AMENDED IN ASSEMBLY APRIL 15, 2015

CALIFORNIA LEGISLATURE—2015–16 REGULAR SESSION

ASSEMBLY BILL

No. 741

Introduced by Assembly Member Williams

February 25, 2015

An act to amend Section 1502 of the Health and Safety Code, ~~and to amend Section 14132 of the Welfare and Institutions Code~~, relating to mental health.

LEGISLATIVE COUNSEL'S DIGEST

AB 741, as amended, Williams. ~~Comprehensive mental health crisis services.~~ *Mental health: community care facilities.*

~~Existing law provides for the Medi-Cal program, which is administered by the State Department of Health Care Services, under which qualified low-income individuals receive health care services. The Medi-Cal program is, in part, governed and funded by federal Medicaid Program provisions. Existing law provides for a schedule of benefits under the Medi-Cal program, which includes early and periodic screening, diagnosis, and treatment for any individual under 21 years of age.~~

~~This bill would add to the schedule of benefits comprehensive mental health crisis services, including crisis intervention, crisis stabilization, crisis residential treatment, rehabilitative mental health services, and mobile crisis support teams, to the extent that federal financial participation is available and any necessary federal approvals have been obtained.~~

Existing law, the California Community Care Facilities Act, provides for the licensing and regulation of community care facilities, as defined, by the State Department of Social Services. Existing law includes within the definition of community care facility, a social rehabilitation facility, which is a residential facility that provides social rehabilitation services in a group setting to adults recovering from mental illness. A violation of the act is a misdemeanor.

This bill would expand the definition of a social rehabilitation facility to include a residential facility that provides social rehabilitation services in a group setting to children, adolescents, or adults recovering from mental illness or in a mental health crisis. By expanding the types of facilities that are regulated as a community care facility, this bill would expand the scope of an existing crime, thus creating a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: yes.

The people of the State of California do enact as follows:

- 1 SECTION 1. The Legislature finds and declares all of the
- 2 following:
- 3 (a) There is an urgent need to provide more crisis care
- 4 alternatives to hospitals for children and youth experiencing mental
- 5 health crises.
- 6 (b) The problems are especially acute for children and youth
- 7 who may have to wait for days for a hospital bed and who may be
- 8 transported, without a parent, to the nearest facility hundreds of
- 9 miles away.
- 10 (c) In 2012, the California Hospital Association reported that
- 11 two-thirds of the people taken to a hospital for a psychiatric
- 12 emergency did not meet the criteria for that level of care but the
- 13 care they needed was not available.
- 14 (d) The type of care that is needed includes crisis-stabilization
- 15 and crisis residential treatment for children.

1 (e) This level of care is part of the full continuum of care
2 considered medically necessary for many children with serious
3 emotional disturbances.

4 (f) In 2013, the Legislature enacted the Investment in Mental
5 Health Wellness Act (Senate Bill 82, Chapter 34 of the Statutes
6 of 2013) to provide one-time funding to counties to expand the
7 availability of mental health crisis care services, including
8 short-term crisis residential treatment services. However, there is
9 currently no state licensing category for short-term crisis residential
10 programs for children. As a result, counties wanting to expand
11 local capacity to meet the needs of children and youth for crisis
12 residential treatment services were ineligible for this competitive
13 grant program.

14 (g) Federal Medicaid provisions allow for federal matching
15 funds for mental health services delivered to Medi-Cal beneficiaries
16 under 21 years of age in psychiatric residential treatment facilities,
17 including short-term crisis residential treatment programs.
18 However, because there is currently no state licensing category
19 for crisis residential treatment programs for children, California
20 is unable to benefit from these otherwise available federal financial
21 resources.

22 (h) In most communities, inpatient crisis treatment is completely
23 unavailable for children and youth even though it may be medically
24 necessary.

25 (i) Crisis residential care is an essential level of care for the
26 treatment of children and youth with serious emotional disturbances
27 in a mental health crisis, and it often serves as an alternative to
28 hospitalization.

29 (j) It is imperative that public health care coverage include these
30 services as a covered benefit.

7 ~~appropriate and subject to utilization controls, for beneficiaries~~
8 ~~who would otherwise require care for an extended period of time~~
9 ~~in an acute care hospital at a cost higher than in-home medical~~
10 ~~care services. The director shall have the authority under this~~
11 ~~section to contract with organizations qualified to provide in-home~~
12 ~~medical care services to those persons. These services may be~~
13 ~~provided to patients placed in shared or congregate living~~
14 ~~arrangements, if a home setting is not medically appropriate or~~
