business within this
6 state to sell or use any article or product as a “loss leader” as
7 defined in Section 17030 of the Business and Professions Code.”

8 (2) The Department of General Services shall post in the State
9 Contracting Manual instructions for including the statement
10 required by paragraph (1) in all affected contracts.

11 (3) The statement required by paragraph (1) shall be deemed to
12 be part of a request for proposal even if the statement is
13 inadvertently omitted from the request for proposal.

14 (c) The requirements of this section shall be in addition to any
15 other requirement provided by law.

16 ~~SEC. 74.~~

18 ordinary course of the contractor's business may provide, on the
19 terms and conditions that the controlling department, as specified
20 in Section 12100, deems necessary to protect the state's interests,
21 for progress payments for work performed and costs incurred at
22 the contractor's shop or plant, provided that not less than 10 percent
23 of the contract price is required to be withheld until final delivery

25 subdivision, if the department determines that lesser withholding
26 levels are appropriate based upon an evaluation of risk determined
27 under subdivision (b) and the contract price is ten million dollars
28 (\$10,000,000) or more, the department shall withhold no less than
29 5 percent of the contract price until final delivery and acceptance

30 Process. Any protests filed in relation to the proposed contract
31 award shall be conducted under the procedures set forth by the
32 Department of General Services for the Alternative Protest Process.

33 (c) Notwithstanding any other law to the contrary, any bid
34 protest conducted under this chapter shall include one or more of
35 the following alternative procedures:

36 (1) The Alternative Protest Process shall not prevent the

17 value, as determined by the Department of Technology in the
18 solicitation.

19 (4) The Director of General Services or the Director of
20 Technology, as appropriate under paragraphs (2) and (3), shall

3 answering point, in consultation with the wireless industry,
4 providers of “911” selective routing service, and local law
5 enforcement officials, determine that it is in the best interest of the
