[Approved by Governor October 6, 2015. Filed with
Secretary of State October 6, 2015.]

LEGISLATIVE COUNSEL'S DIGEST

AB 179, Bonilla. Healing arts.

(1) Under existing law, the commission of any act of sexual abuse, misconduct, or relations with a patient, client, or customer is unprofessional conduct, except that it is not unprofessional conduct when sexual contact is between a physician and surgeon and his or her spouse or person in an equivalent domestic relationship, as specified.

This bill would expand the exception by providing that it would not be unprofessional conduct when consensual sexual contact is between a licensee and his or her spouse or person in an equivalent domestic relationship, as specified.

(2) Existing law, the Dental Practice Act, provides for the licensure and regulation of dentists and dental assistants by the Dental Board of California and authorizes the board to appoint an executive officer to exercise powers and perform duties delegated by the board to him or her. These provisions are in effect only until January 1, 2016, and, upon repeal of those provisions, the board will be subject to review by the appropriate policy committees of the Legislature. The act prescribes various fees that are required to be paid by dentists and dental assistants for, among other things, an initial license and the renewal of that license.

This bill would extend the provisions relating to the Dental Board of California and the executive officer to January 1, 2020. The bill would also change various fees that would be required to be paid by a dentist, a dental assistant, or certain educational programs, as specified. The bill would, on and after January 1, 2016, require that an initial license for a dentist be no greater than \$650 and would require the fee for the renewal of that license to be no greater than \$650. The bill would, on and after January 1, 2018, require that an initial license be no greater than \$800 and would require the fee for a renewal of that license to be no greater than \$800. The bill would also require, by July 1, 2016, every applicant and licensee under the act to report to the board his or her electronic mail address, and would require the board to annually send an electronic notice to each applicant and licensee

that requests confirmation of the applicant's or licensee's electronic mail address.

The act authorizes the board to license a person as a registered dental assistant if he or she meets certain requirements, including a written and practical examination.

This bill would require the Dental Board of California, in consultation with the Office of Professional Examination Services, to conduct a review to determine on or before July 1, 2017, whether a practical examination is necessary to demonstrate the competency of registered dental assistants and to submit that determination to the appropriate policy committees of the Legislature by that date, as specified. The bill would authorize the board to vote to suspend the practical examination if the review concludes that the practical examination is unnecessary or does not accurately measure the competency of registered dental assistants. The bill would provide that the suspension of the practical examination commences on the date the board votes to suspend the practical examination and would continue being suspended until July 1, 2017. The bill would require the board to post a notice on its Internet Web site if it suspends the practical examination.

Existing law creates the Dental Assisting Council of the Dental Board of California, which considers all matters relating to California dental assistants and is composed of members who serve terms, as specified. Existing law requires the board to make all the initial appointments of members by May 1, 2012.

This bill would prohibit a member from serving more than two full terms. The bill would remove the requirement for the board to make all initial appointments by May 1, 2012.

(3) Existing law provides for the licensure and regulation of vocational nurses under the Vocational Nursing Practice Act, and psychiatric technicians under the Psychiatric Technicians Law, by the Board of Vocational Nursing and Psychiatric Technicians of the State of California, and requires the board to, among other things, appoint an executive officer, who is required to be a licensed vocational nurse, registered nurse, or psychiatric technician. Existing law repeals these provisions on January 1, 2016.

This bill would remove the requirement that the executive officer be a vocational nurse, registered nurse, or psychiatric technician, and would extend the repeal date of the provisions relating to the board to January 1, 2018.

(4) Existing law establishes the Vocational Nursing and Psychiatric Technicians Fund in the State Treasury, and establishes the Vocational Nurses Account and the Psychiatric Technician Examiners Account within the fund. Existing law authorizes the Board of Vocational Nursing and Psychiatric Technicians of the State of California to collect specified fees and fines related to the board's licensure and regulation of vocational nurses and psychiatric technicians, and prohibits the board from charging expenses for these respective activities against funds received from any other source.

This bill, beginning July 1, 2016, would remove that prohibition, abolish the Vocational Nurses Account and the Psychiatric Technician Examiners

Account, and specify that all money in the Vocational Nursing and Psychiatric Technicians Fund shall be used to carry out the Vocational Nursing Practice Act and the Psychiatric Technicians Law.

(5) Existing law authorizes the Director of Consumer Affairs to investigate the work of the boards within the Department of Consumer Affairs, obtain a copy of the records of official matters in possession of the boards, and require reports from the boards as the director deems reasonably necessary. Existing law requires the director to provide certain reports to the Legislature, including, but not limited to, a copy of an independent review of the Bureau for Private Postsecondary Education's staffing resources needs and requirements.

This bill would require the director to appoint an administrative and enforcement program monitor no later than March 1, 2016, and would require the monitor to monitor and evaluate the administrative process and disciplinary system and procedures of the Board of Vocational Nursing and Psychiatric Technicians of the State of California for a period of no more than 2 years, as specified. The bill would require the monitor to submit a report of his or her findings and conclusions to the Legislature, the department, and the board by July 1, 2016, subsequent reports by November 1, 2016, and February 1, 2017, and a final report before January 1, 2018. The bill would require the board and its staff to cooperate with the program monitor. The bill would also require the department's internal audit unit to review the board's financial needs, fee structure, budget, and expenditures, and require the director to provide the Legislature with a copy of the review no later than October 1, 2016. The bill would repeal these provisions on January 1, 2018.

(6) This bill would incorporate additional changes in Section 205 of the Business and Professions Code, proposed by AB 177 and AB 180 that would become operative only if this bill and either or both of those bills are chaptered and become effective January 1, 2016, and this bill is chaptered last.

(7) This bill would incorporate additional changes in Section 1724 of the Business and Professions Code, proposed by AB 483, that would become operative only if this bill and AB 483 are chaptered and become effective January 1, 2016, and this bill is chaptered last.

Upon completion of the review of an applicant, the committee shall make a recommendation to the board on whether to issue or not issue a permit to the applicant. The permit may be unqualified, entitling the permitholder to perform any facial cosmetic surgical procedure authorized by this section, or it may contain limitations if the credentialing committee is not satisfied that the applicant has the training or competence to perform certain classes of procedures, or if the applicant has not requested to be permitted for all procedures authorized by this section.
