## CHAPTER \_\_\_\_\_

An act to amend Section 1206 of, and to add Section 1218.4 to, the Health and Safety Code, relating to clinics.

## LEGISLATIVE COUNSEL'S DIGEST

AB 1130, Gray. Clinics: licensing: hours of operation.

Under existing law, the State Department of Public Health licenses and regulates clinics, as defined. Under existing law, specified types of clinics are exempted from these licensing provisions, including a clinic operated by a licensed primary care community or free clinic, that is operated on separate premises from the licensed clinic, and that is open for limited services of no more than 20 hours a week. Existing law makes it a misdemeanor to violate any provision related to the licensure and regulation of clinics.

This bill would increase the number of hours that a clinic may be open under this licensure exemption provision to 30 hours a week. The bill would also require a licensed primary care community or free clinic to report to the department, when renewing its license, whether it is currently operating an intermittent clinic, the location of any intermittent clinic, and the estimated hours of operation of any intermittent clinic.

This bill would incorporate additional changes to Section 1206 of the Health and Safety Code proposed by AB 941 that would become operative if this bill and AB 941 are chaptered and this bill is chaptered last.

By expanding the scope of an existing crime, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

*The people of the State of California do enact as follows:*

SECTION 1. Section 1206 of the Health and Safety Code is amended to read:

1206. This chapter does not apply to the following:

(a) Except with respect to the option provided with regard to surgical clinics in paragraph (1) of subdivision (b) of Section 1204 and, further, with respect to specialty clinics specified in paragraph (2) of subdivision (b) of Section 1204, any place or establishment owned or leased and operated as a clinic or office by one or more licensed health care practitioners and used as an office for the practice of their profession, within the scope of their license, regardless of the name used publicly to identify the place or establishment.

(b) Any clinic directly conducted, maintained, or operated by the United States or by any of its departments, officers, or agencies, and any primary care clinic specified in subdivision (a) of Section 1204 that is directly conducted, maintained, or operated by this state or by any of its political subdivisions or districts, or by any city. Nothing in this subdivision precludes the state department from adopting regulations that utilize clinic licensing standards as eligibility criteria for participation in programs funded wholly or partially under Title XVIII or XIX of the federal Social Security Act.

(c) Any clinic conducted, maintained, or operated by a federally recognized Indian tribe or tribal organization, as defined in Section 450 or 1601 of Title 25 of the United States Code, that is located on land recognized as tribal land by the federal government.

An intermittent clinic as described in this subdivision shall, however, meet all other requirements of law, including administrative regulations and requirements, pertaining to fire and life safety.

(k) Nonprofit speech and hearing centers, as defined in Section 1201.5. Any nonprofit speech and hearing clinic desiring an exemption under this subdivision shall make application therefor to the director, who shall grant the exemption to any facility meeting the criteria of Section 1201.5. Notwithstanding the licensure exemption contained in this subdivision, a nonprofit speech and hearing center shall be deemed to be an organized outpatient clinic for purposes of qualifying for reimbursement as a rehabilitation center under the Medi-Cal Act (Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code).

(m) Any clinic, limited to in vivo diagnostic services by magnetic resonance imaging functions or radiological services under the direct and immediate supervision of a physician and surgeon who is licensed to practice in California. This shall not be construed to permit cardiac catheterization or any treatment modality in these clinics.

(n) A clinic operated by an employer or jointly by two or more employers for their employees only, or by a group of employees, or jointly by employees and employers, without profit to the operators thereof or to any other person, for the prevention and treatment of accidental injuries to, and the care of the health of, the employees comprising the group.

in the procedure or application for physicians and surgeons unrelated to the clinic.

For purposes of this subparagraph, a freestanding clinic is defined as “associated” only if more than 20 percent of the directors or trustees of the clinic are also the directors or trustees of any individual clinic or health facility defined under this division, except a clinic exempt from licensure under subdivision (m). Any activity by a clinic under this subdivision in connection with an affiliated or associated entity shall fully comply with the requirements of this subdivision. The report shall also include a description of procedures performed both in clinics governed by this subdivision and those performed in other settings. The cost of preparing the

reports shall be borne by the clinics that are required to submit them to the Legislature pursuant to this paragraph.
