ASSEMBLY BILL

No. 1169

An act to add Section 12815 to the Government Code, relating to public resources.

LEGISLATIVE COUNSEL'S DIGEST

AB 1169, as amended, Gomez. Strategic Growth Council: state funding signs.

Existing law establishes the Strategic Growth Council in state government that consists of various heads of state agencies and certain other members. Existing law requires the council to engage in certain activities, including identifying and reviewing activities and funding programs of member state agencies that may be coordinated to improve air and water quality, improve natural resources protection, increase the availability of affordable housing, improve transportation, meet the goals of the California Global Warming Solutions Act of 2006, encourage sustainable land use planning, and revitalize urban and community centers in a sustainable manner. Existing law provides for the council to award grants and loans to support the planning and development of sustainable communities.

This bill would require recipients of state grant funding from the council or its member state agencies for certain projects to post signs acknowledging the ~~source~~ *sources* of funds for the project pursuant to guidelines adopted by the council. The bill, if a project is funded from state and nonstate sources, would require the state funding ~~source~~ *sources* to be listed first if state funding equals 50% or more of *the* total project costs.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.
