

AMENDED IN ASSEMBLY MARCH 15, 2016
AMENDED IN ASSEMBLY FEBRUARY 22, 2016

CALIFORNIA LEGISLATURE—2015–16 REGULAR SESSION

ASSEMBLY BILL

No. 1654

Introduced by Assembly Member Santiago

January 13, 2016

An act to amend Section 67382 of the Education Code, relating to student safety.

LEGISLATIVE COUNSEL'S DIGEST

AB 1654, as amended, Santiago. Student safety: crime reporting.

The federal Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act) requires eligible institutions of higher education participating in federal student assistance financial grant programs or federal work study programs to collect and annually prepare, publish, and distribute to current students and employees, and to applicants for enrollment or employment upon request, an annual security report containing information with respect to the campus security policies and campus crime statistics of that institution. The federal act further requires that the institutions annually file statistics concerning the occurrence of crimes on campus or on noncampus buildings or property, with the United States Secretary of Education.

The federal Violence Against Women Reauthorization Act of 2013 requires each of these institutions to include in these reports a statement of policy regarding the institution's programs to prevent domestic violence, dating violence, sexual assault, and stalking, and the procedures the institution will follow once an incident of domestic

violence, dating violence, sexual assault, or stalking has been reported, as specified.

Existing law requires the State Auditor, every 3 years, to report the results of an audit of a sample of not less than 6 institutions of postsecondary education that receive federal student aid, to evaluate the accuracy of their statistics and the procedures used by the institutions to identify, gather, and track data for publishing, disseminating, and reporting accurate crime statistics in compliance with the Clery Act and to report the results of those audits to the respective chairs of the Assembly Committee on Higher Education and the Senate Committee on Education.

This bill would require the State Auditor to include in this audit an evaluation of the institutions' compliance with state law governing crime reporting and the development and implementation of student safety policies and procedures.

~~This bill would require the Department of Justice to provide guidance, commencing January 1, 2017, to California's public and private institutions of higher education and systemwide offices of public institutions of higher education regarding compliance with these federal laws. The bill would also require the Department of Justice, commencing July 1, 2017, to provide guidance to and develop model protocols for California's public and private institutions of higher education and systemwide offices of public institutions of higher education regarding student safety state laws.~~

~~Existing law requires the California Postsecondary Education Commission, which has been defunded in recent budget years, to provide on its Internet Web site a link to the Internet Web site of each California institution of higher education that includes on that Web site the institution's criminal statistics information.~~

~~This bill would assign this responsibility to the Department of Justice.~~

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.
